*Exalting Jesus in Acts* Tony Merida, 2017-07-01 Edited by David Platt, Daniel L. Akin, and Tony Merida, this new commentary series, projected to be 48 volumes, takes a Christ-centered approach to expositing each book of the Bible. Rather than a verse-by-verse approach, the authors have crafted chapters that explain and apply key passages in their assigned Bible books. Readers will learn to see Christ in all aspects of Scripture, and they will be encouraged by the devotional nature of each exposition. Projected contributors to the series include notable authors such as Russell D. Moore, Al Mohler, Matt Chandler, Francis Chan, Mark Dever, and others.

**Orphic Tradition and the Birth of the Gods** Dwayne A. Meisner, 2018 Meisner offers a new interpretation of four Orphic theogonies: Derveni, Eudemian, Hieronyman, and Rhapsodic. The fragments of these poems, thought to be written by Orpheus, contained narratives of the creation of the cosmos and the births of the gods, but differed from the mainstream account of Hesiod's Theogony.

Finding God Bill Glenn, 2022-04-19 Ideas matter. What you believe affects everything you do. It influences how you think and talk, what you value and want, who you view as a role model, where you spend your time, how you treat others. It determines who you become in life....and where you live after death. I was raised by a Christian mother and regularly attended worship services as a child. I was baptized when I was 10. But during my secular college experience, I was confronted with ideas that challenged my religious beliefs. Some of my intelligent and educated professors said materialistic chance had displaced God as the creator of all things. My mom loved me and I didn't think she would intentionally lie to me, but she had never even been to college! As much as I loved her, nobody wants to be duped. I wanted and needed to know the truth. So I spent some agonizing years weighing the evidence concerning God and Christianity, until finally a number of simple but far-reaching revelations became obvious to me. I eventually arrived at the unwavering conclusion that those accomplished but misguided professors were simply wrong. And I came to recognize evolution as a pseudoscience, long on bluster but short on facts. Finding God begins by giving you a solid foundation for belief in an amazing, loving, eternal God. (And you don't have to take my word for it. Some of the world's greatest minds, past and present, provide strong support for that belief.) Then it adds several firm principles to strengthen your faith. Whether you look far out into the cosmos or peer deep inside the cell, God is there. Read...and believe!

**Liberated by God's Grace** Anne Burghardt, 2016-09-01 In these four booklets, theologians from all parts of the world reflect on the main theme and three sub-themes (Liberated by God's Grace: Salvation—Not for Sale; Human Beings—Not for Sale; Creation—Not for Sale) of the Lutheran World Federation's commemoration of the 500th Anniversary of the Reformation. This collection of essays provides profound insights into the crucial issues and challenges daily faced by the members of the worldwide Lutheran communion in very diverse contexts. The theological concept of justification by God's grace and its consequences for different dimensions of life serve as the main guiding principles for the essays, each one of which is accompanied by three questions that invite to further contextual reflection on the subject. This work comes in a boxed set of four booklets, which can only be purchased together: Booklet 1: Liberated by God's Grace - 500 years of Reformation Booklet 2: Salvation - Not for Sale Booklet 3: Human Beings - Not for Sale Booklet 4: Creation - Not for Sale A German translation will be published next year.

**Recovering the Full Mission of God** Dean Flemming, 2013-10-04 Should our proclamation of the gospel be in words or deeds or both? What do the Scriptures say? New Testament scholar and missionary Dean Flemming takes a look at this disputed question. Rooted in the Old Testament and covering the Gospels, Paul, Acts, Peter and Revelation, Flemming provides a biblically sound basis for holistic evangelism.

*The Psalms in the New Testament* Rev. Steven D. Harduk BRE MDiv CH, 2022-07-18 The Psalms in the New Testament is a study of various Psalm quotations in the New Testament with addition material on the Psalms, their structure, history, theology, themes, and use in worship. The Psalms are more than exquisite and emotional expressions of our faith, they reveal the foundation and unity of our theology. They show that our New Testament beliefs are rooted in the Old Testament. Our Judeo-Christian faith is ancient, yet just as relevant today as it was thousands of years ago. The focus is upon seventeen specific Psalm quotes to show the wonderful theology in the Psalms, which fully merges into the New Testament, especially in the area of Christology. In studying these portions of Scripture, we are connected with the saints of old. We share in their struggles, hurts, anger, and confusion, yet by faith see the working of God in our lives. These songs, whether they be laments or praises, reveal our human condition and that our greatest purpose is to glorify God. Like them, we meditate upon well-known verses to see the wonderful works of God. We are reminded to trust in the Lord; that ultimately the only thing that truly matters is to know God and obediently walk with Him. May this brief study in the most quoted Old Testament book encourage you to rejoice in the person and salvation of our Lord Jesus Christ!

