nomadic sojourns journal, volume 1 J.K. Fowler ,Carlos C.L. Graham, Shaun Randol, Asha Man, Gia Rapasadi, Rachel Signer, Jason Wirth, Eric Anthamatten, Mary K. Ryan, Ashwin Parulkar, 2012-09-15 A movement-themed annual journal with contributors writing from a myriad of fields. This year's topics: the philosophy of walking, psychedelics and consciousness, Kundalini Yoga and consciousness, dance photography, dream and nightmare, a shaman's journey, help, anthropology and Guyana, short fiction in India, classical music, and the hidden movement within literature. From the back cover: Born as dream, as trickle down reveries of sand dunes and parted ways. Of new relations, those past and gone; life of love, death of parting ways. Of wings spread distant, of the omnipresent and illusory hope that something new, something different awaits. Through literature and the subterranean darkened tracks of dream, weaved in tendrils of anthropological stratum and amorphous musical renderings and along pathways worn anew by philosopher's troddings and flickerings of consciousness awakened, nomadic sojourns journal approaches the exploration of movement as child through the vistas of philosophy, literature, music, dream, consciousness, photography, anthropology, poverty, and aid. We are born of movement, seek movement to offer our lives change, require movement to maintain the illusion of sanity, call upon movement to move our bodies through space and time to arrivals. We return. We go. We are composed, and constituent, of movement; we long for it when our capability to achieve it is lost and dream of stillness after having moved too much. The first annual volume of nomadic sojourns journal offers an opening as becoming, as possibility of what may come. And to that, we move. Website:

The History of the Christian Church: Vol.1-8 Philip Schaff,2023-12-11 In *The History of the Christian Church: Vol. 1-8*, Philip Schaff meticulously chronicles the development of Christianity from its inception to the Reformation, offering a comprehensive and analytical survey that spans eight volumes. Schaff's erudite prose melds scholarly rigor with accessibility, guided by a deep commitment to accuracy and objectivity, as he weaves together historical events, theological developments, and cultural contexts that shaped the faith through the ages. His work is framed within the broader narrative of Western civilization, highlighting the interplay between religion and society, while also addressing the varied expressions of Christian faith across denominations and regions. Philip Schaff (1819-1893) was a prominent church historian of Swiss origin whose profound expertise in theology and history was shaped by his own experiences as a pastor and scholar. His multifaceted background—having participated in the founding of institutions such as the American Society of Church History—equipped him with unique insights into both the secular and sacred dimensions of Christian history. Schaff's commitment to ecumenism is evident, as he sought to present an inclusive narrative that transcends denominational divides. This monumental work is an indispensable resource for scholars, students, and lay readers interested in the evolution of Christianity. Schaff's balanced approach makes the complex history accessible, while his meticulous research offers a wealth of knowledge that enriches our understanding of the faith's impact through centuries. For anyone seeking to grasp the intricate tapestry of Christian history, Schaff's volumes stand as a beacon of enlightenment and scholarly authority.

George W.E. Nickelsburg in Perspective, vol. 1 Jacob Neusner,Alan Avery-Peck,2022-11-07 Here we reread George W.E. Nickelsburg's more important articles and encounter afresh some of his books, to criticize them and to attend to his response to the criticism. This set of Auseinandersetzungen thus carries forward the life of learning and debate that yields a rich harvest of scholarship. It pays tribute to a scholar through acts of engaged, critical scholarship, in which specialists reread articles reproduced in these pages and respond to them, with Nickelsburg then joining issue—a protracted engagement, spanning an entire intellectual career and many of its more important moments. Nickelsburg's work not only deserves such rigorous analysis, it also sustains it. On any list of scholars who over the past forty years have defined and cultivated the field of Second Temple Judaism and early Christianity, George Nickelsburg is included at or near the top. Here we present the natural outcome of such a life in the academy: scholars in contention over truth. The print edition is available

