**Mary Higgins Clark** Linda De Roche, 2011-03-21 This incisive exploration probes the relationship between the novels of bestselling author Mary Higgins Clark and the key events and influences of her life. In her 2002 memoir, *Kitchen Privileges*, Mary Higgins Clark shared the details of her life with her readers, but she offered little significant reflection on those details. For that, readers must look to her fiction, where her themes, characters, and subjects suggest her responses to her life experiences. *Mary Higgins Clark: Life and Letters* provides readers with an analysis of these connections in a volume that should increase their understanding—and appreciation—of the author and her work. Focusing on subjects associated with the literary elements of representative Clark novels, Linda De Roche explores the relationship between the life of this bestselling author and the books that have won her legions of fans for more than a quarter century. Themes and issues woven into Clark's fiction—such as the role of the past in people's lives, repercussions of violence, and the concept of identity—are considered, while close critical readings uncover psychological, feminist, and sociopolitical interpretations that will delight fans and inform scholars.

Each entry provides a brief quotation that gives some indication of writing style; a biographical sketch; lists of major works and awards; and research sources, including websites, biographies, criticism, and research guides. There are also read-alikes for selected authors. Of special note is the inclusion of websites and other online resources, such as blogs and social networking sites, which are often overlooked in author-reference sources. *Where Are the Children Now?* Mary Higgins Clark, Alafair Burke, 2023-04-18 The legacy of the “Queen of Suspense” continues with the highly anticipated follow-up to Mary Higgins Clark’s iconic novel *Where Are the Children?*, featuring the children of Nancy Harmon, facing peril once again as adults. Of the fifty-six bestsellers the “Queen of Suspense” Mary Higgins Clark published in her lifetime, *Where Are the Children?* was her biggest, selling millions of copies and forever transforming the genre of suspense fiction. In that story, a young California mother named Nancy Harmon was convicted of murdering her two children. Though released on a technicality, she was abandoned by her husband and became such a pariah in the media that she was forced to move across the country to Cape Cod, change her identity and appearance, and start a new life. Years later her two children from a second marriage, Mike and Melissa, would go missing, and Nancy yet again became the prime suspect—but this time, Nancy was able to confront the secrets buried in her past and rescue her kids from a dangerous predator. Now, more than four decades since readers first met Nancy and her children, comes the thrilling sequel to the groundbreaking book that set the stage for future generations of psychological suspense novels. A lawyer turned successful podcaster, Melissa has recently married a man whose first wife died tragically, leaving him and their young daughter, Riley, behind. While Melissa and her brother, Mike, help their mom, Nancy, relocate from Cape Cod to the equally idyllic Hamptons, Melissa’s new stepdaughter goes missing. Drawing on the experience of their own abduction, Melissa and Mike race to find Riley to save her from the trauma they still struggle with—or worse. Just like the original, *Where Are the Children Now?* keeps you guessing and holding your breath until the very last page.

I HEARD THAT SONG BEFORE Mary Higgins Clark, 2011-11-29 When Kay Lansing marries wealthy widower Peter Carrington, she is well aware of the rumours surrounding the mysterious death of Peter's first wife Grace, who was found floating in the family pool ten years ago, pregnant at the time. Kay also discovers that Peter is a chronic sleepwalker who suffers from periodic nightmares. When the police arrive at her doorstep with a warrant for Peter's arrest in connection with another murder - that of a woman Peter had escorted to a high school senior prom twenty-two years ago - Kay begins to fear

that she has married a sleepwalking murderer, and she resolves to find out the truth behind the puzzling deaths. But are the two deaths linked? And why does a melody that Kay cannot identify keep playing in her head every time she approaches the family chapel?

*No Place Like Home* Mary Higgins Clark, 2011-11-29 Liza Barclay, aged 10, shot her mother while trying to protect her from her violent stepfather, ex-FBI agent Charley Foster. Despite her stepfather's claim that it was a deliberate act, the Juvenile Court ruled the death an accident. Many people, however, agreed with Foster and tabloids compared Liza to the infamous murderess, Lizzie Borden, pointing even to the similarity in name. Growing up with adoptive parents who tried to erase every trace of her past, her name is changed to Celia. Always, though, the fear hung over her and the family - that someday, her vengeful stepfather would reappear to harm her. Aged 25, a successful interior designer, she marries a childless sixty-year old widower and they have a son. Before their marriage, she had confided her earlier life to her husband. Two years on, on his deathbed, he tells her that he would want her to re-marry, but makes her swear never to reveal her past to anyone, so that their son would not carry the burden of this family tragedy - a promise that plunges her into a new cycle of violence. Three years later, happily re-married, Celia is shocked when her second husband presents her with a gift -- the house where she killed her mother. When the real estate agent who has made the sale recognises her and, soon after, is murdered, Celia is accused of the crime. Once again, she is home -- the place where she is stamped as a murderess.
