L'euthanasie Michel Maret, 2000 Cet ouvrage aborde la question de l'euthanasie dans sa globalité : aspects historiques, socio-médicaux, juridiques, philosophiques, anthropologiques, éthiques, et théologiques. Cependant, il va à contre-courant d'une certaine mentalité moderne, en montrant que l'on peut être parfaitement tolérant en refusant l'euthanasie.

Suicide Risk Assessment and Prevention Maurizio Pompili, 2022-12-19 This book explores suicide prevention perspectives from around the world, considering both professionals' points of view as well as first-person accounts from suicidal individuals. Scholars around the globe have puzzled over what makes a person suicidal and what is in the minds of those individuals who die by suicide. Most often the focus is not on the motives for suicide, nor on the phenomenology of this act, but on what is found from small cohorts of suicidal individuals. This book offers a tentative synthesis of a complex phenomenon, and sheds some light on models of suicide that are less frequently encountered in the literature. Written by international experts, it makes a valuable contribution to the field of suicidology that appeals to a wide readership, from mental health professionals to researchers in suicidology and students.

Postvention in Action Karl Andriessen, Karolina Krysinska, Onja Grad, 2019-12-09 A unique and comprehensive handbook presenting the state of the art in suicide bereavement support. Suicide is not merely the act of an individual; it always has an effect on others and can even increase the risk of suicide in the bereaved. The International Association for Suicide Prevention, the World Health Organisation, and others have recognized postvention as an important strategy for suicide prevention. This unique and comprehensive handbook, authored by nearly 100 international experts, including researchers, clinicians, support group facilitators, and survivors, presents the state of the art in suicide bereavement support. The first part examines the key concepts and the processes that the bereaved experience and illustrates them with illuminating clinical vignettes. The second and third parts look in detail at suicide bereavement support in all the relevant settings (including general practices, the workplace, online and many others) as well as in specific groups (such as health care workers). In the concluding section, the support provided for those bereaved by suicide in no less than 23 countries is explored in detail, showing that postvention is becoming a worldwide strategy for suicide prevention. These chapters provide useful lessons and inspiration for extending and improving postvention in new and existing areas. This unique handbook is thus essential reading for anyone involved in suicide prevention or postvention research and practice.

Euthanasia and Law in Europe John Griffiths, Heleen Weyers, Maurice Adams, 2008-05-21 This book is a successor to J Griffiths, A Bood and H Weyers, *Euthanasia and Law in the Netherlands* (Amsterdam University Press 1998) which was widely praised for its thoroughness, clarity, and accuracy. The new book emphasises recent legal developments and new research, and has been expanded to include a full treatment of Belgium, where since 2002 euthanasia has also become legal. The book also includes descriptions written by local specialists of the legal situation and what is known about actual practice in a number of other European countries (England and Wales, France, Italy, Scandinavia, Spain, Switzerland). The book strives for as complete and dispassionate a description of the situation as possible. It covers in detail: - the substantive law applicable to euthanasia, physician-assisted suicide, withholding and withdrawing treatment, use of pain relief in potentially lethal doses, palliative and terminal sedation, and termination of life without a request (in particular in the case of newborn babies); - the process of legal development that has led to the current state of the law; - the system of legal control and its operation in practice; - the results of empirical research concerning actual medical practice. A concluding part deals with some general questions that arise out of the material presented: Is the legalisation of euthanasia an example of the decline of law or should it, on the contrary, be seen as part and parcel of the increasing juridification of the doctor-patient relationship? Does the Dutch experience with legalised euthanasia support the idea of a 'slippery slope' toward a situation in which life- especially of the more vulnerable members of society- is less effectively protected? Is it possible to explain and to predict when a society will decide to legalise euthanasia?

Crisis, 1984

Leur peau contre la mienne Janine Mossuz-Lavau, 2005-04-06 Claudine a cinquante ans, un âge auquel les hommes recommencent leur vie avec de plus jeunes femmes. Claudine, elle, s'adonne aux jeux de la séduction. Elle entame avec Pierre, violoniste réputé, une liaison intense qu'elle espérait depuis longtemps, et s'interroge sur la façon de se comporter avec lui. Universitaire, divorcée, mère de deux filles, elle consigne jour après jour ses doutes, ses espoirs, même lorsque son amant lui annonce sa rencontre avec une très jeune fille. Qu'à cela ne tienne, Claudine se lance dans de nouvelles conquêtes... Ironique et sensible, elle nous fait partager son quotidien jusque dans ses détails les plus intimes, elle nous ouvre son univers bâti autour du cinéma, de la chanson et de l'humour. Un roman leste et réaliste qui donnera aux femmes des raisons d'espérer et aux hommes des raisons de douter

Nouveau Paris Match, 1983-07

Marie, un peu de biais Marie de Biet, 2013-12-12 Marie, une jeune femme de bonne famille mène une vie à la dérive

jusqu'au jour où elle atterrit dans un centre de soin. Elle arrête l'alcool, les drogues et ses petits voyages à l'ouest. Elle essaye la vie autrement. Elle écrit Marie, un peu de biais, un roman pour essayer de comprendre comment les choses ont pu aller autant de travers. Il s'agit d'une autobiographie anonyme, un livre où tout est aussi vrai que l'auteure est capable de voir, sauf qu'on ne sait pas qui elle est, parce qu'elle se dit qu'elle a bien le droit de parler d'elle, mais pas forcément de nommer tous les autres autour, qui n'ont rien demandé.

