The Shadows: Chapter Sampler Alex North,2020-06-16 An excerpt from The Shadows, the haunting new thriller from Alex North, author of the New York Times bestseller The Whisper Man You knew a teenager like Charlie Crabtree. A dark imagination, a sinister smile--always on the outside of the group. Some part of you suspected he might be capable of doing something awful. Twenty-five years ago, Crabtree did just that, committing a murder so shocking that it's attracted that strange kind of infamy that only exists on the darkest corners of the internet--and inspired more than one copycat. Paul Adams remembers the case all too well: Crabtree--and his victim--were Paul's friends. Paul has slowly put his life back together. But now his mother, old and suffering from dementia, has taken a turn for the worse. Though every inch of him resists, it is time to come home. It's not long before things start to go wrong. Paul learns that Detective Amanda Beck is investigating another copycat that has struck in the nearby town of Featherbank. His mother is distressed, insistent that there's something in the house. And someone is following him. Which reminds him of the most unsettling thing about that awful day twenty-five years ago. It wasn't just the murder. It was the fact that afterward, Charlie Crabtree was never seen again...

Film as Embodied Art Maarten Coëgnarts,2019-12-17 How do the films of Kubrick communicate mental events of characters in a purely visual manner? And how does the music in his films express meaning when music in essence is an abstract and non-representational art form? Drawing on state-of-the-art discoveries within embodied cognitive science, this book sets out to address these and other questions by revealing Kubrick as a genuine artist of embodied meaning-making, a filmmaker who perhaps more than any other director, uses all the resources of filmmaking in such a controlled and dense manner as to elicit the embodied tools necessary to achieve a level of conceptual clarity.

Listening to Stanley Kubrick Christine Lee Gengaro, 2013 The musical scores of Stanley Kubrick's films are often praised as being innovative and forward-looking. Despite playing such an important part in his productions, however, the ways in which Kubrick used music to great effect is still somewhat mysterious to many viewers. Although some viewers may know a little about the music in 2001 or A Clockwork Orange, few are aware of the particulars behind the music in Kubrick's other films. In *Listening to Stanley Kubrick: The Music in His Films*, Christine Lee Gengaro provides an in-depth exploration

of the music that was composed for Kubrick's films and places the pre-existent music he utilized into historical context. Gengaro discusses the music in every single work, from Kubrick's first films, including the documentary shorts *The Flying Padre* and *Day of the Fight*, through all of his feature films, from *Fear and Desire* to *Eyes Wide Shut*. No film is left out; no cue is ignored. Besides closely examining the scores composed by Gerald Fried for Kubrick's early works, Gengaro pays particular attention to five of the director's most provocative and acclaimed films--*2001: A Space Odyssey*, *A Clockwork Orange*, *Barry Lyndon*, *The Shining*, and *Eyes Wide Shut*. For each film, she engages the reader by explaining how the music was excerpted (and changed, in some cases), and how the historical facts about a musical piece add layers of meaning--sometimes unintended--to the films. Meant for film lovers, music lovers, and scholars, *Listening to Stanley Kubrick* is a thoroughly researched examination into the musical elements of one of cinema's most brilliant artists. Appropriate for a cinema studies or music classroom, this volume will also appeal to any fan of Kubrick's films.

The Sound inside the Silence Seán Street, 2019-06-26 In this poetic exploration of the auditory imagination, the third in his series on sonic aesthetics, Seán Street peoples silence with sound, travelling through time and space to the distant past, the infinite future and the shadow lands of the inner psyche. Our mind is a canvas on which the colours of the sound world leave permanent impressions. It is the root of all listening.

Love's Unforgettable Flame Elizabeth H. Franklin, 2024-06-24 1808 Middlesex England... Alexander Tennyson's interests lay in making his family's English countryside thoroughbred farm a financial success. Alex's tall, athletic build, coupled with his charming, easygoing demeanor and handsome good looks, made him the target of many husband hunting pursuits by debutantes and their mothers of the London ton. Sarah Masters, a free spirited, tall, blue eyed American southern beauty followed the voice of her heart to find her happiness. She had an unusual inner instinct that fed her faith in herself and her decisions. The two met while attending a summer event in Georgia. Their attraction was intense and instant. Alex had never met such an unusually genuine woman. Beyond her physical beauty, she possessed a zest for life and a depth to love unlike any woman he had ever met. Sarah was equally taken with Alex. He possessed a warmth and strength that made her feel safe and cherished. Sarah followed the voice of her heart and gave herself to him, believing in their future together. Alas, what Alex thought was a short-term harmless deception on his part, resulted in Sarah slipping away without a trace and set into motion a series of events that resulted in life-altering changes for both of them. Alex never stopped loving Sarah. After six years, he came to learn of her fate when she gave him an unimaginable gift on her deathbed; a present that reminded him of her every day. One year later, Alex's father discovers a squatter living in an abandoned shanty on their English estate. The stranger's emergence from the shadows not only provides the key to several mysteries and alerts the

family to impending danger, but ignites an unforgettable flame Alex thought he would never feel the heat of again.

Hunt for the Shadow Wolf Derek Gow, 2024-03-07 Longlisted for the James Cropper Wainwright Prize 2024 for Nature Writing Terrific, life-lit moments come howling out of *Hunt for the Shadow Wolf*.—The Telegraph One of the most remarkable figures in British conservation.—The Observer There have been several books on the fate of British wolves, but this is the best.—The Spectator [Derek Gow is] a wry, profane truth teller who is equal parts yeoman farmer, historical ecologist, and pirate.—Ben Goldfarb, author of *Eager and Crossings* Renowned rewilder Derek Gow has a dream: that one day we will see the return of the wolf to Britain as it has already returned elsewhere. As Derek worked to reintroduce the beaver, he began to hear stories of the wolf, both real and mythical, and his fascination with this creature grew. With increasing curiosity, Derek started to piece together fragments of information, stories and artefacts to reveal a shadowy creature that first walked proud through these lands and then was hunted to extinction as coexistence turned to fear, hatred – and domination. What Derek came to realize was that the underlying motives behind our hatred were actually far more prosaic and, like most persecutions, to do with power and profit. We turned the wolf into a savage beast and saw its extirpation as a civilizing mission. But the wolf survived far longer than many thought and Derek tells of his sightings of the wolf through folklore and mythology, the records of grand estates and parish churches as well as wolf heads, both real and recreated. With bitingly funny but also tender stories, *Hunt for the Shadow Wolf* is Derek's quest to uncover the true nature of this creature because, as we seek to heal our landscape, we must reconcile our relationship with it. Before we can even begin to bring the wolf back, we need to understand it. I have loved this chase dearly and though what unfolds might be an ending of sorts, I have no intention to let this hunt cease.—Derek Gow, from *Hunt for the Shadow Wolf* Beautifully crafted, fascinating and unbearably poignant, I totally loved this book.—Isabella Tree, author of *Wilding* Gow reinvents what it means to be a guardian of the countryside.—The Guardian
