Oregon Wine Country Stories Kenneth Friedenreich,2018-04-09 Just fifty years ago, Oregon had no wine industry of consequence. Today, the state teems with a wine culture that matches the fecundity of its land and the vital spirit of its people. The pioneers who dared that tradition into being, from astrophysicists to cherry farmers to harpsichord makers, stand poised to pass on their legacy to an eager new generation. The bold experimentation of urban wineries now joins the steady contributions of outstanding producers like Bethel Heights, Cerulean Skies, Eyrie and Honeywood. Kenneth Friedenreich, a noted Oregon wine writer and an equally ardent Oregon wine devotee, seizes this moment of transition to probe the state's fascinating oenological frontiers and evaluate the repercussions of the industry's dramatic success. Based on dozens of interviews and even more glasses of wine, this drinking companion volume traverses the full range of Oregon's viticultural areas, providing useful AVA maps, historical photos and extensive winery listings.

The Delta in the Rearview Mirror Di Rushing, 2024-01-25 After graduating from Mississippi State University in 1976, Di Rushing and her husband, Sam, found themselves back on their family farm near Merigold, Mississippi, with 350 acres and no real clue what to do. The couple decided to open the first winery in Mississippi, and with it, a successful business was born. Six years later, a small restaurant joined the Delta winery. Both businesses were thriving by 1990, with eight national award-winning wines, a beautiful vineyard, and a successful restaurant. But in March of 1990, a series of unforeseen events rocked the operation. After the Rushings discovered one of the tour guides, Ray Russell, selling drugs in the winery parking lot, they fired him. He responded with a terrorizing vengeance that persisted over the next nine months. In the early morning hours, the former guide broke into the winery, crept into the wine cellar, and released the entire inventory—nearly a quarter of a million dollars' worth—down the drain. Fortunately, his incompetence thwarted his most destructive intention to blow up the restaurant. In his rampage, he broke all the windows, which allowed the gas from the kitchen oven to escape, sparing the premises. Though the Rushings rebuilt with the help of their community, Russell continued to stalk and threaten the young family. As his menacing behavior continued to escalate, the Rushings closed their business of fourteen years and moved to Ouray, Colorado, where they began rebuilding their lives. Culminating in the sudden, violent murders of Russell, his wife, and his father twenty-five years later, this book tells a story of both shock and resilience, charting Mississippi history in the process. Intertwined with the true crime narrative, *The Delta in the Rearview Mirror: The Life and Death of Mississippi's First Winery* details author Di Rushing's life in and out of Mississippi, including growing up in 1960s Greenville, attending university, traveling overseas, and the relationships she cultivated along the way.
