

Adult My Little Pony

Kathy Merlock Jackson, Mark I. West

The My Little Pony G1 Collector's Inventory Summer Hayes, 2008 With large, full-color photos of every pony, playset, and accessory released in the U.S. in the 1980s and 1990s, this unofficial guide to the first generation of My Little Pony provides everything a collector or collectibles seller needs to identify, value, or build a collection. (Antiques/Collectibles)

The My Little Pony G3 Collector's Inventory Summer Hayes, 2007-06 A guide to the third generation of My little pony collectibles, with detailed photos for easy identification.

Meet the Bronies Patrick Edwards, Daniel P. Chadborn, Courtney N. Plante, 2019-09-11 In 2010, My Little Pony: Friendship is Magic premiered on television. A large, avid fandom soon emerged--not the pre-teen female demographic earlier versions of the franchise had been created for, but a roughly 80 percent male audience, most of them age 14-24. With this came questions about the nature of the audience who would come to call themselves bronies. Brony Studies was born. Approaching the fandom from a perspective of clinical, social and experimental psychology, this study presents eight years of research, written for academics and fans alike. An understanding of the brony fan culture has broader application for other fan communities as well.

An understanding of the brony fan culture has broader application for other fan communities as well.

Articulating the Action Figure Jonathan Alexandratos, 2017-03-31 Action figures are more than toys or collectibles--they are statements on race, gender, class, body positivity and more. This collection of nine new essays and one interview argues that action figures should be analyzed in the same light as books, movies, television shows and other media. Through an examination of the plastic bodies that fill our shelves and toy boxes, Action Figure Studies can inform the next generation of toys.

Representation in Steven Universe John R. Ziegler, Leah Richards, 2020-01-09 This book assembles ten scholarly examinations of the politics of representation in the groundbreaking animated children's television series Steven Universe. These analyses address a range of representational sites and subjects, including queerness, race, fandom, colonialism, and the environment, and provide an accessible foundation for further scholarship. The introduction contextualizes Steven Universe in the children's science-fiction and anime traditions and discusses the series' crucial mechanic of fusion. Subsequent chapters probe the fandom's expressions of queer identity, approach the series' queer force through the political potential of the animated body, consider the unequal privilege of different female characters, and trace the influence of anime director Kunihiko Ikuhara. Further chapters argue that Ronaldo allows satire of multiple media forms, focus on Onion as a surrealist trickster, and contemplate cross-species hybridity and consent. The final chapters concentrate on background art in connection with ecological and geological narratives, adopt a decolonial perspective on the Gems' legacy, and interrogate how the tension between personal and cultural narratives constantly recreates memory.

Fans Michael Bond, 2023-05-11 'A celebration of human idiosyncrasy and of our talent for building shared meaning and solidarity out of the strangest material' - TLS Fans takes the reader on a journey through a constellation of fandoms, and along the way demonstrates some fundamental truths about the human condition. Fascinating and thought-provoking, Fans is a story of communities, of what happens to us when we interact with people who share our passions. The human brain is wired to reach out, and while our groupish tendencies can bring much strife (religious intolerance, racism, war, etc.), they are also the source of some of our greatest satisfactions. Fandoms offer much of the pleasure of tribalism with little of the harm: a feeling of belonging and of shared culture, a sense of meaning and purpose, improved mental well-being, reassurance that our most outlandish convictions will be taken seriously, and the freedom to try to emulate (and dress like) our hero. But acclaimed science writer Michael Bond shows that despite these benefits, the world of fandoms is not without its dark underside, from the "copycat effect" fuelling mass shootings to the delusions that can accompany the parasocial relationships that fans feel they have with their heroes. In Fans, Michael Bond draws on the work of social psychologists and anthropologists to understand how people behave in groups and why such groups have such a profound effect on human culture.

