

Gran Libro De Cocina Colombiana

José Rafael Lovera

The Taste of Colombia Antonio Montaña,1997 It is hard to find a corner of the world where celebrations are not linked to food in one way or another. Sharing a meal, cooking special dishes, and eating symbolic foods are rituals-almost inadvertent ones-that are present in all cultures and that make up the gamut of what is known as culinary specialties or ethnic food. This 224-page book is a complete tour through Colombian cuisine, illustrated with 199 exceptional color photographs by Hans Doring that enable us to appreciate the succulent appearance of each dish and of its various ingredients. Due to Colombia's geographical and cultural variety, this country has a vast culinary repertoire that is deep rooted in its history: the native Indian and the Spaniard traditions finely seasoned at times by a pinch of African and by the various influences of immigration. This book is a treasure chest of more than 133 recipes from the diverse regions of Colombia, described with just the right amount of detail to obtain a perfect meal.

Las cocinas del paraíso Carlos Enrique "Toto" Sánchez,2024-09-13 Las Cocinas del Paraíso es una obra que pretende mostrar la riqueza y diversidad que existen en las culturas gastronómicas de Colombia, entendiendo estas como resultado de

un complejo sistema de valoraciones, ingredientes, técnicas, preparaciones, narrativas, manifestaciones culturales y formas organizativas en relación con qué, cuándo, cómo, con qué y con quién comemos los colombianos a lo largo y ancho del territorio nacional. Esta obra parte de una propuesta de regionalización del país, la cual comprende 6 regiones culturales y 22 subregiones gastronómicas, las cuales fueron definidas mediante un complejo proceso que combinó información de tipo geográfico, biológico, histórico y sociocultural. Se espera que esta obra contribuya al público en general, pero en especial a los profesionales y estudiantes de gastronomía del país, para que valoren y comprendan de mejor manera las cocinas regionales de Colombia, aportandoles además elementos que contribuyen a generar sentido de pertenencia y el fortalecimiento de la identidad.

Food Culture in South America José Rafael Lovera, 2005-05-30 This volume tells the story of the South Americans and their history through a survey of their food culture. Food in the various countries differs in some ways because of cultural heritage, cooking techniques, and geography, here divided into four zones. The traditions of the primary groups—Indians, Europeans, and Africans—and their five centuries of mixing have still resulted in a stable food culture. The foods of the Indians before European contact still play an important role, along with other foods brought by successive immigrant groups. Europeans tried to establish their staples, wheat and wine, with little success. Many dishes, cooking methods, and food habits have survived with little modification since time immemorial. Students and other readers will learn much about the South American foodways in daily life today, with special attention paid to historical perspective and any rural and urban differences. For example, in all the major cultural groups, food preparation and cooking have always been women's work, with the exception of the meat roast (asado) by llaneros and gauchos. The rise of the cooking profession is discussed as well. A fascinating look at the daily meal schedule includes insight in to how the European conquerors imposed their eating habits and encouraged overeating, with the abundance found in the New World. Modern life is shown to affect where people eat, as buying meals, often from street vendors, during the workday has become more of a necessity. The survey includes a discussion of special occasions, including agricultural celebrations and Catholic feasts with indigenous elements. The overview is completed by a chapter on diet and health, covering such topics as botanical knowledge and science and an assessment of the nutritional value of the South American staples. Classic recipes from many of the countries and illustrations complement the narrative.

Cooking Technology Steffan Igor Ayora-Diaz, 2015-12-17 New scientific discoveries, technologies and techniques often find their way into the space and equipment of domestic and professional kitchens. Using approaches based on anthropology, archaeology and history, *Cooking Technology* reveals the impact these and the associated broader socio-cultural, political and economic changes have on everyday culinary practices, explaining why people transform – or, indeed, refuse to change – their kitchens and food habits. Focusing on Mexico and Latin America, the authors look at poor, rural households as well as

the kitchens of the well-to-do and professional chefs. Topics range from state subsidies for traditional ingredients, to the promotion of fusion foods, and the meaning of kitchens and cooking in different localities, as a result of people taking their cooking technologies and ingredients with them to recreate their kitchens abroad. What emerges is an image of Latin American kitchens as places where 'traditional' and 'modern' culinary values are constantly being renegotiated. The thirteen chapters feature case studies of areas in Mexico, the American-Mexican border, Cuba, Guatemala, Costa Rica, Venezuela, Colombia, Peru, and Brazil. With contributions from an international range of leading experts, *Cooking Technology* fills an important gap in the literature and provides an excellent introduction to the topic for students and researchers working in food studies, anthropology, history, and Latin American studies.

