You'll Know When You Get There Bob Gluck, 2024-05-31 As the 1960s ended, Herbie Hancock embarked on a grand creative experiment. Having just been dismissed from the celebrated Miles Davis Quintet, he set out on the road, playing with his first touring group as a leader until he eventually formed what would become a revolutionary band. Taking the Swahili name Mwandishi, the group would go on to play some of the most innovative music of the 1970s, fusing an assortment of musical genres, American and African cultures, and acoustic and electronic sounds into groundbreaking experiments that helped shape the American popular music that followed. In *You'll Know When You Get There*, Bob Gluck offers the first comprehensive study of this influential group, mapping the musical, technological, political, and cultural changes that they not only lived in but also effected. Beginning with Hancock's formative years as a sideman in bebop and hard bop ensembles, his work with Miles Davis, and the early recordings under his own name, Gluck uncovers the many ingredients that would come to form the Mwandishi sound. He offers an extensive series of interviews with Hancock and other band members, the producer and engineer who worked with them, and a catalog of well-known musicians who were profoundly influenced by the group. Paying close attention to the Mwandishi band's repertoire, he analyzes a wide array of recordings—many little known—and examines the group's instrumentation, their pioneering use of electronics, and their transformation of the studio into a compositional tool. From protofunk rhythms to synthesizers to the reclamation of African identities, Gluck tells the story of a highly peculiar and thrillingly unpredictable band that became a hallmark of American genius.

Final Exam: A Novel Peter Green, 2013 'Exams tend to corrupt; final exams corrupt finally.' This novel is about exams, literature, sex, cancer and time. Part 1: 1961: Examining a mind. Pembroke College, Cambridge. Peter Green and his friends Jack (big, dangerous) and Casey (small, sinister) face final examinations in English. Keen, they discuss their literary ideas. Peter, whose main study-aid is sexual pleasure, discards lissom Arabella, one of his two girlfriends. Competitive exams apparently subvert left-wing ideals. He alienates a don, Haggerty. Discoverer of literary 'covert plotting', Peter overlooks real-life covert plots. Part 2: 1969: Examining a campus. Sussex University. Jack, tricked by Haggerty, lectures there. Peter quarrels with radical students. Part 3: 2011: Examining a body. Hospitals in and around London. Peter undergoes intimate examinations. Death makes incursions. Now what use is the study of literature?

Queer and Loathing David B. Feinberg,1995-11-01 “The ultimate gadfly of the epidemic . . . here’s one book that truly deserves a place in a time capsule.”—Armistead Maupin This is as close to the truth as I can get, writes David Feinberg in what he calls his personal Portrait of the Artist as a Young Diseased Jew Fag Pariah—a collection of autobiographical essays, gonzo journalism, and demented Feinbergian lists about AIDS activism and living, writing, and dying with AIDS.

Kipling's Children's Literature Sue Walsh,2016-04-22 Despite Kipling's popularity as an author and his standing as a politically controversial figure, much of his work has remained relatively unexamined due to its characterization as 'children's literature'. Sue Walsh challenges the apparently clear division between 'children's' and 'adult' literature, and poses important questions about how these strict categories have influenced critical work on Kipling and on literature in general. For example, why are some of Kipling's books viewed as children's literature, and what critical assumptions does this label produce? Why is it that Kim is viewed by critics as transcending attempts at categorization? Using Kipling as a case study, Walsh discusses texts such as Kim, The Jungle Books, the Just-So Stories, Puck of Pook's Hill, and Rewards and Fairies, re-evaluating earlier critical approaches and offering fresh readings of these relatively neglected works. In the process, she suggests new directions for postcolonial and childhood studies and interrogates the way biographical criticism on children's literature in particular has tended to supersede and obstruct other kinds of readings.

Singing in the Wilderness Wilfrid Mellers,2001 Mellers (composer and professor emeritus, University of York) begins with the confusion of the (unfamiliar) forest within, audible in Wagner's late and Shoenberg's early works, in Delius's A Village Romeo and Juliet, and Debussy's Pelleas et Melisande. The next section, The Forest Without, examines Charles Koechlin's Le Foret Feerique and Milhaud's Le Boeuf Sur le Toit which embrace the real jungle without and the imaginative jungle within. Part 3 shows Villa-Lobos and Carlos Chavez connecting, as Mellers puts it, the jungle within the mind and the

asphalt jungle of a rapidly industrialized metropolis. Part four explores interrelationships between wilderness and machine through the work of Carl Ruggles, Varese, Partch, Reich, and the Australian, Peter Sculthorpe. Finally, the erasure of border between wilderness and civilization is the focus in works by Ellington and Gershwin. Suitable for both musicians and non-musicians. c. Book News Inc.