Cultures of Eschatology Veronika Wieser, Vincent Eltschinger, Johann Heiss, 2020-07-20 In all religions, in the medieval West as in the East, ideas about the past, the present and the future were shaped by expectations related to the End. The volumes *Cultures of Eschatology* explore the many ways apocalyptic thought and visions of the end intersected with the development of pre-modern religio-political communities, with social changes and with the emergence of new intellectual and literary traditions. The two volumes present a wide variety of case studies from the early Christian communities of Antiquity, through the times of the Islamic invasion and the Crusades and up to modern receptions, from the Latin West to the Byzantine Empire, from South Yemen to the Hidden Lands of Tibetan Buddhism. Examining apocalypticism, messianism and eschatology in medieval Christian, Islamic, Hindu and Buddhist communities, the contributions paint a multi-faceted picture of End-Time scenarios and provide their readers with a broad array of source material from different historical contexts. The first volume, *Empires and Scriptural Authorities*, examines the formation of literary and visual apocalyptic traditions, and the role they played as vehicles for defining a community's religious and political enemies. The second volume, *Time, Death and Afterlife*, focuses on key topics of eschatology: death, judgment, afterlife and the perception of time and its end. It also analyses modern readings and interpretations of eschatological concepts.

Flight to the Top of the World David L. Bristow, 2018-07-01 In his day Walter Wellman (1858–1934) was one of America's most famous men. To his contemporaries, he seemed like a character from a Jules Verne novel. He led five expeditions in

search of the North Pole, two by dogsled and three by dirigible airship, and in 1910 made the first attempt to cross the Atlantic Ocean by air—which the self-styled expert on aerial warfare saw as a mission of world peace. He endured hardships, cheated death on more than one occasion, and surrounded himself with a team of assistants as eccentric and audacious as he was. In addition to his daring adventures, Wellman became a nationally known political reporter and unofficial spokesman for the McKinley and Roosevelt administrations. He was not the first newspaper-sponsored adventurer, but more than any of his predecessors he turned exploration into a real-time media event, and his reputation both flourished and suffered because of it. Wellman lived during a time of rapid social and technological change, when explorers were racing to fill in the last remaining blank spots on the map and when aviation promised to fulfill humanity's greatest hopes and darkest fears. Flight to the Top of the World is a window into Wellman's time and illuminates many of its dreams and contradictions.

Cyborg Saints Carissa Smith,2019-09-02 Saints are currently undergoing a resurrection in middle grade and young adult fiction, as recent prominent novels by Socorro Acioli, Julie Berry, Adam Gidwitz, Rachel Hartman, Merrie Haskell, Gene Luen Yang, and others demonstrate. Cyborg Saints: Religion and Posthumanism in Middle Grade and Young Adult Fiction makes the radical claim that these holy medieval figures are actually the new cyborgs in that they dethrone the autonomous subject of humanist modernity. While young people navigate political and personal forces, as well as technologies, that threaten to fragment and thingify them, saints show that agency is still possible outside of the humanist construct of subjectivity. The saints of these neomedievalist novels, through living a life vulnerable to the other, attain a distributed agency that accomplishes miracles through bodies and places and things (relics, icons, pilgrimage sites, and ultimately the hagiographic text and its reader) spread across time. Cyborg Saints analyzes MG and YA fiction through the triple lens of posthumanism, neomedievalism, and postsecularism. Cyborg Saints charts new ground in joining religion and posthumanism to represent the creativity and diversity of young people's fiction.

Selling EthniCity Olaf Kaltmeier,2016-04-01 Bringing together a multidisciplinary team of scholars, this book explores the importance of ethnicity and cultural economy in the post-Fordist city in the Americas. It argues that cultural, political and economic elites make use of cultural and ethnic elements in city planning and architecture in order to construct a unique image of a particular city and demonstrates how the use of ethnicized cultural production - such as urban branding based on local identities - by the economic elite raises issues of considerable concern in terms of local identities, as it deploys a practical logic of capital exchange that can overcome forms of cultural resistance and strengthen the hegemonic colonization of everyday life. At the same time, it shows how ethnic communities are able to use ethnic labelling of cultural production, ethnic economy or ethno-tourism facilities in order to change living conditions and to empower its members in ways

previously impossible. Of wide ranging interest across academic disciplines, this book will be a useful contribution to Inter-American studies.

LUTHER (Vol. 1-6) Hartmann Grisar, 2020-07-15 Luther is a six volume biography of Martin Luther, German professor of theology and the Church reformer, famous for his Ninety-five Theses of 1517 and recognized as a seminal figure in the Protestant Reformation. The aim of the work was to present accurate historical and psychological portrait of Luther's personality, which is still a mystery from many points of view. While presenting Luther's psychological picture the author chooses to do so in Luther's own words, analyzing his writings and letters. Analyzing Luther's writings he opts not to write about Luther's teachings and the history of dogma, but reaches deeper in his endeavor to supply an exact portrayal of Luther as a whole, which should emphasize various aspects of his mind and character.