Fin de vie Gilles Antonowicz, 2007-03-07 Le 22 avril 2005 a été votée la loi sur le droit des malades et la fin de vie, également connue sous le nom de « loi Leonetti », votée à la suite de l'affaire Vincent Humbert. Selon 62 % des Français, cet événement est celui pour lequel le déficit d'information est apparu le plus criant et le plus regrettable. Ce besoin d'en savoir plus n'a rien d'étonnant, s'agissant d'une question de société et d'une réflexion éthique auxquelles chacun, directement ou indirectement, ne peut manquer d'être confronté un jour ou l'autre. On peut le mesurer à l'intérêt que suscitent les œuvres littéraires ou cinématographiques abordant ces thèmes. Les succès du dernier livre de Benoîte Groult, La Touche étoile, ou de films comme Les Invasions barbares, Million Dollar Baby ou Mar Adentro, en portent témoignage. Le silence médiatique entourant cette loi n'en apparaît que plus incongru. Cet ouvrage entend répondre à ces attentes et combler cette carence, tant il est vrai qu'en ces instants difficiles l'angoisse et le désarroi naissent bien souvent de l'ignorance dans laquelle est tenu le public.

Où subsiste encore ton écho Aline Angoustures, 2025-02-15 Qu'y a-t-il de commun entre les rues de Téhéran et la côte bretonne ? Entre les premiers émois de l'adolescence et une dernière rencontre ? Le destin d'une femme de son siècle, ponctué, balisé, sanctionné par tous les accidents de la vie. Une mère mélancolique, un fils en crise, une amie malade... De quoi baisser les bras ? Pas forcément. Jeanne traverse l'existence en s'accommodant de ses doutes et en sublimant ses rêves. Avec elle, l'auteur nous promène à travers la petite et la grande histoire avec l'humour désespéré propre aux vrais écrivains.

Reconfigurations de l'Etat social en pratique Marie-Christine Bureau, 2012-01-20 Comment les acteurs publics, professionnels et citoyens contribuent-ils à reconfigurer l'État social en France ? À partir de nombreuses études de cas, cet ouvrage a pour ambition de mettre à jour les tendances à l'œuvre dans le champ de l'intervention sociale mais aussi les contradictions qui traversent l'action publique, ainsi que les fenêtres démocratiques qui s'ouvrent au cœur de ces contradictions. On constate ainsi que le contrôle social prend aujourd'hui des formes renouvelées, mais qu'il suscite aussi des modalités inédites de résistance de la part des professionnels. Le triomphe de l'éthique se fait au détriment d'un projet politique de grande envergure, tandis que la rationalisation gestionnaire qui caractérise l'évolution du management dans le champ du social, hypothèque la construction de politiques sociales audacieuses et attentives à la subjectivité des personnes. Pourtant, les citoyens disposent aussi, en particulier par le biais des mobilisations associatives et de la publicisation sur Internet, de nouveaux moyens pour se faire entendre, tenter de rééquilibrer les rapports de domination qu'ils subissent et

contribuer à faire évoluer les institutions.

Le jour et l'heure Guy Bedos, 2008-11-05 Il a beau être cinéaste et non pas acteur ni humoriste, le narrateur du Jour et l'heure ressemble à Guy Bedos comme deux gouttes de fiel et deux pincées d'arsenic. Son succès est derrière lui, il en veut à la terre entière, n'est plus tout jeune et songe sérieusement à en finir bientôt avec la vie. Sa seule condition : choisir le jour et l'heure. Mais il n'a pas prévu qu'en laissant traîner les pages où il exprime sa colère et son ressentiment, ses pulsions suicidaires et ses dernières pensées amoureuses, chacun de ses enfants aura le loisir à tour de rôle de les découvrir, de les lire, de lui répondre. Pour son premier roman, aussi décapant et incorrect que l'on pouvait l'espérer, sinon l'imaginer, Bedos a donc choisi le livre à plusieurs voix : un père, son fils, ses filles. Oui, ce personnage attachant et insupportable, terriblement lucide sur le monde qui l'entoure, proche et lointain, possède bien le ton et la force de son auteur, mais aussi bien sûr, et surtout, un vrai désespoir de juif new-yorkais qui serait né accidentellement en Algérie, avant-guerre.

La Responsabilité civile du fait des bases de données Etienne Montero, 1998 L'essor des bases de données automatisées imprime à l'activité d'information une logique nouvelle de production de masse et de diffusion à grande échelle. Les solutions élaborées par la jurisprudence relative à la transmission de renseignements inexacts sont-elles aisément transposables au domaine des bases de données ? Dans quelle mesure les principes de la responsabilité civile s'appliquent-ils à la fourniture d'une information dont les conditions de collecte, de traitement et de diffusion sont transformées ?

Les 1001 vies des livres Eric Dussert, Eric Walbecq, 2014-10-01 Les livres peuplent nos bibliothèques pourtant nous savons bien peu de choses sur eux, sur leurs vies, leurs excès, leurs appas, leur génie, leur mort... Depuis les scandales qui ont émaillé la vie littéraire jusqu'à la gloire éternelle des écrivains maudits, sans oublier les autodafés et autres tentatives de censure, il faut explorer Les 1001 vies des livres pour comprendre leur pouvoir de fascination. Éric Dussert et Éric Walbecq partagent ici leur amour des livres, qu'ils soient brochure, opuscule, somme ou recueil, en relatant les moments les plus réjouissants de leur riche histoire. Des récits saugrenus, édifiants, des anecdotes curieuses ou bien tragiques - et parfois mortelles -, de celles qui ne peuvent survenir que dans la vie d'un bibliomane.
