*Recollections of a Provincial Past* Domingo Faustino Sarmiento, 2005 Domingo Faustino Sarmiento (1811-1888) was Argentina's leading writer, educator, and politician of the nineteenth century, and served as President from 1868 to 1874. Of his several autobiographies, the best-known *Recollections of a Provincial Past* is one of the indisputable classics of Spanish American literature, as well as one of the earliest autobiographies written in the Americas in Spanish. Written in exile in 1850, the memoirs describe his childhood and adolescence in an Andean province whose customs were still those of a colony. Sarmiento presents his life as the triumph of civilization over barbarism; looking back on his youth, he measures his wealth and strength by the accumulation of enriching personal and political experiences. He compares himself to the newly independent Argentina, claiming to be a historically representative individual whose trajectory serves to illuminate contemporary South America.

Park, Tenement, Slaughterhouse Antonio Carbone, 2022-04-13 Welche Wahrnehmungen und Vorstellungen von ihrer Stadt hatte die Oberschicht im späten 19. Jahrhundert? Antonio Carbone zeigt dies exemplarisch am Beispiel von Buenos Aires, wo sich – an einem Wendepunkt der Geschichte des modernen Argentinien und der globalen Stadtgeschichte – nach dramatischen Cholera- und Gelbfieberepidemien eine breite Diskussion um die »Krise des Urbanen« entzündete, die zu einer partiellen Umgestaltung der Stadt führte. In seiner Kultur-, Sozial-, Global- und Umweltgeschichte nimmt er besonders drei urbane Brennpunkte in den Blick: die industriellen Schlachthöfe, die von Migrant\_innen bewohnten Mietshäuser und einen Park im Stadtteil Palermo.

**Culturas y mercados de la ficción televisiva en Iberoamérica** Lorenzo Vilches, 2022-11-15 El Anuario OBITEL 2007 ofrece un estudio sistemático sobre los diferentes ámbitos de la producción y programación de ficción para televisión en el ámbito regional, nacional e internacional en Iberoamérica. El mercado iberoamericano de hoy tiene un peso económico y cultural que, más allá de la lengua, conforma un espacio imaginario común basado en formatos y contenidos nacionales de amplia circulación internacional. Los escenarios de la ficción, sus historias y personajes se relacionan preferentemente con la cultura urbana: en Colombia, la ciudad y el narcotráfico; en México, la presencia en los guiones de la política nacional en la manipulación electoral, o el ajuste de cuentas narrativo con la última dictadura militar en Argentina. En Brasil y Chile, los fragmentos narrativos de las historias y escenarios también están secretamente regulados por la realidad social. La ficción que se puede ver en Latinoamérica, Portugal, España y el mundo hispano de Estados Unidos ofrece un mínimo de mediación entre las historias locales y el ciclo histórico que se está viviendo en ambos lados del Atlántico. Este libro muestra que la ficción iberoamericana no se agota en la mercancía, siendo como es un producto estratégico para la cuenta de resultados de las televisiones, porque las historias y personajes de la ficción que se asoman en las diferentes televisiones nivelan todos los dispositivos narrativos en una misma identidad. Los coordinadores científicos de este volumen son Maria Immacolata Vasallo de Lopes y Lorenzo Vilches. Coordinadores nacionales: Isabel Ferin (Portugal), Valerio Fuenzalida (Chile), Tomás López-Pumarejo (EE.UU.), Nora Mazziotti (Argentina), Guillermo Orozco (México), Omar Rincón (Colombia), Maria Immacolata Vasallo de Lopez (Brasil) y Lorenzo Vilches (España).

**Tocqueville en el fin del mundo** Gabriela Rodríguez Rial, 2022-02-21 ¿Por qué Tocqueville? Porque aquí, en los confines del mundo, en el extremo Sur del continente americano, en el siglo XIX, cuando el acceso a las comunicaciones y las novedades literarias era más veloz que en los siglos anteriores pero tenía un ritmo lento para los estándares contemporáneos, un grupo de sudamericanos quiso pensar y cambiar su propio mundo político, nutriéndose de las enseñanzas del autor de La Democracia en América. Y casi dos siglos después de ese momento, en la segunda década del siglo XXI, Tocqueville sigue diciéndonos mucho de la fenomenología de las sociedades democráticas modernas, de sus contradicciones internas, de sus potencialidades, de sus promesas incumplidas y de sus sueños posibles. Tocqueville en el fin del mundo. La Generación de 1837 y la Ciencia Política argentina es el relato de un enamoramiento intelectual, que permite el encuentro entre el pensamiento y la acción para comprender y transformar la realidad socio-política. Por un lado, se

relaciona el abordaje tocquevilliano de la democracia como estado social con el análisis de la sociabilidad argentina que realizan algunas figuras representativas de la Generación de 1837 (Sarmiento, Alberdi, Mitre, López, Gutiérrez, Frías y Echeverría), lo que servirá de punto de partida para la elaboración de su proyecto político. Por el otro, se muestra a la ciencia política como una disciplina anfibia, teórica y empírica, capaz de abordar los fenómenos nuevos audacia, pasión, creatividad, compromiso y responsabilidad.

