

Mensch In Der Revolte

Adolf Portmann,Rudolf Ritsema

Dict Philos Terms Germ-Eng V1 Phillip Herdina,2013-01-11 Available on its own, or as part of a two-volume set, this German-English dictionary is the first comprehensive work in the field and an indispensable companion for students, academics, translators and linguists concerned with almost any area of philosophy.

Perspektiven der Philosophie ,2016-09-12

Perspektiven der Philosophie Georges Goedert,Martina Scherbel,2018-11-29 Perspektiven der Philosophie. Neues Jahrbuch eröffnet Forschern, denen die philosophische Begründung des Denkens wichtig ist, eine Publikationsmöglichkeit. Wir verstehen uns nicht als Schulorgan einer philosophischen Lehrmeinung, sondern sehen unsere Aufgabe darin, an der Intensivierung des wissenschaftlichen Philosophierens mitzuwirken. Besonders fordern wir den wissenschaftlichen Nachwuchs und laden ihn zur Mitarbeit ein. Beitragende sind Jutta Georg, Georges Goedert, Christina Kast, Salvatore Lavecchia, Cordelia Mühlenbeck, Peter Nickl, Rebecca Paimann, Leonhard G. Richter, Tina Röck, Alfred Rohloff, Werner Schmitt, Harald Seubert, Thorsten Streubel und Andreas Woyke.

Karl Jaspers Kurt Salamun,2022-12-14 This book paints a brief picture of Karl Jaspers' unusual life and philosophy. The reader gets to know a brave personality who had to face a life between extremes. Threatened by an incurable disease and harassed by the Nazi regime, Jaspers nevertheless succeeds in building a fruitful work as a psychiatrist, researcher, academic teacher, philosopher and political writer and living an unusually happy marriage in the process. The reader is introduced to the main themes of his thinking: the meaning of life in borderline situations, interpersonal communication, God, the meaning of history and the defense of democracy. His criticism of illiberal totalitarian ways of thinking,

The New Boss Niklas Luhmann,2018-10-22 Any organization, no matter how stolid, may be unsettled by the news that a new boss is about to take over. Talk in the hallways increases, staff worry about their jobs, uncertainty grows. Even when the change has happened, problems emerge when the boss who was hired to manage "from above" has to learn about the organization "from below." In this book, Niklas Luhmann scrutinizes the relationship and shows how it is stretched to its limit by communication difficulties, demands for self-presentation, and disagreements concerning fundamental values. Many of the tensions crystallize around the question "who has the power?" It isn't necessarily the boss, provided the employees are well versed in the art of directing their superiors. "Subterfision" is Luhmann's term for this state of affairs, and tact is the most

important means to this end. Yet caution is advised: whoever achieves mastery in subterfuge may well become the new boss. This slim and thought-provoking book from one of the most influential sociologists of the twentieth century will be of great interest to anyone seeking to understand the dynamics and machinations of the workplace.

Bildungs- und Kulturmanagement- the Management of Education and Culture Gerd-Bodo von Carlsburg,2008

Dieser Band dokumentiert eine Reihe von Beiträgen der XIV. Internationalen wissenschaftlichen Konferenz zum Thema Bildungs- und Kulturmanagement, die vom Ministerium für Bildung und Wissenschaft der Republik Litauen, der Pädagogischen Universität Vilnius (VPU) und der Universität Tallinn gemeinsam konzipiert und veranstaltet wurden. Das Hauptthema der Konferenz war die Verknüpfung der Hochschul- und Schulbildung: Humanistische Tradition und Perspektivenwechsel im Bildungs- und Erziehungsbereich unter Berücksichtigung neuer Strukturen des Denkens und Managementstrategien im Hinblick auf die Herausforderungen der Gesellschaft des kommenden Jahrzehnts. This volume presents contributions of the XIV. International scientific meeting on The Management of Education and Culture. This was conceived and organized by the Ministry of Education and Science of the Republic of Lithuania, the Vilnius Pedagogical University (VPU), and the university of Tallinn. The meeting topic was the combination of University and High school education: humanistic/classical tradition and change of perspectives in the field of education and schooling under consideration of new structures of thinking and management strategies with regard to challenges of the society of the next decade.

