**George Gutshall**

Confessions of a Video Vixen Karrine Steffans, 2009-10-13 Part tell-all, part cautionary tale, this emotionally charged memoir from a former video vixen nicknamed 'Superhead' goes beyond the glamour of celebrity to reveal the inner workings of the hip-hop dancer industry—from the physical and emotional abuse that's rampant in the industry, and which marked her own life—to the excessive use of drugs, sex and bling. Once the sought-after video girl, this sexy siren has helped multi-platinum artists, such as Jay-Z, R. Kelly and LL Cool J, sell millions of albums with her sensual dancing. In a word, Karrine was H-O-T. So hot that she made as much as \$2500 a day in videos and was selected by well-known film director F. Gary Gray to co-star in his film, *A Man Apart*, starring Vin Diesel. But the film and music video sets, swanky Hollywood and New York restaurants and trysts with the celebrities featured in the pages of *People* and *In Touch* magazines only touches the surface of Karrine Steffans' life. Her journey is filled with physical abuse, rape, drug and alcohol abuse, homelessness and single motherhood—all by the age of 26. By sharing her story, Steffans hopes to shed light on an otherwise romanticised industry and help young women avoid the same pitfalls she encountered. If they're already in danger, she hopes to inspire them to find a way to dig themselves out of what she knows first-hand to be a cycle of hopelessness and despair.

despair. UPDATE: As the music industry started to have its own reckoning with men who've behaved badly, even criminally, Confessions has been discussed in some quarters as an early warning bell, with Karrine as a feminist icon who shined a light when no one wanted her to and championed sex positivity before it was embraced. Now she talks about what it has been like to watch the tide turn and the lessons still to be learned.

**Vindicated** Karrine Steffans, 2015-06-02 For a decade, Confessions of a Video Vixen author Karrine Steffans and the details of her private life have been the subject of debate and scrutiny. But, as gossipmongers and critics speculated, assumed, and manufactured tall tales about the New York Times bestselling author, Karrine hid herself and her truth from the world, imprisoned by an abusive marriage and the judgments of society. In Vindicated: Confessions of a Video Vixen, Ten Years Later, Karrine takes readers into the belly of the beast as she harrowingly chronicles the systematic breakdown of her mind, body, and spirit at the hand of one man and the events that propelled her back to prosperity after losing everything. She candidly shares her struggle to be what others demand, her obsession with the American dream, her desperation to appear normal, the lengths to which she went, and the price she paid for it all. This dark, long journey into the life of an abused and tormented woman, wife, and mother uncovers a long-guarded set of painful personal truths, reveals the inspiring details of her life-saving triumph, and will change everything you thought you knew about Karrine Steffans.

Pimps Up, Ho's Down T. Denean Denean Sharpley-Whiting, 2007-03-01 Untangles the intricately knotted issues around hip-hop culture and its treatment of young black women Pimps Up, Ho's Down pulls at the threads of the intricately knotted issues surrounding young black women and hip hop culture. What unravels for Tracy D. Sharpley-Whiting is a new, and problematic, politics of gender. In this fascinating and forceful book, Sharpley-Whiting, a feminist writer who is a member of the hip hop generation, interrogates the complexities of young black women's engagement with a culture that is masculinist, misogynistic, and frequently mystifying. Beyond their portrayal in rap lyrics, the display of black women in music videos, television, film, fashion, and on the Internet is indispensable to the mass media engineered appeal of hip hop culture, the author argues. And the commercial trafficking in the images and behaviors associated with hip hop has made them appear normal, acceptable, and entertaining - both in the U.S. and around the world. Sharpley-Whiting questions the impacts of hip hop's increasing alliance with the sex industry, the rise of groupie culture in the hip hop world, the impact of hip hop's

compulsory heterosexual culture on young black women, and the permeation of the hip hop ethos into young black women's conceptions of love and romance. The author knows her subject from the inside. Coming of age in the midst of hip hop's evolution in the late 1980s, she mixed her graduate studies with work as a runway and print model in the 1990s. Her book features interviews with exotic dancers, black hip hop groupies, and hip hop generation members Jacklyn "Diva" Bush, rapper Trina, and filmmaker Aishah Simmons, along with the voices of many "everyday" young women. Pimps Up, Ho's Down turns down the volume and amplifies the substance of discussions about hip hop culture and to provide a space for young black women to be heard. 2007 Popular Culture Association/American Culture Association Emily Toth Award

The Vixen Diaries Karrine Steffans, 2007 The hip-hop star discloses intimate details about her star-studded lifestyle, from her interactions with fellow celebrities who helped or hindered her career to rumors of her relationship with Bobby Brown.

