*Diversidad e inclusión en la universidad* José Luis Álvarez Castillo,María García-Cano Torrico,2022-10-17 En el contexto internacional, el discurso sobre diversidad e inclusión en la universidad lleva décadas siendo utilizado para avalar políticas de justicia social en esta institución. En España se trata de una temática novedosa, aunque emerge con firmeza frente a discursos elitistas que amparan la presencia en la universidad solo de aquellos que la merecen por su mérito, sin otras consideraciones relativas a la responsabilidad social de las instituciones. Dado su carácter innovador y la necesidad de un análisis riguroso, este libro presenta los resultados de una investigación realizada durante cuatro años por un equipo compuesto por investigadores e investigadoras de ocho universidades públicas. En él se diagnostican las políticas y las prácticas universitarias en materia de diversidad en España y se propone la vía de la institucionalización a modo de proceso sistemático de orden global, orientado al cambio organizativo y cultural de la universidad. La lectura de esta obra es de utilidad para los diferentes colectivos de la comunidad universitaria que se comprometen con la organización a iniciar, motivar, dirigir o sostener procesos de cambio a favor de la equidad. Las personas que asumen la tarea de gobierno de cada universidad son asimismo interpeladas, junto a gobernantes y responsables de las agencias y estructuras administrativas que evalúan, controlan y fiscalizan la calidad en los procesos de las universidades.