**Art Of Memory** F A Yates, 2013-10-08 First Published in 1999. This title is the third volume in the ten-volume set titled the Selected Works of Frances Yates. Greyscale illustrations and figures are included throughout - alongside the related descriptive work where applicable. The art in this volume seeks to memorise through a technique of impressing 'places' and 'images' on memory. It has usually been classed as 'mnemotechnics', which appears an unimportant branch of human

activity. However, the author discusses in this title that the manipulation of images in memory must always, to some extent, involve the psyche.

**Doctrinal Quotes volume I** Brian Koralewski, 2010-07-29 A collection of the most interesting quotes from current and past Apostles & Prophets of The Church of Jesus Christ of Latter-day Saints on the most interesting topics. A few quotes are from B.H. Roberts, Joseph Smith Sr., Martin Harris, David Whitmer, etc., and scholars and other qualified sources. This collection is valuable, but please note that most of the quotations are not official church doctrine. Official church doctrine can be determined if a statement was unanimously agreed on by the 1st Presidency of the Church. Most of the quotes here are simply personal opinions on non-basic doctrines, which were published privately by their respective authors. For key official doctrines of The Church of Jesus Christ of Latter-day Saints, please visit [www.lds.org](http://www.lds.org).

**The Ancient Story of God-With-Us** Ray C. Robles, 2025-04-08 What is forming you? We often assume that our identities are formed and created only when we intend them to be. But what if our quest for discerning the deepest truths about ourselves, our God, and our world are already governed by appetites and ways of thinking that are so fixed in our collective imaginations, we don't even know that they're there? This book is aimed at exposing those hidden assumptions that have kept us feeling like God is distant while we remain divided, anxious, and afraid—despite our best efforts to overcome through private prayer and Bible reading. The Ancient Story of God-With-Us is about the good news that you don't have to think or pray your way out of this wilderness by yourself. Through our storied identity with God, we have been gifted deep wells from which to draw again and again as the Spirit woos us deeper into the inexhaustible mystery of the triune God-with-us. God is alive. We have nothing to fear.

**Man's Fate and God's Choice** Bhimeswara Challa, 2021-06-29 Stagnate as a 'creepy caterpillar' or transform into a 'beauteous butterfly'-this path-breaking book of a rare genre suggests-is the seminal choice before mankind, and every one of us. In this setting, the book raises some fundamental questions: What is man's rightful place in the cosmos and his manifest destiny on earth? Why are we so self-righteously self-destructive? Are we a doomed species? Or 'divine' beings struggling to overcome the hubris of the human intellect? Is God getting weary of mankind? How should we synergize human effort and Divine Grace? The book posits that any betterment in human behavior needs a cathartic change at the deepest levels. That requires diluting the dominance of the mind and reawakening the long-dormant intelligence of the human heart. To meet that challenge, we need minimum numbers, a 'critical mass' to create self-sustained momentum for transformation through consciousness change. And every single human of this generation should behave in such a way that he or she is that single person whose transformation could make the decisive species-scale difference. The book offers a menu of ideas and an agenda of action. This book could be itself become an input to mobilize that very 'critical mass' it advocates for human transformation. Well-planned and cohesively written, the book is noteworthy for its delightful blend of information and

arguments, and reveals the depth of the author's understanding of the human predicament... This is a closely argued and thought-provoking book... The Hindu, 13 Sept 2011 [This book] is a gripping exposition on human nature and self-transformation without preference to religion... Challa has critically provided a foundational argument for a deeper discussion of philosophical and practical ideals concerning self-transformation... harmonizing the head and the heart is the way for humans to function as spiritual beings. Recommended by the USR. The US Review of Books [The author] reflects upon the crisis of contemporary civilizations and outlines a blueprint for a new world order based on progressive spiritual values and change of human consciousness. The strength of this treatise is the sweep of Challa's reach and his treatment of a vastly complex set of issues that bedevil humankind today... India International Center Quarterly, Summer 2012 As a thinker and erudite scholar, [the author] has made a profound study of the world situation and the moral decadence of man... [This book] deserves to be on the shelves of university, college and public libraries... Triveni Magazine, July-Sept 2011 It is difficult to pigeon-hole this book as... a 'prophetic discourse', a 'journey into the human mind', a 'guide for human survival', a 'spiritual treatise'. It is an amalgam of all these and more... the volume reaches out to those who are already uneasy about the way we on this earth are progressing. The Book Review, India, June 2013