From Our Own Correspondent Tony Grant,2010-07-09 The flagship Radio 4 programme *From Our Own Correspondent* gives Britain's most celebrated reporters the chance to describe much more than they can in a normal report: context, history and characters encountered en route. And for the fiftieth anniversary of the programme Profile collected together the programme's best pieces. *From Our Own Correspondent* has been one of BBC Radio 4's flagship programmes for fifty years. And this book, containing dispatches from all around the world, shows why FOOC, as it is affectionately known, has become such a well-known and much-loved institution. It contains not only the observations of journalists covering the big news events of the day, but also their personal insights into how people around the world live their lives. There are dispatches from Misha Glenny in Russia, Mark Tully in India, Charles Wheeler in the USA, Jeremy Vine in the Congo, Ben Brown in Zimbabwe and Orla Guerin in the West Bank. All offer a unique perspective describing the background to events around the world as they happen.

Oil and Finance Raymond J. Learsy,2011-05-13 These political essays, which originally appeared in the Huffington Post, chronicle the financial and environment malfeasance of the oil industry during the last five years. Oil is a commodity that is essential to the worlds economic well-being. But it is also an industry rife with corruption. In *OIL AND FINANCE*, author Raymond J. Learsy chronicles the problems within the oil industry and details how these issues affect both US and global politics. Culled from a collection of essays that first appeared in the Huffington Post throughout the last five years, *OIL AND FINANCE* provides an illuminating understanding about where we've been and where we're headed as a nation with respect to our fossil-fuel consumption, our environment, our financial system, our security, and our place on the global stage. It uncovers the truth behind oil pricing including its speculation and manipulation, the politics of oil and its impact on our security, oil's influence on our domestic and foreign policies, OPEC's success, and the menacing impact of oil on the

environment. OIL AND FINANCE presents a real-time account of a nation in crisis. Filled with contemplations and reactions, it is also a call to arms and a battle plan. It communicates how we can reduce our dependence on foreign oil, develop alternative energy sources, stabilize our economy, shore up our national security and prosper as a people.

Reorganization Plans of 1961: No. 1, Securities and Exchange Commission United States. Congress. Senate. Committee on Government Operations, 1961

And I Quote Ashton Applewhite, Tripp Evans, Andrew Frothingham, 1992-01-15 Collection of quotes for the successful writer and speechmaker.

In Solitude, for Company Wystan Hugh Auden, 1995 The third volume of Auden Studeis presents Auden in maturity, and includes a large amount of previously unpublished prose by him. The book concentrates on the relatively unexplored area of Auden's post-1940 writings, and the letters, essay, and lectures printed here demonstrate the Goethean scope of his intellect, which ranged easily from psychoanalysis to theology, archaeology to politics. In Solitude, for Company contains two hitherto unpublished and little-known lectures. The first of these, introduced by Nicholas Jenkins, is on the theme of vocation, delivered during the troubled war years when Auden was examining his own vocation. The second lecture was given near the end of the poet's life, on the subject of the value of the work of Sigmund Freud. Katherine Bucknell precedes this with the first full-length examination of Auden's intensely ambivalent relation to Freud. Auden's correspondence with his close friends James and Tania Stern reveals much new and important biographical information, and Edward Mendelson's further supplement to the Auden Bibliography provides an extensive listing of all published letters by Auden. In addition, distinguished literary critics, including David Bromwich, Lawrence Lipking, Edna Longley, and Michael Wood, together with the nonagenarian communist Edward Upward, contribute to a symposium on one of this century's most famous poems, 'In Praise of Limestone'.

They Never Said It : A Book of Fake Quotes, Misquotes, and Misleading Attributions Paul F. Boller Jr. Emeritus Professor of History Texas Christian University, Oklahoma John George Jr. Professor of Political Science and Sociology Central State University, 1989-05-18 Abraham Lincoln never said, You cannot fool all the people all the time. Thomas Jefferson never said, That government is best which governs least. And Horace Greeley never said, Go west, young man. In They Never Said It, Paul Boller, Jr., and John George examine hundreds of misquotations, incorrect attributions, and blatant fabrications, outlining the origins of the quotes and revealing why they should be consigned to the historical trashcan. Many of the misquotes are quite harmless. Some are inadvertent misquotes that have become popular (Shakespeare actually said, The best part of valor is discretion), others, the inventions of reporters embellishing a story (Franklin Roosevelt never opened a speech to a DAR group with the salutation, My fellow immigrants). But some of the quotes, such as Charles Darwin's supposed deathbed recantation of evolution, are blatantly dishonest and falsify the historical record. And others are chillingly

vicious, filled with virulent racial and religious prejudices that completely distort the views of the person supposedly quoted and spread distrust and hatred among the gullible. These include the forged remarks attributed to Benjamin Franklin that Jews should be excluded from America, and the fabricated condemnation of Catholics attributed to Lincoln. An entertaining and yet thought-provoking book, *They Never Said It* sorts out a great deal of history and sets it right, going beyond a mere catalog of popular misconceptions to reveal how conservatives and liberals, atheists and evangelists, all have at times twisted and even invented the words of eminent figures to promote their own ends. It is the ultimate debunking reference, a perfect complement to handbooks of quotations.

Foucault, Feminism, and Power Nina L. Molinaro, 1991 This study focuses on Esther Tusquets's published work (four novels and a collection of short stories) and elaborates a potential aesthetics of power as it is manifested in and through narrative. The five analytical chapters are framed by an introduction and a conclusion that suggest theoretical issues and approaches.
