Homeschooling on a Budget Jessica Marie Baumgartner, 2022-06-28 In *Homeschooling on a Budget*, veteran homeschooling mother Jessica Marie Baumgartner dismantles the myth that quality education requires thousands of dollars in specialized materials and programs. Drawing from her decade of experience teaching four children on a modest family income, she delivers a practical, no-nonsense guide that proves excellent homeschooling is achievable for families of all economic backgrounds. Baumgartner walks readers through every aspect of affordable homeschooling, from utilizing free community resources like libraries and museums to finding low-cost curriculum materials and enrichment activities. She offers candid insights about navigating homeschooling co-ops, conventions, online resources, and workforce training without breaking the bank. The book addresses common concerns about socialization, graduation requirements, and preparing students for higher education or careers. With refreshing honesty and pragmatism, Baumgartner shares her family's journey through various educational approaches, teaching readers to identify what truly matters in education versus expensive trappings that add little value. She provides concrete examples of how to stretch each dollar while providing rich, customized learning experiences that cater to each child's unique needs and interests. Whether you're a seasoned homeschooler looking to reduce costs or a family considering homeschooling but worried about affordability, this guide provides the encouragement and practical tools needed to confidently educate your children without financial strain. If you enjoyed *The Brave Learner*, *The Homeschool Highway*, or *Homeschooling for Absolute Beginners*, you'll love *Homeschooling on a Budget*.

Modern Reading Practices and Collaboration Between Schools, Family, and Community Almeida, Ana Patrícia, Esteves, Sandrina, 2022-04-29 Language is one of the greatest predictors of personal, social, academic, and professional success. No one is born a reader; instead, learning to read is a process that requires time, effort, and availability. The only way for reading comprehension to develop is through practice: one learns to read by reading. As such, it is integral to acknowledge the importance of knowing how to read and facilitating this skill in schools and at home. Reading is a cornerstone for learning and no child will know academic success if their reading ability is compromised. *Modern Reading Practices and Collaboration Between Schools, Family, and Community* is a premier reference book that consolidates knowledge on reading competence. It presents the processes inherent in the act of reading and the mechanisms underlying the teaching and learning of reading, as well as all recent research in this area. Covering topics such as communication development, learning motivation, and transliteracy, this innovative title is an excellent resource for preservice teachers, childhood educators, educators of K-12 and higher education, academic libraries, teacher training lecturers, faculty and administration of K-12 and higher education, researchers, and academicians.

Research Methods in Publishing and Book Studies Rachel Noorda, Corinna Norrick-Rühl, 2025-09-02 Establishing the unique opportunities and characteristics of doing research in publishing and book studies, this book demonstrates and evaluates the range of research methods that are available to students when conducting research within the field. Organized into three main parts, prefaced by a general introduction to the discipline, *Research Methods in Publishing and Book Studies* considers qualitative and quantitative methods and methods of data analysis in turn. Each chapter within these sections features: Details and logistics of the research method, including specific ethical considerations, disciplinary history, and distinguishing features when compared to other methods. Advantages and disadvantages of the method, helping students evaluate and choose the right method for their research. A case study of the Method in Action, written by featured authors with expertise in that area. Study questions to help readers test and solidify their knowledge. Further reading suggestions. By the end of the book, students will have a sound understanding of the methods commonly used in book and publishing

studies and will be able to confidently identify and select methods for their own research projects and dissertations. This book is an essential resource for advanced undergraduate and postgraduate students and researchers in book and publishing studies.

Apps for Librarians Nicole Hennig, 2014-09-24 How can your library—and your patrons—benefit from mobile apps? This guidebook offers a solid foundation in app-literacy, supplying librarians with the knowledge to review and recommend apps, offer workshops, and become the app expert for their communities. Smartphones and other mobile devices that support downloadable applications—universally referred to as apps—can be used to foster productivity, conduct research, or read and study. Additionally, savvy librarians can better serve their communities by gaining expertise in mobile technologies and being qualified to make app recommendations to patrons. This book introduces you to the apps that can help you save time and increase your own productivity as well as serve as a curator and reviewer of apps and resident expert to benefit your patrons. *Apps for Librarians: Using the Best Mobile Technology to Educate, Create, and Engage* will save you from wading through and learning about the millions of apps available today and direct you to the very best apps in areas important to education, the workplace, and professional development. Organized by function—reading, writing, reference, multi-media, and productivity—apps are profiled with the following information: title, developer, price, platforms, general description, examples of use, and key features that make it worthwhile for learning and creative work.

We, the Students and Teachers Robert W. Maloy, Irene S. LaRoche, 2014-12-03 Provides practical applications of democratic teaching for classes in history/social studies education, multicultural and social justice education, community service and civic engagement, and education and public policy. *We, the Students and Teachers* shows history and social studies educators how to make school classrooms into democratic spaces for teaching and learning. The book offers practical strategies and lesson ideas for transforming democratic theory into instructional practice. It stresses the importance of students and teachers working together to create community and change. The book serves as an essential text for history and social studies teaching methods courses as well as professional development and inservice programs for history and social studies teachers at all grade levels. □ The key to the excellent potential of this book is its assertion that democratic teaching can be linked to content, especially historical content, not just to a generic notion of □ student-centered instruction. □ The theory-to-practice emphasis is very explicit, as is the emphasis on the voices of the teachers and students who participated in the research. The book also takes a highly creative approach to its topic that I find very refreshing. □ □ Elizabeth Washington, University of Florida □ This is an important book. Maloy and LaRoche reveal the challenges that face historians as we grapple with increasingly fraught public and political perceptions of our discipline. Their strategies for reconstituting the classroom as a laboratory for instilling democratic values and practices are both ingenious and practical. □ □ Dane Morrison, author of *True Yankees: Sea Captains, the South Seas, and the Discovery of American Identity*

Optimizing Pianism Cameron Roberts,2025-03-04 Drawing on his expertise as a medical professional and active pianist, Cameron Roberts provides an understanding of how virtuosic piano playing works from an evidence-based, scientific perspective. Using accessible language, this wealth of information will help readers steer away from uncertainty, suboptimal performance, and injury.