Der Humanismus und der soziale Gedanke im russischen Schrifttum des 19. Jahrhunderts Josef Rattner,Gerhard Danzer,2003

Totalitarianism and Political Religions Volume III Hans Maier,2008-03-25 Available for the first time in English language translation, the third volume of Totalitarianism and Political Religions completes the set. It provides a comprehensive overview of key theories and theorists of totalitarianism and of political religions, from Hannah Arendt and Raymond Aron to Leo Strauss and Simone Weil. Edited by the eminent Professor Hans Maier, it represents a major study, examining how new models for understanding political history arose from the experience of modern despotic regimes. Where volumes one and two were concerned with questioning the common elements between twentieth century despotic regimes - Communism, Fascism, National Socialism, Maoism - this volume draws a general balance. It brings together the findings of research undertaken during the decade 1992-2002 with the cooperation of leading philosophers, historians and social scientists for the Institute of Philosophy at the University of Munich. Following the demise of Italian Fascism (1943-45), German National Socialism (1945) and Soviet Communism (1989-91), a comparative approach to the three regimes is possible. A broad field of interpretation of the entire phenomenon of totalitarian and political religions opens up. This comprehensive study examines a vast topic which affects the political and historical landscape over the whole of the last century. Moreover, dictatorships and

their motivations are still present in current affairs, today in the twenty-first century. The three volumes of Totalitarianism and Political Religions are a vital resource for scholars of fascism, Nazism, communism, totalitarianism, comparative politics and political theory.

Eranos Jahrbuch, 1971 Adolf Portmann,Rudolf Ritsema,2023-11-27

Totalitarianism and Political Religions, Volume 1 Hans Maier,2004-10-14 We are used to distinguishing the despotic regimes of the 20th century - communism, fascism, National Socialism, Maoism - very precisely according to place and time, origins and influences. But what should we call that which they have in common? On this question, there has been and is still a passionate debate. This book documents the first international conference on this theme, a conference that took place in September of 1994 at the University of Munich. The book shows how new models for understanding political history arose from the experience of modern despotic regimes. Here, the most important concepts - totalitarianism and political religions - are discussed and tested in terms of their usefulness.

Philosophie der Heimat – Heimat der Philosophie Karen Joisten,2014-07-24 Heimat – dieser Begriff benennt eines der meistdiskutierten und am heftigsten umstrittenen Probleme unserer Zeit. Steht die Betonung von Heimat nicht im Widerspruch zu einer Haltung, die der Mensch im Zeitalter von Globalisierung und weltweiter Vernetzung einnehmen muß? Oder ist sie noch immer der Mittelpunkt der individuellen Existenz des Menschen, Ort seiner Kindheit, der Geborgenheit und Sicherheit? Philosophisch fundierte Untersuchungen indes, die das Phänomen Heimat unvoreingenommen in den Blick nehmen, sind gegenwärtig rar. Karen Joisten wendet sich diesem Problemkreis zu, indem sie das Konzept entwirft, der Mensch zeichne sich durch eine Doppelstruktur aus, die sprachlich in der Wendung Heim-weg zum Ausdruck gebracht wird. Während der Bestandteil Heim- auf die heimische Seite des Menschen verweist, die es ihm ermöglicht, Bindungen einzugehen und in sich zu wohnen, verweist der Bestandteil -weg auf die weghafte Seite des Menschen, die dazu führt, daß er permanent unterwegs sein muß, also bei keiner eingenommenen Haltung und Einsicht stehenbleiben kann. Im ersten Teil des Buches werden unterschiedliche Weisen des In-Beziehung-Seins des Menschen zum Raum, zur Zeit und zum Mitmenschen analysiert, sowohl in bezug auf seine heimhafte als auch auf seine weghafte Seite. Im Mittelpunkt der Untersuchung stehen dabei die Grundphänomene Geborgenheit, Ruhe und Vertrauen. Zugleich werden vier Hauptwege, auf und in denen sich der Mensch primär bewegt und ausrichtet, gekennzeichnet: das Wandern in der Natur, das Gehen auf der Straße, das Fahren auf der Straße und das Surfen im Netz. Im zweiten Teil des Bandes setzt sich die Autorin mit grundlegenden philosophiehistorischen Antworten auf die Frage auseinander, was unter Heimat zu verstehen ist, bezieht sie auf die Deutung des Menschen und macht sie fruchtbar für die moderne Diskussion.