Once Upon a Toy Kathy Merlock Jackson, Mark I. West, 2025-06-27 In the magical realm of children's play, toys and stories have a rich and complex relationship. In this collection, contributors analyze the many types of interplay between children's toys and narrative. Many of these essays explore how this relationship is portrayed in novels, films, and television programs. Others discuss how this relationship is shaped by broader historical and cultural narratives. Still other essays discuss how children create their own stories while playing with toys. Taken together, the essays speak to the myriad ways that toys are represented in popular narratives and provide insights into the meanings that toys hold for children, adults and

society.

Adult Conversation Brandy Ferner,2025-07-30 April is a thoughtful yet sarcastic mother of two who tries her best to be a caring, connected mom in a middle-class culture where motherhood has become relentless. April rages at modern motherhood's impossible pressures, her husband's Dad privilege, and her kids' incessant snack requests. She wants to enjoy motherhood, but her idealist vision and lived experience are in constant conflict with one another. Is she broken—or is motherhood? Desperate for an answer, she seeks out a therapist, and lands with an unexpected woman whose validation and wisdom gives April the clarity to reclaim herself and even start designing clothes—her pre-motherhood passion. But when the ever-elusive babysitter cancels last-minute, April finds herself back at square one. She seeks guidance, but her therapist is now dealing with her own crumbling marriage—and instead of counseling April, she convinces her to speed off to Las Vegas with her to help catch her husband cheating. With a little weed, alcohol, and topless pool hopping, plus a male stripper and some much-needed autonomy, the two find lost pieces of themselves that motherhood swallowed up. But neither one is prepared for how tested—and tempted—they will be, or for the life-altering choices their journey will force them to make. Who is guiding whom anymore?

Hot Mafia Blues: A Steamy New Adult Gay Romance Parker Avriale,2021-02-09 A contemporary MM romance set in an all-male college academy for bad boys where gay love flourishes... Bad boys often have bad dads, but Kingsley's mafia origins could blow up his new red-hot romance with seductive Stryker. Kingsley: How do you walk back the lies when your whole life is a lie? My new boyfriend is the bad boy son of a billionaire. But when he digs too deep into my past, he'll learn who the bad boy really is. Stryker: I'm going to solve the mystery in my new boy's background & make things right for him. Except the mystery only gets deeper. There's no such person as Kingsley Blake. So who the hell is the man in my bed? Hot Mafia Blues is a full-length new adult gay romance with mafia and academy themes. There is no cheating, no deep angst, and a guaranteed Happily Ever After. Stryker & Kingsley's complicated romance started in, Hot Roommate Blues, a full-length gay bully romance that explores the early days of their relationship. While the books are written to be enjoyable as standalones, you'll get the most out of them if you read in this order: *Hot Roommate Blues *Hot Mafia Blues The Last Chances Academy series is set in an elite all-male private college where gay romance between bad boys flourishes. Expect raw language, high-steam situations between high-energy men, and some on-page bullying and/or domination. All characters are over 18. Perfect for fans of Devon McCormack and Andi Jaxon.

Furscience Courtney N. Plante,Stephen Reysen,Camielle Adams,Sharon E. Roberts,Kathleen C. Gerbasi,2023-12-08 Ever wonder what makes furies tick? Those weird and wonderful folks with their colorful ears, paws, and tails? The people who draw comics, watch cartoons, and write stories about walking, talking animals? Yeah, what's that all about? Join the

Furscience team as we take you on a journey through more than a decade worth of data on the furry fandom. Learn who they are, what they do, and why they do it. Dig into the myths that surround this misunderstood community and let the data do the talking. Whether you're new to the community or a greymuzzle yourself, know a friend or family member who's a furry, or simply curious about one of the most interesting fandoms on the planet, you're sure to learn something new! Because it's not just science—it's Furscience!