Missing Peaces Hayley E. Barnes,2019-02-21 Have you ever been stuck and wondered if there is more God wants for you? I have. Have you been stuck in fear of taking the next step toward, facing your past, or even embracing your journey as it is? I have. Perhaps you have made mistakes or blamed yourself for things that weren't meant for you to carry. I have. This book isn't meant to be a step-by-step guide on how to get from your personal Egypt to the Promised Land, but I hope this book encourages you or one person to step out in the faith that God wants to heal you and use you. Believe that the past is something we may try to hold on to yet we must let go of in order to move ahead and trust that the journey out of Egypt is worth it. I pray for whoever reads this book that your journey brings you peace and closer to God.

8 Rules of Love Jay Shetty,2023-01-31 The author of the #1 New York Times bestseller Think Like a Monk offers a revelatory guide to every stage of romance, drawing on ancient wisdom and new science. Nobody sits us down and teaches us how to love. So we're often thrown into relationships with nothing but romance movies and pop culture to help us muddle through. Until now. Instead of presenting love as an ethereal concept or a collection of cliches, Jay Shetty lays out specific, actionable steps to help you develop the skills to practice and nurture love better than ever before. He shares insights on how to win or lose together, how to define love, and why you don't break in a break-up. Inspired by Vedic wisdom and modern science, he tackles the entire relationship cycle, from first dates to moving in together to breaking up and starting over. And he shows us how to avoid falling for false promises and unfulfilling partners. By living Jay Shetty's eight rules, we can all love ourselves, our partner, and the world better than we ever thought possible.

On the Go with Senior Services Phyllis Goodman,2020-02-06 Not only does this book offer insights into how to better serve all seniors, but it also provides complete step-by-step instructions for dozens of exciting and engaging programs that can be held both onsite and offsite. While serving the senior population is a standard service in public libraries, it has traditionally focused on in-house programs and homebound services. On the Go with Senior Services is different. With this inspiring and practical guide, your library can rejuvenate its in-house services with new programs and also take them on the road—to retirement and assisted living communities, adult day care programs, and nursing homes and rehab centers. With such diversity in the senior population, this book describes strategies for designing senior programs that fit your community's needs. It offers a trove of templates for programs that range from crafts, word games, pop culture, pets, holidays, humor, mysteries, technology, and music. It offers tips and suggestions on how to interact with seniors, including those who may have a variety of physical and cognitive needs. There are also guidelines for working with individuals suffering from

dementia. A robust list of further resources is provided. The growing population of seniors presents librarians with new challenges and opportunities, and this book is a valuable guide to navigating and embracing them.

The Edge of the Precipice Paul Socken,2013-09-01 Can a case be made for reading literature in the digital age? Does literature still matter in this era of instant information? Is it even possible to advocate for serious, sustained reading with all manner of social media distracting us, fragmenting our concentration, and demanding short, rapid communication? In *The Edge of the Precipice*, Paul Socken brings together a thoughtful group of writers, editors, philosophers, librarians, archivists, and literary critics from Canada, the US, France, England, South Africa, and Australia to contemplate the state of literature in the twenty-first century. Including essays by outstanding contributors such as Alberto Manguel, Mark Kingwell, Lori Saint-Martin, Sven Birkerts, Katia Grubisic, Drew Nelles, and J. Hillis Miller, this collection presents a range of perspectives about the importance of reading literature today. *The Edge of the Precipice* is a passionate, articulate, and entertaining collection that reflects on the role of literature in our society and asks if it is now under siege. Contributors include Michael Austin (Newman University), Sven Birkerts (author), Stephen Brockmann (Carnegie-Mellon University), Vincent Giroud (University of Franche-Comté), Katia Grubisic (poet), Mark Kingwell (University of Toronto), Alberto Manguel (author), J. Hillis Miller (University of California, Irvine), Drew Nelles (editor-in-chief, *Maisonneuve*), Keith Oatley (University of Toronto), Ekaterina Rogatchevskaia (British Library), Leonard Rosmarin (Brock University), Lori Saint-Martin (translator, Université du Québec à Montréal), Paul Socken (University of Waterloo), and Gerhard van der Linde (University of South Africa).

Computational Thinking Education Siu-Cheung Kong,Harold Abelson,2019-07-04 This This book is open access under a CC BY 4.0 license.This book offers a comprehensive guide, covering every important aspect of computational thinking education. It provides an in-depth discussion of computational thinking, including the notion of perceiving computational thinking practices as ways of mapping models from the abstraction of data and process structures to natural phenomena. Further, it explores how computational thinking education is implemented in different regions, and how computational thinking is being integrated into subject learning in K-12 education. In closing, it discusses computational thinking from the perspective of STEM education, the use of video games to teach computational thinking, and how computational thinking is helping to transform the quality of the workforce in the textile and apparel industry.