Politics of Temporalization Nadia R. Altschul, 2020-05-22 A postcolonial study of the conceptualization of nineteenth- and twentieth-century Latin America as medieval and oriental If Spain and Portugal were perceived as backward in the nineteenth century—still tainted, in the minds of European writers and thinkers, by more than a whiff of the medieval and Moorish—Ibero-America lagged even further behind. Originally colonized in the late fifteenth century, Chile, Argentina, and Brazil were characterized by European travelers and South American elites alike as both feudal and oriental, as if they retained an oriental-Moorish character due to the centuries-long presence of Islam in the Iberian Peninsula. So, Nadia R. Altschul observes, the Scottish metropolitan writer Maria Graham (1785-1842) depicted the Chile in which she found herself stranded after the death of her sea captain husband as a premodern, precapitalist, and orientalized place that could only benefit from the free trade imperialism of the British. Domingo F. Sarmiento (1811-1888), the most influential Latin American writer and statesman of his day, conceived of his own Euro-American creole class as medieval in such works as *Civilization and Barbarism: The Life of Juan Facundo Quiroga* (1845) and *Recollections of a Provincial Past* (1850), and wrote of the inherited Moorish character of Spanish America in his 1883 *Conflict and Harmony of the Races in America*. Moving forward into the first half of the twentieth century, Altschul explores the oriental character that Gilberto Freyre assigned to Portuguese colonization in his *The Masters and the Slaves* (1933), in which he postulated the Mozarabic essence of Brazil. In *Politics of Temporalization*, Altschul examines the case of South America to ask more broadly what is at stake—what is harmed, what is excused—when the present is temporalized, when elements of the now are characterized as belonging to, and consequently imposed upon, a constructed and othered past.

**AI and Emotions in Digital Society** Scribano, Adrian, Korstanje, Maximiliano E., 2023-12-18 In the rapidly evolving realm of Artificial Intelligence (AI) and digital technologies, a pressing issue confronts academic scholars and social

scientists—the profound consequences of AI adoption within the intricate structures of society. In this transformative book, readers embark on an intellectual journey exploring the intricate interplay between society, technology, and emotions. Drawing together high-quality chapters from diverse disciplines and cultural backgrounds, the book fosters critical discussions that delve into the philosophical quandaries underpinning AI's influence, especially within the context of our ever-changing world. By adopting a balanced perspective that acknowledges both risks and opportunities, the book equips postgraduate students, professionals, policymakers, AI analysts, and social scientists with the tools to comprehend the far-reaching effects of AI on human behavior, institutions, and democratic processes. As readers engage with this thought-provoking content, they gain profound insights into how AI impacts various sectors, including education, travel, literature, politics, and cyber-security. *AI and Emotions in Digital Society* serves as an indispensable resource for navigating the ongoing AI revolution, inspiring informed decision-making, and fostering critical dialogue. By empowering readers to grasp the complexities of AI's role in a new cosmopolitan capitalism, the book opens possibilities for a future where humanity and technology harmoniously coexist, shaping the course of our digitally interconnected society.

**An American Teacher in Argentina** Julyan G. Peard, 2016-07-27 *An American Teacher in Argentina* tells the story of Mary E. Gorman who in 1869 was the first North American woman to accept President Domingo F. Sarmiento's invitation to set up normal schools in Argentina, where she eventually settled. An ordinary historical actor whose life only sometimes enters the historical record, she moved along the fault lines of some of the greatest historical dramas and changes in nineteenth-century US and Argentine history: she was a pioneering child on the US-Indian frontier; she participated in the push for US women's education; she was a single woman traveler at a time when few women traveled alone; she was a player in an Argentine attempt to expand common school education; and a beneficiary of the great primary products export boom in the second half of nineteenth-century Argentina, and thus well positioned to enjoy the country's Belle Époque. The book is not a straightforward, biographical narrative of a woman's life. It charts a life, but, more important, it charts the evolving ideas in a life lived mostly among people pushing boundaries in pursuit of what they considered progress. What emerges is a quintessentially transnational life story that engages with themes of gender, education, religion, contact with indigenous peoples in both the US and Argentina, natural history, and economic and political change in Argentina in the second half of the nineteenth century. Because the book tells a good story about one woman's rich and eventful life, it will also appeal to an audience beyond academe.