e-Pedia: Captain America: Civil War Contributors, Wikipedia, 2017-02-11 This carefully crafted ebook is formatted for your eReader with a functional and detailed table of contents. Captain America: Civil War is a 2016 American superhero film based on the Marvel Comics character Captain America, produced by Marvel Studios and distributed by Walt Disney Studios Motion Pictures. It is the sequel to 2011's Captain America: The First Avenger and 2014's Captain America: The Winter Soldier, and the thirteenth film of the Marvel Cinematic Universe (MCU). The film is directed by Anthony and Joe Russo, with a screenplay by Christopher Markus & Stephen McFeely, and features an ensemble cast, including Chris Evans, Robert Downey Jr., Scarlett Johansson, Sebastian Stan, Anthony Mackie, Don Cheadle, Jeremy Renner, Chadwick Boseman, Paul Bettany, Elizabeth Olsen, Paul Rudd, Emily VanCamp, Tom Holland, Frank Grillo, William Hurt, and Daniel Brühl. In Captain America: Civil War, disagreement over international oversight of the Avengers fractures them into opposing factions—one led by Steve Rogers and the other by Tony Stark. This book has been derived from Wikipedia: it contains the entire text of the title Wikipedia article + the entire text of all the 634 related (linked) Wikipedia articles to the title article. This book does not contain illustrations.

It Came from Something Awful Dale Beran, 2025-06-25 How 4chan and 8chan fuel white nationalism, inspire violence, and infect politics. The internet has transformed the ways we think and act, and by consequence, our politics. The most impactful recent political movements on the far left and right started with massive online collectives of teenagers. Strangely, both movements began on the same website: an anime imageboard called 4chan.org. It Came from Something Awful is the fascinating and bizarre story of sites like 4chan and 8chan and their profound effect on youth counterculture. Dale Beran has observed the anonymous messageboard community's shifting activities and interests since the beginning. Sites like 4chan and 8chan are microcosms of the internet itself—simultaneously at the vanguard of contemporary culture, politics, comedy and language, and a new low for all of the above. They were the original meme machines, mostly frequented by socially awkward and disenfranchised young men in search of a place to be alone together. During the recession of the late 2000's, the memes became political. 4chan was the online hub of a leftist hacker collective known as Anonymous and a prominent supporter of the Occupy Wall Street movement. But within a few short years, the site's ideology spun on its axis; it became the birthplace and breeding ground of the alt-right. In It Came from Something Awful, Beran uses his insider's knowledge and natural storytelling ability to chronicle 4chan's strange journey from creating rage-comics to inciting riots to—according

to some—memeing Donald Trump into the White House.

Post-Millennial Gothic Catherine Spooner, 2017-02-23 Surveying the widespread appropriations of the Gothic in contemporary literature and culture, *Post-Millennial Gothic* shows contemporary Gothic is often romantic, funny and celebratory. Reading a wide range of popular texts, from Stephenie Meyer's *Twilight* series through Tim Burton's Gothic film adaptations of *Sweeney Todd*, *Alice in Wonderland* and *Dark Shadows*, to the appearance of Gothic in fashion, advertising and television, Catherine Spooner argues that conventional academic and media accounts of Gothic culture have overlooked this celebratory strain of 'Happy Gothic'. Identifying a shift in subcultural sensibilities following media coverage of the Columbine shootings, Spooner suggests that changing perceptions of Goth subculture have shaped the development of 21st-century Gothic. Reading these contemporary trends back into their sources, Spooner also explores how they serve to highlight previously neglected strands of comedy and romance in earlier Gothic literature.

Music in Star Trek Jessica Getman, Brooke McCorkle Okazaki, Evan Ware, 2022-12-30 The tensions between utopian dreams and dystopian anxieties permeate science fiction as a genre, and nowhere is this tension more evident than in *Star Trek*. This book breaks new ground by exploring music and sound within the *Star Trek* franchise across decades and media, offering the first sustained look at the role of music in shaping this influential series. The chapters in this edited collection consider how the aural, visual, and narrative components of *Star Trek* combine as it constructs and deconstructs the utopian and dystopian, shedding new light on the series' political, cultural, and aesthetic impact. Considering how the music of *Star Trek* defines and interprets religion, ideology, artificial intelligence, and more, while also considering fan interactions with the show's audio, this book will be of interest to students and scholars of music, media studies, science fiction, and popular culture.

