The King Must Die Mary Renault, 1958

The King Must Die Mary Renault, 2013-09-10 New York Times Bestseller: This retelling of the Greek myth of Theseus, king of Athens, is “one of the truly fine historical novels of modern times” (The New York Times). In myth, Theseus was the slayer of the child-devouring Minotaur in Crete. What the founder-hero might have been in real life is another question, brilliantly explored in *The King Must Die*. Drawing on modern scholarship and archaeological findings at Knossos, Mary Renault’s Theseus is an utterly lifelike figure—a king of immense charisma, whose boundless strivings flow from strength and weakness—but also one steered by implacable prophecy. The story follows Theseus’s adventures from Troizen to Eleusis, where the death in the book’s title is to take place, and from Athens to Crete, where he learns to jump bulls and is named king of the victims. Richly imbued with the spirit of its time, this is a page-turner as well as a daring act of imagination. Renault’s story of Theseus continues with the sequel *The Bull from the Sea*. This ebook features an illustrated biography of Mary Renault including rare images of the author.

The King Must Die Mary Renault, 2015-03-05 'Mary Renault's portraits of the ancient world are fierce, complex and eloquent, infused at every turn with her life-long passion for the Classics' Madeline Miller, bestselling author of *Circe* The true parentage of Theseus, grandson of the King of Troizen, has always been shrouded in mystery. Rumours swirl that his father is Poseidon himself. But when he learns the truth - that he is the son and heir of Aegeus, King of Athens - Theseus sets out on a quest to claim his birthright. But his journey is a perilous one, from encounters with bandits to marriage to the Queen of Eleusis, whose consort is sacrificed each year - and, finally, to the labyrinthine palace of King Minos on Crete. There Theseus must enlist the help of high priestess Ariadne in a daring plan to slay the Minotaur - and free his people. Thrilling, immersive and gorgeously told, Mary Renault's classic novel is a unforgettable reimagining of the timeless Greek

myth. 'Mary Renault is a shining light to both historical novelists and their readers' Hilary Mantel, bestselling author of Wolf Hall 'This brilliant retelling of the story of Theseus, the king of Athens, brings Greek mythology vividly to life and remains one of the truly fine historical novels of modern times' New York Times

A Reader's Guide to the Narrative and Lyric Poetry of Thomas Lovell Beddoes Rodney Edgecombe, 2015-10-05 Beddoes poses a peculiar problem for critics and scholars who wish to redress the marginal position that he occupies in the Romantic canon - a problem seemingly unique to him, and created in part by his misconception of his own strengths as a writer. An extremely good poet who, had things turned out differently, might have functioned as a missing link between Keats and Tennyson, he fatally divided his attention between verse and medicine, a discipline that by his own admission (made in the poem composed for Zoë King) served to wither his creative gift. This fission of energy was bad enough, but more damaging still was his misconception of metier, for whatever mental resources remained to Beddoes after gruelling days in the classroom he invested in writing an unstageable drama instead of in his primary gift for lyric verse. Whereas the Beddoes revival that has been gathering momentum in recent years has centred on *Death's Jest-Book*, the play onto which the poet directed - some might say 'misdirected' - so much of his creative energy, this study focuses wholly on his lyric and narrative verse, much of which has received short critical shrift. It follows the sequence of poems set out in the Donner edition, and focuses on their verbal richness and inventiveness as they unspool upon the page.

Santa Claus, Last of the Wild Men Phyllis Siefker, 2006-12-11 Much of the modern-day vision of Santa Claus is owed to the Clement Moore poem *The Night Before Christmas*. His description of Saint Nicholas personified the jolly old elf known to millions of children throughout the world. However, far from being the offshoot of Saint Nicholas of Turkey, Santa Claus is the last of a long line of what scholars call Wild Men who were worshipped in ancient European fertility rites and came to

America through Pennsylvania's Germans. This pagan creature is described from prehistoric times through his various forms--Robin Hood, The Fool, Harlequin, Satan and Robin Goodfellow--into today's carnival and Christmas scenes. In this thoroughly researched work, the origins of Santa Claus are found to stretch back over 50,000 years, jolting the foundation of Christian myths about the jolly old elf.

The Many Lives & Secret Sorrows of Josephine B Sandra Gulland,1999-08-03 Passion intertwines with fate in this riveting and historically rich novel about the journey of a woman from poverty to ultimate power in Revolution-era France. In this first of three books inspired by the life of Josephine Bonaparte, Sandra Gulland has created a novel of immense and magical proportions. We meet Josephine in the exotic and lush Martinico, where an old island woman predicts that one day she will be queen. The journey from the remote village of her birth to the height of European elegance is long, but Josephine's fortune proves to be true. By way of fictionalized diary entries, we traverse her early years as she marries her one true love, bears his children, and is left betrayed, widowed, and penniless. It is Josephine's extraordinary charm, cunning, and will to survive that catapults her to the heart of society, where she meets Napoleon, whose destiny will prove to be irrevocably intertwined with hers.

The History of Antiquity (Vol. 1-6) Max Duncker,2023-12-18 Max Duncker's *The History of Antiquity (Vol. 1-6)* is a seminal work that meticulously charts the evolution of ancient civilizations, delving into the rich tapestry of cultural, social, and political developments from their emergence to their decline. Through an erudite literary style characterized by a blend of narrative and analysis, Duncker not only chronicled events but offered insightful interpretations that reflect the prevailing historical methodologies of the 19th century. Enriched with exhaustive research, the six volumes present a comprehensive examination of the interconnectedness of societies, which marks its significance in historical scholarship during an era increasingly influenced by the emergence of modern historiography. Max Duncker, a German historian born in 1811, was deeply influenced by the intellectual climate of his time, where the study of history was gaining traction as an academic discipline. His thorough education and exposure to classical literature and philosophy shaped his analytical perspective. Understanding the significance of antiquity in shaping modern thought motivated Duncker to produce a work that bridged past and present, reflecting his commitment to academic rigor and narrative clarity. This monumental work is highly recommended for those with an interest in classical studies, historiography, or the foundations of Western civilization. Duncker's ability to synthesize vast swathes of information with clarity and depth makes *The History of Antiquity* an essential read for historians, students, and anyone captivated by the complexities of human history.

In Search of the Labyrinth Nicoletta Momigliano,2020-09-03 Shortlisted for the European Association of Archaeologies 2023 book prize *In Search of the Labyrinth* explores the enduring cultural legacy of Minoan Crete by offering an overview of Minoan archaeology and modern responses to it in literature, the visual and performing arts, and other cultural practices.

The focus is on the twentieth century, and on responses that involve a clear engagement with the material culture of Minoan Crete, not just with mythological narratives in Classical sources, as illustrated by the works of novelists, poets, avant-garde artists, couturiers, musicians, philosophers, architects, film directors, and even psychoanalysts – from Sigmund Freud and Marcel Proust to D.H. Lawrence, Cecil Day-Lewis, Oswald Spengler, Nikos Kazantzakis, Robert Graves, André Gide, Mary Renault, Christa Wolf, Don DeLillo, Rhea Galanaki, Léon Bakst, Marc Chagall, Mariano Fortuny, Robert Wise, Martin Heidegger, Karl Lagerfeld, and Harrison Birtwistle, among many others. The volume also explores the fascination with things Minoan in antiquity and in the present millennium: from Minoan-inspired motifs decorating pottery of the Greek Early Iron Age, to uses of the Minoans in twenty-first-century music, poetry, fashion, and other media.