*Confessions of a Father* George Gutshall, 2019-02-25 Confessions of a Father, subtitled Living Biblically Balanced in a Cultural World: Sanity in Insanity. This book and the stories I share with you have a meaning and purpose. As the pages unfold, as you see my life, my heart, my journey with Christ, you will see what the Holy Spirit has taught me. You will read how God has worked through my misunderstanding, my false doctrines, and false beliefs. You will read how the Lord has worked through my family, my home, my relationships, and circumstance to lead me into a deeper love of and for Him. You will read how God's Word and His working in my life has led me into an intimate personal relationship with Christ and how God has used His Word to correct my false doctrines, my false beliefs, and my life. To put it very simply, you will read what I have learned. I am a child of God. The One true living God. I am a servant of the Lord and disciple of Jesus Christ. I am empowered by the Holy Spirit to seek out and bring God's meaning and purpose into my life and to bring glory to the One who created me. I am called to strive to live according to God's Word while trying to live in a world powered by false doctrine and false beliefs. He is my sanity in this world of insanity. I want to state that this book is in no way an attempt to authenticate the Scripture. That has already been done many times over by individuals who are far more knowledgeable than I am and who are true Bible theologians. In these pages, I make reference to the Bible and books of the Bible but generally not direct citations. I hope and I pray that will encourage you to read the Bible for yourself, not just parts, but the whole Bible. I say this, I hope this and I pray this because I know that if you do, you will find what I have found. If we take the cultural glasses off and try to see the world through Christ and live according to God's Word, then we will know sanity in insanity-we will know Christ Jesus. In the beginning was the Word, and the Word was with God, and the Word was God. He was with God in the beginning. Through him all things were made; without him nothing was made that has been made. In him was life, and that life was the light of all mankind. The light shines in the darkness, and the darkness has not overcome it (John 1:1-5).

*Erotic Revolutionaries* Shayne Lee, 2010-08-04 Why is there no pro-sex contingency in black feminist scholarship? Why do so few African-American scholars expound on issues celebrating female sexual pleasure? Perhaps the answers to these questions reside within a discursive matrix of sexual repression commonly referred to as the politics of respectability, and its rein on black sexual politics. In *Erotic Revolutionaries: Black Women, Sexuality, and Popular Culture*, sociologist Shayne Lee steers black sexual politics toward a more sex-positive trajectory. Introducing feminist analysis to a conceptual ménage à trois of scripting theory, media representation, and black sexual politics, Lee considers the ways in which the feminist quest for social and sexual equality can delve into popular culture to see the production of subversive scripts for female sexuality and erotic agency. Whereas most feminist scholarship underscores how sexual representations of black women in media are exploitative and problematic, Lee portrays black female celebrities like Janet Jackson, Beyoncé, Karrine Steffans, Zane, Tyra Banks, Juanita Bynum, Sheryl Underwood and many more as feminists of sorts who afford women access to cultural tools to renegotiate sexual identity and celebrate sexual agency and empowerment. *Erotic Revolutionaries* navigates the uncharted spaces where social constructionism, third-wave feminism, and black popular culture collide to locate a new site for sexuality studies that is theoretically innovative, politically subversive, and stylistically chic.

**Venus in the Dark** Janell Hobson, 2018-02-01 In this second edition of the remarkable, and now classic, cultural history of black women's beauty, *Venus in the Dark*, Janell Hobson explores the enduring figure of the Hottentot Venus and the history of critical and artistic responses to her by black women in contemporary photography, film, literature, music, and dance. In 1810, Sara Baartman was taken from South Africa to Europe, where she was put on display at circuses, salons, museums, and universities as the Hottentot Venus. The subsequent legacy of representations of black women's

sexuality—from Josephine Baker to Serena Williams to hip-hop and dancehall videos—refer back to her iconic image. Via a new preface, Hobson argues for the continuing influence of Baartman's legacy, as her image still reverberates through the contemporary marketization of black women's bodies, from popular music and pornography to advertising. A brand new chapter explores how historical echoes from previous eras map onto highly visible bodies in the twenty-first century. It analyzes fetishistic spectacles of the black booty, with particular emphasis on the role of Beyoncé Knowles in the popularization of the bootylicious body, and the counter-aesthetic the singer has gone on to advance for black women's bodies and beauty politics. By studying the imagery of the Hottentot Venus, from the nineteenth century to now, readers are invited to confront the racial and sexual objectification and embodied resistance that make up a significant part of black women's experience.

**Video Art Theory** Helen Westgeest, 2015-06-15 Video Art Theory: A Comparative Approach demonstrates how video art functions on the basis of a comparative media approach, providing a crucial understanding of video as a medium in contemporary art and of the visual mediations we encounter in daily life. A critical investigation of the visual media and selected video artworks which contributes to the understanding of video as a medium in contemporary art The only study specifically devoted to theorizing the medium of video from the perspective of prominent characteristics which result from how video works deal with time, space, representation, and narrative The text has emerged out of the author's own lectures and seminars on video art Offers a comparative approach which students find especially useful, offering new perspectives

**On Video Games** Soraya Murray, 2017-10-30 Today over half of all American households own a dedicated game console and gaming industry profits trump those of the film industry worldwide. In this book, Soraya Murray moves past the technical discussions of games and offers a fresh and incisive look at their cultural dimensions. She critically explores blockbusters like The Last of Us, Metal Gear Solid, Spec Ops: The Line, Tomb Raider and Assassin's Creed to show how they are deeply entangled with American ideological positions and contemporary political, cultural and economic conflicts. As quintessential forms of visual material in the twenty-first century, mainstream games both mirror and spur larger societal fears, hopes and dreams, and even address complex struggles for recognition. This book examines both their elaborately constructed characters and densely layered worlds, whose social and environmental landscapes reflect ideas about gender, race, globalisation and urban life. In this emerging field of study, Murray provides novel theoretical approaches to discussing games and playable media as culture. Demonstrating that games are at the frontline of power relations, she reimagines how

we see them - and more importantly how we understand them.

