The Dain Curse Dashiell Hammett, 1929

The Dain Curse Dashiell Hammett, 2022-08-16 In 'The Dain Curse,' Dashiell Hammett weaves a complex web of murder, deceit, and occult activities that unravel through the sharp-edged, cynical narrative typical of the hard-boiled detective genre. Set against the backdrop of post-World War I America, this riveting tale showcases Hammett's literary finesse, as he deploys a terse and economical prose style that would come to define much of the crime fiction to follow. The literary context of the novel places it within the golden era of detective fiction, a genre that mirrors the disillusionment of the age while entertaining and engaging the reader with its intricate plotting and charismatic characters. Dashiell Hammett, a former Pinkerton detective, brought to his work an authenticity that few of his peers could match. His real-life experiences, infused with his narratives, lend a gritty realism to 'The Dain Curse' that elevates it beyond mere fiction. It's a novel that not only reflects Hammett's own disenchanting view of society but also digs into deeper moral and psychological themes, challenging the boundaries of the detective story of the time. 'The Dain Curse' emerges as an essential read for aficionados of the genre and newcomers alike. As a product of Dashiell Hammett's unique perspective and literary skill, it is a novel that does more than dazzle with its plot twists and turns; it offers a profound insight into the human condition. Readers who appreciate a well-crafted mystery suffused with historical authenticity will find in this book a treasure trove of intrigue and timeless relevance that continues to resonate in the collective literary consciousness.

The Dain Curse Samuel Dashiell Hammett, 1930

The Dain Curse Dashiell Hammett, 1975

The Dain Curse, The Glass Key, and Selected Stories Dashiell Hammett, 2007-09-04 One of the most popular American writers of the twentieth century, Dashiell Hammett gave us crime fiction stripped down to its most subtle and searing essentials and, at the same time, elevated to literature. The diamond-sharp prose and artfully manipulated intrigue for which he is known are on full display in the four classic short stories and two riveting novels published here in one volume. The Continental Op, Hammett's anonymous antihero, was the indelible prototype for generations of tough-guy detectives. Single-minded, emotionally detached, and decidedly unglamorous, he narrates the four linked stories collected here—"The House in Turk Street," "The Girl with the Silver Eyes," "The Big Knockover," and "\$106,000 Blood Money." In

THE DAIN CURSE, the Continental Op takes on his most bizarre case, that of a wealthy young woman who appears to be the victim of a deadly family curse. And THE GLASS KEY—Hammett's own favorite among his works—features his most cynical and morally ambiguous hero, Ned Beaumont, caught in a hard-boiled love triangle.

The Dain Curse Dashiell Hammett, 2025-01-01T09:01:00Z A diamond glinting in the grass outside the Leggetts' front door gives the first clue to a burglary, and sets our narrator on the trail of a shadowy mastermind whose plans always seem one step ahead. But whether he's having to deal with explosions, cults, car chases, or even the titular Dain family curse, our hard-boiled private detective remains calm and collected while inching closer to the truth. The unnamed narrator of *The Dain Curse* (known these days by the nickname of the Continental Op) is a detective who found his genesis among the pages of *Black Mask* magazine in 1923. This publication, from 1929, is a collection of four previously serialized interlinked short stories, and followed *Red Harvest* in a busy year for Dashiell Hammett. This book is part of the Standard Ebooks project, which produces free public domain ebooks.

The plot involves a supposed curse on the Dain family, said to inflict sudden and violent deaths upon those in their vicinity. Edgar Leggett's wife is a Dain, as is his daughter Gabrielle Leggett. The detective untangles a web of robberies, lies and murder. It is discovered that Gabrielle Leggett is also involved in a mysterious religious cult and is addicted to drugs

Criminal Femmes Fatales in American Hardboiled Crime Fiction Maysaa Husam Jaber, 2016-02-02 This book fills a gap in both literary and feminist scholarship by offering the first major study of femme fatales in hardboiled crime fiction. Maysaa Jaber shows that the criminal literary figures in the genre open up powerful spaces for imagining female agency in direct opposition to the constraining forces of patriarchy and misogyny.

The Continental Op-1928 Dashiell Hammett, 2024-05-08 1928 was a seminal year for Dashiell Hammett. He ended the series of stories known as the Poisonville stories that were later turned into the novel "Red Harvest." Later in the year he began the series of stories that were turned into the novel "The Dain Curse." In between those two series, Hammett sent his Op to the Balkans to babysit a naive rich boy who thought he might become a king by backing a coup - a lesser known comic opera done in Hammett's inimitable style.... Hookers Richard F. Mann, 2019-12-06 In Hookers, Richard F. Mann presents a provocative exploration of the often-misunderstood world of sex work, blending meticulous research with a gripping narrative style. The book skillfully navigates through personal anecdotes, sociocultural analysis, and legal discourses, showcasing the varied perspectives of sex workers while dissecting societal stigmas and taboos. Mann's narrative is grounded in a rich tapestry of interviews and field observations, placing the reader in intimate proximity to an often-ignored facet of contemporary life, shedding light on the complexities surrounding choice, autonomy, and exploitation within the sex industry. Richard F. Mann, a sociologist and cultural critic with extensive academic and field experience, draws on his background in social justice to craft this illuminating work. His passion for advocating for marginalized voices is evident throughout the text, as he seeks to challenge entrenched biases and misconceptions surrounding sex workers. Mann's firsthand experiences in various urban settings inspired him to delve into these narratives, leading to a compelling commentary on how societal norms shape identity and experience within this realm. Hookers is an essential read for anyone seeking a deeper understanding of the intersections

between society, morality, and individual agency. Mann's insightful analysis invites readers to confront uncomfortable truths, provoking critical discussions about ethics and empathy. This book serves as a clarion call for awareness, making it indispensable for scholars, activists, and anyone interested in understanding the complexities of sex work in a contemporary context.

Criminal Moves Jesper Gulddal, Alistair Rolls, Stewart King, 2019-11-26 Criminal Moves is a ground-breaking collection of essays that challenges the distinction between literary and popular fiction and proposes that crime fiction is a genre that constantly violates its own boundaries. Reorienting crime fiction studies towards the mobility of the genre, it has profound ramifications for how we read individual crime stories.

Mystery Fanfare Michael L. Cook, 1983 This work is a composite index of the complete runs of all mystery and detective fan magazines that have been published, through 1981. Added to it are indexes of many magazines of related nature. This includes magazines that are primarily oriented to boys' book collecting, the paperbacks, and the pulp magazine hero characters, since these all have a place in the mystery and detective genre.

The Rhetoric of Topics and Forms Gianna Zocco, 2021-01-18 The fourth volume of the collected papers of the ICLA congress "The Many Languages of Comparative Literature" includes articles that study thematic and formal elements of literary texts. Although the question of prioritizing either the level of content or that of form has often provoked controversies, most contributions here treat them as internally connected. While theoretical considerations inform many of the readings, the main interest of most articles can be described as rhetorical (in the widest sense) – given that the ancient discipline of rhetoric did not only include the study of rhetorical figures and tropes such as metaphor, irony, or satire, but also that of *topoi*, which were originally viewed as the 'places' where certain arguments could be found, but later came to represent the arguments or intellectual themes themselves. Another feature shared by most of the articles is the tendency of 'undeclared thematology', which not only reflects the persistence of the charge of positivism, but also shows that most scholars prefer to locate themselves within more specific, often interdisciplinary fields of literary study. In this sense, this volume does not only prove the ongoing relevance of traditional fields such as rhetoric and thematology, but provides contributions to currently flourishing research areas, among them literary multilingualism, literature and emotions, and

ecocriticism.