*God as Creator in Acts 17:24* Jennifer Marie Creamer, 2017-08-25 The Areopagus speech of Acts provides a helpful study of how Paul both engaged and confronted the contemporary culture of his day to present the message of Christianity to his hearers in Athens. How does Paul, as a Jew, contextualize the message for his audience of Stoic and Epicurean philosophers in Athens on the topic of God as Creator in Acts 17:24? Paul touches on a subject of contentious debate between Stoics and Epicureans when he identifies God as Creator. Stoics believed in a creating deity, something akin to Plato's demiurge of the Timaeus. Epicureans ridiculed such an idea. By using the identification of God as Creator, Paul engages a common controversy between schools of philosophy.

**The Christians' God Does Not Exist! Yes, He/She Does!** Proncell F. Johnson Jr., 2018-02-22 The Christians' God Does Not Exist! Yes, He/She Does! By: Proncell F. Johnson Jr. Carl Sagan, popular astronomer, cosmologist, astrophysicist, and astrobiologist wrote: "We are Star Stuff which has taken its destiny into its own hands." The scientific community basically agrees that everything is made of atoms. Proncell F. Johnson Jr. says that they are all wrong! Johnson shows that the material universe (along with us mortals) is one big illusion for all things are actually incorporeal/spiritual, the manifestation of the spiritual being we Christians have come to call God. He says that the realization of and utilization of this fact will enable one to duplicate for himself the "so-called" miracles of Christ Jesus in degrees, thus proving the existence of this God, and the non-existence of matter. Johnson's proof is based upon a law of physics that make it all but impossible to refute as the below reviews confirm.

The Canonical Hebrew Bible Rolff Rendtorff, 2019-05-21 Founded on a lifetime's research and creative thought, this is the crowning work of an internationally celebrated Hebrew Bible/Old Testament scholar. Part I provides an engaging running commentary on the text from a final-form, canonical perspective, and Part II deals with a range of thematic issues, including: creation, covenant and election, the patriarchs, the promised land, torah, cult, Moses, David, Zion, language about God, prophecy, wisdom, Israel's historical consciousness, hermeneutics, Jewish and Christian theology of the Hebrew Bible. It is both an invaluable tool for students and a significant work demanding the attention of professionals.

In the Solitude of the Night Virginia Egbujor, 2017-12-30 A volunteer named Joyce Ryan lost her befriended elderly lady; in an unexpected circumstance. In general terms, it brought to the fore the widespread concept of loneliness and isolation; particularly in the elderly and the disabled. The sad occurrence caused the bereaved volunteer, and her associates to

instigate debates and discussions, including reviews of the structure of care and contacts with those deemed to be vulnerable in the United Kingdom. The time, and nature of her befriended elderly lady's loss, brought back memories of her early deprivations in her own life. She also had extended reflections on the caring, giving and inclusive life of the lady that passed away.

*Conflict Over Wisdom* Harm-Jan Inkelaar, 2011 Slightly shortened version of the author's thesis (Ph.D.)--University of Tilburg, 2010, originally presented under the title: Conflict on wisdom: the role of scripture in 1 Corinthians 1-4.

**The Art of Memory** Frances A Yates, 2011-10-31 This unique and brilliant book is a history of human knowledge. Before the invention of printing, a trained memory was of vital importance. Based on a technique of impressing 'places' and 'images' on the mind, the ancient Greeks created an elaborate memory system which in turn was inherited by the Romans and passed into the European tradition, to be revived, in occult form, during the Renaissance. Frances Yates sheds light on Dante's Divine Comedy, the form of the Shakespearian theatre and the history of ancient architecture; The Art of Memory is an invaluable contribution to aesthetics and psychology, and to the history of philosophy, of science and of literature.
