May You Be Well Cheryl Rickman, 2021-06-03 May You Be Well is a collection of prayers and blessings for non-believers, believers in something or someone, and believers in everything or nothing. Just everyday good vibes for health, happiness and hope. Most of us pray when things get tough. Most of us don't have a religion, or a god. We just pray. We pray that our friends are safe, we pray that our earth will heal, we pray for help. We're asking our inner selves, a higher being, the cosmic or the divine to guide us. Sometimes we just need an affirmation to help ourselves through a bad day and sometimes we need some help coming up with the right words to manifest good fortune for ourselves and the world around us. Putting our feelings and desires into words is a key part of many spiritual practices because it helps us centre ourselves and set our intentions. Prayers, affirmations and blessings help us express positive emotions, hold space for challenging ones and call out to the universe for the intangible things we're seeking, such as love, grace and hope. May You Be Well has passages for every need, including: - Expressing gratitude and grief - Summoning positive emotions such as hope, joy, or courage - Coping with adversity Asking for help and finding reassurance - Holding space for others Celebrating friendship - Manifesting good fortune - Wishing others well Our spiritual lives might all look a bit different but we don't need to invoke any specific faith to share words of kindness because wishing each other well with open hearts is something we all have in common.

To Steal a Heart K. C. Bateman, 2016-02-23 In a dazzling historical romance that's perfect for fans of Sabrina Jeffries, Lisa Kleypas, and Courtney Milan, debut author K. C. Bateman brings Napoleonic France to life as a master spy and a beautiful thief find love and intrigue in each other's arms. Forced to do the bidding of a corrupt government minister, Marianne de Bonnard agrees to plant incriminating evidence in the offices of France's most notorious spymaster. Under cover of night, the tightrope-walking thief puts her skills to good use—until her aerial stunt is foiled when her target appears in the window and, with consummate poise, helps Marianne off the wire and into his lair. The tremors that run through her body are not just from fear; there's an unwanted frisson of desire there, too. But is it because of her elegant, wickedly handsome host . . . or his proposition? Nicolas Valette has had plans for his graceful trespasser since he witnessed her unique skills at the Cirque Olympique. Sinuous as a cat, Marianne is perfect for his next mission, but she refuses his generous offer for fear of disobeying her family's tormenter. When their mutual enemy auctions off her virginity to the highest bidder, Nicolas leaps at the chance to purchase her cooperation. Keeping her will be like trying to tame a wild animal, but what's life without a little risk? Besides, Nicolas and Marianne both want the same thing: revenge—and, perhaps, something else that's equally delicious. Praise for *To Steal a Heart* “[*To Steal a Heart*] is rich with espionage and suspense. Multidimensional believable characters and fast-paced plotting propel the story forward to its moving conclusion.”—Publishers Weekly “The writing and characterization are superb, the romance is hot, snarky and tender and the hero is delicious. I couldn't ask for much more in an historical romance and I'm eagerly awaiting whatever Ms. Bateman comes up with next.”—All About Romance “The sexual chemistry between the two built so steadily that I thought I would go up in flames if they didn't stop battling each other and give in to their needs.”—Kilts and Swords “A very impressive debut . . . highly recommended.”—Two Ends of the Pen “A memorable entry into the world of historical romance . . . Secret agents and steamy sensuality join forces and ignite the pages.”—Jenerated Reviews Includes an excerpt from another Loveswept title.

The Awakened Pet Groomer Diana Horvath, 2025-03-19 The Awakened Pet Groomer is a transformative guide for pet groomers or any pet professional seeking to embrace their authenticity, overcome insecurities, and create a healthier relationship with their work. Through a blend of storytelling and practical exercises, this book helps readers navigate personal growth, emotional resilience, and self-realization while fostering a deeper sense of fulfillment. Key themes include:

The Role of Empathy in Business - Understanding how empathy shapes professional relationships and decision-making while learning to maintain emotional balance to prevent over identification with others' struggles. Work Boundaries - Establishing clear emotional and physical boundaries to create a sustainable and fulfilling work-life balance. The Art of Saying No & The Wrong Reasons Behind the Yes-es - Recognizing when saying yes is driven by guilt, fear, or a need for validation, and learning to reclaim personal agency with confidence. Burnout - Identifying the signs of emotional and physical exhaustion, understanding its root causes, and implementing strategies for recovery and prevention. Integration of Knowledge & Letting Go of Fears for Personal Fulfillment - Applying the lessons learned throughout the book to break free from limiting beliefs, trust in one's own path, and step into a more empowered, conscious way of living and working. Rather than prescribing a one-size-fits-all solution, *The Awakened Pet Groomer* provides alternatives that empower readers to discover their unique way forward. By embracing self-awareness, shadow work, and personal growth, groomers can not only improve their careers but also contribute to a broader shift in human consciousness—one where authenticity, compassion, and self-trust lead the way.

How to Be Miserable and Alone Kaiser Johnson, 2021-03-08 Let's face it — most of us are looking for answers in all the wrong places. It's hard not to be drawn in by headlines, advertisements, and the constant barrage of “expert” advice on everything from sex and relationships to fitness, fashion, and spiritual awakening. In our world today, though, sin is presented a lot more effectively than virtue. We are led to believe that the only way to improve ourselves and satisfy our deepest longings is through the prevailing perspective of our culture. But that perspective is a schizophrenic one, divorced from the source of truth. Kaiser Johnson — actor, athlete, and author — had the same burning questions we all have about life, love, sex, being a man, and doing the right thing. The more he searched, the more he realized the world's answers just weren't working. From his years spent listening to the lies of our culture, he has clearly identified 12 simple tricks to end up miserable and alone. He's tried all of them, and they work! It turns out hookup culture, self-fulfillment, self-love, using and abusing friends and family, maintaining a frantically busy schedule, and always taking the easy way out are the perfect recipe for a wretched life. But Kaiser also discovered something else that he shares in the pages of this funny, honest book: Only God can fill the emptiness of our hearts and help us to discover a life that truly matters. ABOUT THE AUTHOR Kaiser Johnson is a Catholic husband and father. He works as an actor (*Unplanned*, *Stranger Things*), voiceover artist (*Transformers: War for Cybertron*, *Call of Duty Cold War*, *Resident Evil Resistance*) and author (*Grit and Glory: Cross Training Your Body and Soul*, and an upcoming pulp adventure series). To learn more and keep up to date on his work, visit and subscribe for free at Kaiser-Johnson.com or find him @kaiserjohnson on social media.

Making Changes in STEM Education Julia M. Williams, 2023-06-02 Many science, engineering, technology, and math (STEM) faculty wish to make an academic change at the course, department, college, or university level, but they lack the specific tools and training that can help them achieve the changes they desire. *Making Changes in STEM Education: The Change Maker's Toolkit* is a practical guide based on academic change research and designed to equip STEM faculty and administrators with the skills necessary to accomplish their academic change goals. Each tool is categorized by a dominant theme in change work, such as opportunities for change, strategic vision, communication, teamwork, stakeholders, and partnerships, and is presented in context by the author, herself a change leader in STEM. In addition, the author provides interviews with STEM faculty and leaders who are engaged in their own change projects, offering additional insight into how the tools can be applied to a variety of educational contexts. The book is ideal for STEM faculty who are working to change their courses, curricula, departments, and campuses and STEM administrators who lead such change work to support their faculties, as well as graduate students in STEM who plan to enter an academic position upon graduation and expect to work on academic change projects. Saudade Irenay Stevens, 2016-08-17 Have you ever felt at a loss for words? Like there wasn't a word invented for the situation or emotion you were experiencing? That was exactly how I felt. After you were gone there was nothing I could say to express the way I felt. Empty? Broken? Hollow? None of those words began to describe what was going on inside my heart. People say all wounds heal with time. That was not my experience, as time passed the longing for you became more intense. I was sure something was wrong with me. How could I love you when you were not even there? When I wasn't even sure of your existence? I stumbled on a word that I never heard of before. It was a silly article that popped up while I was

doing research online. Saudade: The Untranslatable Word Everyone Sings About. I was intrigued by this and as a teacher of a language wanted to know more. It turned out it is a Portuguese word that is defined as a melancholy nostalgia. There are many different definitions for this word there was one that I thought was most appropriate. The love that remains.
