Joseph Martos, Pierre Hégy

The IVP Women's Bible Commentary Catherine Clark Kroeger, Mary J. Evans, 2002 This commentary edited by Catherine Clark Kroeger and Mary Evans is an attempt to answer the question, What happens when we look at Scripture through women's eyes? New and helpful insights from an international team of scholars show how Scripture is relevant to women and men alike, making it a wonderful complement to other commentaries.

Equal at the Creation Joseph Martos, Pierre Hégy, 1998-01-01 As an unabashedly sexist institution that has long been rooted in patriarchal ideals, the Christian church has few . Written by recognized experts in church history, the articles in this book take a close look at women's status in key periods.

"The Poor, the Crippled, the Blind, and the Lame" Louise A. Gosbell, 2018-08-03 The New Testament gospels feature numerous social exchanges between Jesus and people with various physical and sensory disabilities. Despite this, traditional biblical scholarship has not seen these people as agents in their own right but existing only to highlight the actions of Jesus as a miracle worker. In this study, Louise A. Gosbell uses disability as a lens through which to explore a number of these passages anew. Using the cultural model of disability as the theoretical basis, she explores the way that the gospel writers, as with other writers of the ancient world, used the language of disability as a means of understanding, organising, and interpreting the experiences of humanity. Her investigation highlights the ways in which the gospel writers reinforce and reflect, as well as subvert, culturally-driven constructions of disability in the ancient world.

The Galilean Wonderworker Ian G. Wallis, 2020-06-19 What are the origins of Jesus' reputation for healings and exorcisms? Few questions in Jesus studies are more hotly contested or elicit more diverse responses. Adopting an interdisciplinary approach and in dialogue with recent scholarly literature, *The Galilean Wonderworker* offers a compelling account. Recognizing the reciprocal relationship between personal and communal well-being within Israelite faith, this study offers new insights into how sickness and healing were understood in first-century Palestine. This, in turn, supplies the backcloth for a fresh evaluation of the evidence for Jesus' healings and exorcisms, where the emphasis falls firmly upon the dynamics of personal encounter. Jesus emerges as a spirit-person, capable of engendering faith and exercising authority to the extent that sufferers experienced liberation from debilitating symptoms and oppressive behaviors, many of which reflected contemporary sociopolitical conditions. Further, by vesting theological significance in these outcomes, they

simultaneously constituted manifestations of God's sovereign presence, signaling restoration of covenantal well-being. Acknowledging that Jesus expected his disciples to heal and exorcize, the investigation concludes with an overview of how this legacy was embraced by the early church—noting how exorcism becomes incorporated into Christian initiation while spiritual healing, though continuing, is eclipsed by pastoral care and conventional medical practice.

Jesus in Context Bruce D. Chilton, Craig A. Evans, 2018-12-10 The Proclamation of Jesus seeks to place Jesus in the context of first-century Palestinian Judaism. The authors hope to discern the essence of his preaching, his concept of the kingdom of God, and the place of purity in his teaching and activities. Better methods for assessing not simply the authenticity of reported sayings and deeds, but for tracing the development of tradition are considered. The authors are convinced that most of the Synoptic tradition is authentic, but that much of it has been reinterpreted and recontextualized. Herein lies the real challenge for those investigating the historical Jesus. The Proclamation of Jesus opens up new avenues of study and makes new proposals for understanding Jesus in the context of his place and time.

About Sieves and Sieving Barbara Baert, 2019-04-15 The sieve exhibits a wide-ranging symbolism that extends across art history, philosophy, anthropology, psychoanalysis, and gender studies. Barbara Baert looks at the sieve from an interdisciplinary perspective and from four different innovative methodological angles: as motif and symbol, as technique and as paradigm. The sieve as motif goes back to Roman stories the Vestal Virgins. In later times, their impermeable sieve, which - according to legend - they used to fetch water from the River Tiber, was iconographically transferred to Elisabeth I as a sign of her integrity. Furthermore, the long durée life of sieves as symbolic-technical utilitarian object is investigated: in examples from the Jewish folklore, the Berber culture, and ancient Egypt.