Saberes con sabor Conxita Domènech, Andrés Lema-Hincapié, 2020-09-13 *Saberes con sabor: Culturas hispánicas a través de la cocina* es un manual avanzado que responde al creciente interés por el estudio de las prácticas culinarias y alimenticias de Ibero-América, sin desatender ni la lengua ni la cultura de esas regiones del mundo. Cada capítulo comprende aspectos vinculados con recetas, lengua, arte y teoría. Los estudiantes son expuestos a temas de geografía, historia, literatura, política, economía, religión, música e, incluso, cuestiones de género que estarían implicadas en la elaboración y en el consumo de ciertas comidas. Y, esto, mientras mejoran sus habilidades en temas esenciales y específicos del español. A lo largo del libro, están incorporados materiales de internet —como vínculos para videos, registros sonoros, referencias históricas, sitios web de cocina y contenidos suplementarios para la investigación. Muy útil en cursos universitarios, *Saberes con sabor* es un recurso original y único de aprendizaje para estudiantes fascinados por los placeres del paladar y, de igual manera, con una genuina pasión por las culturas hispánicas.

La cocina tradicional paisa Luis Gonzaga Rivera Herrera, 2013-12-02 Hablar de comida es abordar temas de historia y de arte, es comprender al ser humano en su dimensión cultural. Hace más de cien mil años nuestra especie dominó el fuego, pasaron de comer crudo a cocinar, hicieron recipientes de arcilla para conservar la comida, los diferentes pisos térmicos de valles y montañas les ofrecían vegetales, semillas y animales de gran variedad, comenzó de esta manera una cultura en el arte de cocinar y comer.

Envoltorios colombianos (cocina en hojas) Carlos Gaviria Arbeláez, 2020-09-25 En Colombia, la cocina en hojas es un

legado de nuestra cocina indígena, esto significa que, desde antes de la llegada de los españoles, la cocinera aborígen ya aprovechaba una gran variedad de hojas y con ellas preparaba diferentes recetas, muchas de las cuales durante los años de la Colonia fueron intervenidas por las cocineras españolas y africanas, y así contribuyeron al mestizaje y el enriquecimiento de nuestra cocina actual (tomado del prólogo, escrito por Julián Estrada Ochoa). Por favor, quítese el mito que cocinar maíz, moler y hacer envoltorios es algo dispendioso, que requiere campo, que necesita mucha gente o que es de Navidad. Este libro permite que usted se acerque amigablemente a estas preparaciones y que, junto con las arepas, empecemos a cocinar nuestros amasijos con identidad y orgullo.

Arepas colombianas. Carlos Gaviria, 2023-01-25 Dulces, saladas o de sabor neutro, las arepas, alimento infaltable en la alimentación de los colombianos, son las protagonistas en este libro, que compila las técnicas de preparación de 60 diferentes tipos de arepas. A partir de una masa que se arma de diferentes maneras, ya sea a mano alzada, con cortador, rellenas de doble masa, rellenas de doble arepa, cocidas en parrilla, lajas, tiestos, hornos o fritas, las arepas que se preparan en las diferentes zonas del país son de arracacha, arroz, chocolate, de maíz fermentado, maíz pelado, trillado; de ñame, de papa, de plátano, de trigo y de yuca. De forma redonda y tamaño variable, las arepas, también, varían según los ingredientes secundarios que se le adicionen, como leche, mantequilla, queso, grasa de cerdo, huevo, carne o arveja. Fáciles de preparar, calientes o frías, las arepas son exquisitas a cualquier hora del día; con café o chocolate, siempre caen bien.
