Just Some Stupid Love Story Katelyn Doyle, 2024-06-04 "A flirty, sexy read...Fresh and fun as hell—Katelyn Doyle is absolutely an author to watch." —People Magazine For fans of Emily Henry, a debut about a rom-com screenwriter who doesn't believe in love and a divorce attorney who does, forced together at their high school reunion fifteen years after their

breakup Molly Marks writes Hollywood rom-coms for a living—which is how she knows “romance” is a racket. The one and only time she was naive enough to fall in love was with her high school boyfriend, Seth—who she ghosted on the eve of graduation and hasn’t seen in fifteen years. Seth Rubinstein believes in love, the grand, fated kind, despite his job as, well...one of Chicago’s most successful divorce attorneys. Over the last decade, he’s sought “the one” in countless bad dates and rushed relationships. He knows his soulmate is out there. But so far, no one can compare to Molly Marks, the first girl who broke his heart. When Molly’s friends drag her to Florida for their fifteenth high school reunion, it is poetic justice that she’s forced to sit with Seth. Too many martinis and a drunken hookup later, they decide to make a bet: whoever can predict the fate of five couples before the next reunion must declare that the other is right about true love. The catch? The fifth couple is the two of them. Molly assures Seth they are a tale of timeless heartbreak. Seth promises she’ll end up hopelessly in love with him. She thinks he’s delusional. He has five years to prove her wrong. Wickedly funny, sexy, and brimming with laughs and heart like the best romantic comedies, *Just Some Stupid Love Story* is for everyone who believes in soulmates—even if they would never admit it.

THE GREAT BRITISH DETECTIVES - Boxed Set Arthur Conan Doyle, Ernest Bramah, Arthur Morrison, Thomas W. Hanshew, Edgar Wallace, J. S. Fletcher, R. Austin Freeman, G. K. Chesterton, H. C. McNeile, Victor L. Whitechurch, Annie Haynes, Rober Barr, 2023-12-13 *THE GREAT BRITISH DETECTIVES - Boxed Set* offers readers an exquisite exploration into the quintessential qualities of classic British detective fiction, showcasing a tapestry of mystery, wit, and intellectual rigor. This anthology presents an enthralling compendium of tales, ranging from the cerebral puzzles of locked-room mysteries to the gripping pursuit of justice through fog-shrouded streets. The diverse array of plots is matched by the eclectic mix of styles, from suspenseful narratives spun with precision to the character-driven intrigue that keeps readers on the edge of their seats. With standout pieces that challenge and coerce readers into donning the detective's mantle themselves, the collection stands as a testament to the enduring allure of the genre. This anthology draws together an illustrious group of authors, each a master of the written sleuth. While Arthur Conan Doyle's Sherlockian stories have etched an indelible mark on detective fiction, the works of Ernest Bramah, Arthur Morrison, and their contemporaries enrich this landscape with stories grounded in the social and psychological realities of their time. Unified through the art of deduction, these narratives find kinship in the broader context of literary movements such as golden age detective fiction and the school of 'rational detective' literature, revealing incredibly varied yet thematically coherent examinations of human morality and the pursuit of truth. For enthusiasts of detective fiction and defenders of cerebral adventures, *THE GREAT BRITISH DETECTIVES - Boxed Set* serves as an invaluable resource, unlocking a trove of thematic depth and intellectual engagement in a single volume. With its rich tapestry of perspectives, it serves not only as an homage to the genre but also as a critical academic resource that fosters dialogue among various storytelling voices. Readers are invited to plunge into this diverse anthology to emerge

with a broadened understanding of the quintessentially British detective fiction tradition, experiencing the profound satisfaction derived from solving these time-honored literary puzzles.
