At times, those hurdles can unconsciously grant permission to confuse our growth process and shift the direction for our objectives. The uplifting phrases can offer the first step into the enlightenment of one's inner being. Welcome to Our Real Matrix: One with No Escape Thomas Arant,2021-05-21 Did you know that we (and all life) are unknowingly imprisoned? That your perception of Reality has little to do with the truth? In these ways, our existence is like the virtual reality in the movie, The Matrix. The differences are more overwhelming, including that our Real Matrix emerged through abiogenesis and evolution processes without intention nor direction (i.e., no sentient machines), and that there is no escape through taking a Red Pill. Welcome to Our Real Matrix proves all this using accepted science taken to its logical conclusion. It then explores the consequences of this truth and the possible paths for how and why to live this life, including the philosophies of Stoicism, Buddhism, and Existentialism. Finally, it introduces a community, the Purplepills Society, that

has been established to continue the scientific and philosophical discussion.

Welcome to the Real World John Henry Weiss, 2014-03-04 Are you still looking for that perfect job six months after graduating from college? Are you also still firing off hundreds of resumes from your parents' house with little or no results? Then you need the real-world advice of executive recruiter John Henry Weiss. In *Welcome to the Real World*, Weiss provides much-needed guidance to recent college graduates seeking their first jobs in the real world of work. Weiss explains that companies do not hire resumes. They hire candidates who make the effort to build personal relationships. He discusses the importance of leaving the house to find employers at venues such as job fairs, trade shows, and conferences, and even Starbucks. Weiss points out that work is a means to getting out on your own, and he offers encouraging advice and tips for how to do just that, such as: Establishing a home office for job hunting Using social media effectively to find employers and increase your chances of getting hired Dressing appropriately for job interviews Starting your own business Targeting companies that value the skill sets of returning military personnel Evaluating and negotiating job offers And much more! *Welcome to the Real World* is not only the ultimate career guide for finding your first job, but also for understanding the real world of work, and for beginning the rest of your life.

Welcome to the Fifth Dimension Bianca Gaia, 2011-07-12 Based on her popular workshops in Canada and Europe, *Welcome to the Fifth Dimension* is author Diane LeBlanc's guide to helping readers recognize and integrate their multiple dimensions. Through examples, exercises, and channeled teachings, she shows us how to regain our co-creative power and live each day and moment in a state of grace. The key, says LeBlanc, is Quintessence, a self-coaching program that revitalizes the five most important dimensions of human existence in order to feel better, recover from disease, and be fully happy. The book breaks Quintessence into groups of five: the five energy fields that surround the body, the individual's five main ÒSoul families, Ò the five dimensions of the human brain, and others. The book assesses and draws on many contemporary schools of thought, as seen in books like *The Law of Attraction*, *The Power of Now*, and *The Celestine Prophecy*. It also provides original teachings channeled from the powerful entity LeBlanc describes as the Mother Earth Consciousness, personified as Bianca Gaia who is LeBlanc's alter ego. Packed with charts, diagrams, and illustrations, this compelling book encourages readers to radically enhance their health and happiness by opening their minds to this new way of thinking.

Welcome to the Family Tree Norman Atterbury,2010-07-15 I was born in Rhodesia in 1946 and had the privilege of living in the country in the best of times. I was in boarding school where Church was compulsory, but we were never lead to be Born Again, that was an opportunity missed by the Church. But we did have daily prayers and scripture reading, which we now see was a life saver. It was only when I was 50 years old that I came to know Jesus Christ as my savior, then the Holy Spirit lead me to get into the word of God, study it and meditate on it and believe it. I have been healed from life threatening conditions, I have been protected supernaturally, from terrorist attacks, vehicle accidents, snakes and God only knows what else. I know this stuff works, that is why I have written this book, to help the new believer quickly get on the road to faith. I encourage all readers to keep this book handy and use it to grow, then pass it on to your converts. Read the books of people who have gone before us in faith, watch Christian TV and of course make your Bible your constant companion and source of wisdom . I love and pray for you .