*Film and Video Intermediality* Janna Houwen, 2017-07-13 In *Film and Video Intermediality*, Janna Houwen innovatively rewrites the concept of medium specificity in order to answer the questions “what is meant by video?” and “what is meant by film?” How are these two media (to be) understood? How can film and video be defined as distinct, specific media? In this era of mixed moving media, it is vital to ask these questions precisely and especially on the media of video and film. Mapping the specificity of film and video is indispensable in analyzing and understanding the many contemporary intermedial objects in which film and video are mixed or combined.

Video Revolutions Michael Z. Newman, 2014-04-01 Since the days of early television, video has been an indispensable part of culture, society, and moving-image media industries. Over the decades, it has been an avant-garde artistic medium, a high-tech consumer gadget, a format for watching movies at home, a force for democracy, and the ultimate, ubiquitous means of documenting reality. In the twenty-first century, video is the name we give all kinds of moving images. We know it as an adaptable medium that bridges analog and digital, amateur and professional, broadcasting and recording, television and cinema, art and commercial culture, and old media and new digital networks. In this history, Michael Z. Newman casts video as a medium of shifting value and legitimacy in relation to other media and technologies, particularly film and television. Video has been imagined as more or less authentic or artistic than movies or television, as more or less democratic and participatory, as more or less capable of capturing the real. Techno-utopian rhetoric has repeatedly represented video as a revolutionary medium, promising to solve the problems of the past and the present—often the very problems associated with television and the society shaped by it—and to deliver a better future. Video has also been seen more negatively, particularly as a threat to movies and their culture. This study considers video as an object of these hopes and fears and builds an approach to thinking about the concept of the medium in terms of cultural status.

Henry: Portrait of a Serial Killer Shaun Kimber, 2017-09-16 *Henry: Portrait of a Serial Killer* (1986) is precisely that: a cold-eyed character study based on the crimes of Henry Lee Lucas, who was convicted of eleven murders in the 1980s. Director John McNaughton presents an unflinching portrayal of the semi-fictional Henry's crimes. The film proved immensely controversial, notably in the UK, where it confounded the British Board of Film Classification, which went so far as to re-edit a crucial scene, in addition to cutting others. Shaun Kimber's examination of the controversies surrounding *Henry* considers the history and implications of censors' decisions about the film on both sides of the Atlantic. Taking account of the views of audiences, critics and academics, both at the time the film was released and in the years since, Kimber also looks at the changing political, social and economic contexts within which the film was produced and has subsequently circulated. *Henry* continues to represent a key film within the horror genre, the history of censorship, and the study of film violence. Kimber's

account of the film's production and its fortunes in the marketplace provides a fascinating case study of film censorship in action, and offers a sustained and wide-ranging analysis of what remains one of the most disturbing films ever made. 'An excellent in-depth analysis... Kimber effectively combines close readings of key scenes with detailed consideration of the history of different versions of Henry and its various engagements with critics, supporters and regulatory authorities.' Geoff King, Brunel University Shaun Kimber is a Senior Lecturer in the Media School at Bournemouth University.

**Video and DVD Industries** Paul McDonald, 2019-07-25 When the videocassette recorder was launched on the consumer market in the mid-1970s, it transformed home entertainment. Bringing together complementary but also competing interests from the consumer electronics industry and the film, television and other copyright industries, video created a new sector of media business. Two decades later, DVD reinvented video media for the digital age. DVD provided consumers with an innovative form of entertainment technology and almost instantaneously became the catalyst for a huge boom in the video market. Although the VCR and DVD created major markets for video hardware and software, the video business has been continually shaped by industry conflicts and tensions. Repeatedly the video market has become divided when faced with the introduction of competing formats. Easy reproduction of films and other works on cassette or disc made video software a lucrative market for the copyright industries but also intensified struggles to combat the effects of commercial piracy. 'Video and DVD Industries' examines the business of video entertainment and provides the first study looking at DVD from an industrial perspective. Detailing divisions in the video business, the book outlines industry battles over incompatible formats, from the Betamax/VHS war, to competing laserdisc systems, alternatives such as video compact disc or Digital Video Express, and the introduction of HDDVD and Blu-ray high-definition systems. Chapters also look at the formation of international markets in the globalization of video media, the contradictory responses of the Hollywood studios to video and DVD, and the legal and technological measures taken to control industrialized video piracy.