The Metaphorical Use of Language in Deuterocanonical and Cognate Literature Markus Witte,Sven Behnke,2014-12-17 Metaphors are a vital linguistic component of religious speech and serve as a cultural indicator of how groups understand

themselves and the world. The essays compiled in this volume analyze the use, function, and structure of metaphors in Jewish writings from the Hellenistic-Roman period (including the works of Philo and the texts of Qumran), as well as in apocryphal early Christian texts and inscriptions.

"Das Exil und das Reich" Matthias Marini, 2012-08-08 Die Philosophie Albert Camus' bewegt sich auf dem schmalen Grat zwischen dem zutiefst menschlichen Verlangen nach Sinnhaftigkeit und der radikalen Absurdität eines opaken Universums. Aus diesem existentiellen Hiatus ergibt sich eine Philosophie der Revolte, die das Subjekt dazu anhält, sich der Faktizität des Nihilismus zu stellen, um dieser einen Ethos der Menschlichkeit entgegenzuhalten, der sich aus der Schönheit des Gegenwärtigen speist. Die vorliegende Arbeit beschäftigt sich mit dem Verhältnis der Philosophie Albert Camus' zum Nihilismus, der durch sein dichterisches und philosophisches Werk hindurch spürbar ist und Camus dazu veranlasste, eine Philosophie zu formulieren, die von der Grundbefindlichkeit des Absurden ausgehend eine Antwort auf die Gebrechlichkeit und die Endlichkeit menschlichen Daseins zu finden trachtet.

Like the dislike Adrian Lobe, 2019-12-02 Die Revolte der Künstlichen Intelligenz, der Algorithmen und Plattformökonomien ist gerade im Begriff, die moderne Gesellschaft zu überrollen, unser Verständnis von privater und öffentlicher Kommunikation auf den Kopf zu stellen, die Zukunft unseres Miteinanders grundlegend zu verändern. Konstruiert jedoch als ein System, das nur das Ja kennt, sieht sich der Mensch vor der Herausforderung, wie er sein revoltierendes Recht des Widerspruchs geltend machen. Wie sagt man Nein zu einem System, das nur Ja versteht? Adrian Lobe geht dem in seinem Beitrag in Kursbuch 200 nach.

Künstliche Menschen in der Serie Westworld (2016) - Eine kulturanthropologische Untersuchung Hendrik M. Bekker, 2018-08-16 Es ist eine der zentralen Fragen der Serie Westworld, die hier auf den Punkt gebracht wird. In dieser Science-Fiction-Fernsehserie von 2016 geht es um den künstlich geschaffenen Menschen, auf den unterschiedliche soziale Fragen projiziert werden: Wird er das Leben erleichtern? Wird er uns bedrohen? Ab welchem Punkt sind nichtmenschliche Wesen moralisch mit uns Menschen gleichzusetzen? Die Thematik des geschaffenen (und damit künstlichen) Wesens ist keinesfalls neu, wie später noch erläutert wird. Die Kontinuität des Themas reicht bis in das Jetzt hinein und wird immer wieder an die neuen Gegebenheiten und sich ändernden Zustände der Gesellschaft angepasst und aktualisiert. Sowohl technologische Neuerungen als auch gesellschaftliche Umwälzungen finden sich in diesen Neuinterpretationen der Erzählungen um künstliche Menschen wieder, werden von diesen aufgegriffen oder in eine mögliche Zukunft extrapoliert. Doch was für Themenkomplexe werden mit dem Symbol des künstlichen Menschen verhandelt? Welche Hoffnungen und Ängste knüpfen sich bei der Neuinterpretation an diese Schablone?

Geschichtliche Realität und Kreuz Sebastian Pittl, 2018-09-25 Die Frage nach dem Verhältnis von Heils- und Weltgeschichte stellt die zentrale fundamentaltheologische Herausforderung sämtlicher Theologien der Befreiung dar. Die

Geschichtstheologie Ignacio Ellacurías ist eine der anspruchsvollsten und differenziertesten Antwortversuche, die in dieser Tradition entwickelt wurden. Die Arbeit rekonstruiert die Grundlinien von Ellacurías Philosophie der geschichtlichen Realität und entwickelt die Perspektiven, die sich aus seiner geschichtlichen Soteriologie für die Verhältnisbestimmung von Christentum, Politik und Zivilgesellschaft ergeben. Chancen und Grenzen dieses Ansatzes werden dabei ebenso analysiert wie die Relevanz, die ihm für die Begründung einer politischen Theologie innerhalb der globalen Moderne aktuell zukommt.

Ist der Patient ein Mensch? Helmut Hofbauer,Lukas Kaelin,Hendrik Jan Ankersmit,Walter Feigl,2015 Dieses Buch stellt die Frage, ob der Patient/die Patientin heute noch ein Mensch ist. Oder ob die gegenwärtige Medizin nicht anstatt Menschen einzelne Organe, Bildschirmbilder oder Datensätze behandelt. Die Fragestellung verdankt sich dem beispiellosen Erfolg der modernen Medizin in den letzten Jahrzehnten, der sich in wissenschaftlich-technischem Fortschritt und zunehmender Spezialisierung äußert. Dieser Erfolg, wiewohl grundsätzlich etwas Gutes, bereitet Unbehagen: Könnten wir in einer Medizin ohne Menschen enden? Elf Beiträge bieten unterschiedliche Perspektiven auf diese Problematik.

Denkmodelle der Hoffnung in Philosophie und Literatur Agnes Bidmon,2016-06-20 Hoffnung als einer Form der Kontingenzbewältigung kommt im menschlichen Existenzzusammenhang eine zentrale Funktion zu, weshalb sie in zahlreichen theoretischen und literarischen Texten verhandelt wird. Dennoch bildet eine wissenschaftliche Analyse des Hoffnungsdiskurses bislang ein Desiderat. Der vorliegende Band verfolgt ausgehend von diesem Befund eine doppelte Zielsetzung: In einer historischen Perspektivierung nimmt er zunächst eine Archäologie des Hoffnungsdiskurses vor, indem wesentliche kulturgeschichtliche Stationen von den mythischen Anfängen bis in die Spätmoderne nachgezeichnet und Traditionenstränge offengelegt werden. In systematischer Hinsicht erfolgt dann eine typologische Annäherung an Verfahrensweisen mit der Hoffnung in Philosophie und Literatur des 20. Jahrhunderts. Denn in der Spätmoderne mit ihren historischen Bedrohungen und Katastrophen findet eine paradigmatische Umwertung der Hoffnung statt. Bislang gültige Attribute wie Komplexitätsreduktion und Linearität werden verabschiedet. Stattdessen rückt nun vermehrt der ungewisse Prozess des Hoffens in den Fokus, der in absurdem, dialektischen und paradoxen Denkmodellen seinen Ausdruck findet und eine sprachliche Annäherung an die unsichere Zukunft ermöglicht.

Psychoanalysis, Culture and Social Action Dieter Flader,2021-12-26 Dieter Flader explores how current social and cultural concerns are connected to the unconscious, and how this affects our responses to them. Flader focuses on the role of the ego, assessing how our feelings about these issues in adulthood grow from childhood fears and desires, and integrating the existing psychoanalytic theories of Winnicott, Lacan, Kohut, and others with sociological and political theory. The interdisciplinary approach not only analyses current social issues but also generates new perspectives and solutions, and examines examples including climate change, bullying, and vegetarianism.