The Greatest Cult Television Shows of All Time Christopher J. Olson, CarrieLynn D. Reinhard, 2020-05-29 Reaching back to the beginnings of television, *The Greatest Cult Television Shows* offers readers a fun and accessible look at the 100 most significant cult television series of all time, compiled in a single resource that includes valuable information on the shows and their creators. While they generally lack mainstream appeal, cult television shows develop devout followings over time and exert some sort of impact on a given community, society, culture, or even media industry. Cult television shows have been around since at least the 1960s, with *Star Trek* perhaps the most famous of that era. However, the rise of cable contributed to the rise of cult television throughout the 1980s and 1990s, and now, with the plethora of streaming options available, more shows can be added to this categorization. Reaching back to the beginnings of television, the book includes such groundbreaking series as *The Twilight Zone* and *The Prisoner* alongside more contemporary examples like *Crazy Ex-Girlfriend* and *Hannibal*. The authors provide production history for each series and discuss their relevance to global pop culture. To provide a more global approach to the topic, the authors also consider several non-American cult TV series,

including British, Canadian, and Japanese shows. Thus, Monty Python's Flying Circus appears alongside Sailor Moon and Degrassi Junior High. Additionally, to move beyond the conception of "cult" as a primarily white, heteronormative, fanboy obsession, the book contains shows that speak to a variety of cult audiences and experiences, such as Queer as Folk and Charmed. With detailed arguments for why these shows deserve to be considered the greatest of all time, Olson and Reinhard provide ideas for discussion and debate on cult television. Each entry in this book demonstrates the importance of the 100 shows chosen for inclusion and highlights how they offer insight into the period and the cults that formed around them.

Needs Adult Supervision Emily Writes, 2022-08-30 Needs Adult Supervision is Emily Writes' take on growing up and feeling like a real adult. This book looks at the growing pains of kids and their parents and their attempts to navigate a world that's changing by the minute. Emily paints a vivid picture of all the feelings, fortunes and failures that come with trying to parent when you don't always feel up for the task. What it feels like to be learning at the same time your kids are. What happens when we get radically honest about the challenges parents are facing. In Emily's inimitable way it's incredibly insightful and hilarious, and leads to the odd tear being shed along the way. From trying to convince your child's teachers on Zoom that your house isn't falling apart around you, or staging a funeral for a sea creature, to rescuing a dog that rescues you - Emily's stories will have you reflecting on what it means to grow up. Funny, sad, thoughtful, inspiring and ultimately uplifting for parents at all stages of life.

Why It's OK to Love Bad Movies Matthew Strohl, 2022-01-06 Most people are too busy to keep up with all the good movies they'd like to see, so why should anyone spend their precious time watching the bad ones? In Why It's OK to Love Bad Movies, philosopher and cinematic bottom feeder Matthew Strohl enthusiastically defends a fondness for disreputable films. Combining philosophy of art with film criticism, Strohl flips conventional notions of good and bad on their heads and makes the case that the ultimate value of a work of art lies in what it can add to our lives. By this measure, some of the worst movies ever made are also among the best. Through detailed discussions of films such as Troll 2, The Room, Batman & Robin, Twilight, Ninja III: The Domination, and a significant portion of Nicolas Cage's filmography, Strohl argues that so-called bad movies are the ones that break the rules of the art form without the aura of artistic seriousness that surrounds the avant-garde. These movies may not win any awards, but they offer rich opportunities for creative engagement and enable the formation of lively fan communities, and they can be a key ingredient in a fulfilling aesthetic life. Key Features: Written in a humorous, approachable style, appealing to readers with no background in philosophy. Elaborates the rewards of loving bad movies, such as forming unlikely social bonds and developing refinement without narrowness. Discusses a wide range of beloved bad movies, including Plan 9 from Outer Space, The Core, Battlefield Earth, and Freddy Got Fingered. Contains the most extensive discussion of Nicolas Cage ever included in a philosophy book.

Children's Literature and Intergenerational Relationships Justyna Deszcz-Tryhubczak, Irena Barbara Kalla, 2021-04-23

Children's Literature and Intergenerational Relationships: Encounters of the Playful Kind explores ways in which children's literature becomes the object and catalyst of play that brings younger and older generations closer to one another. Providing examples from diverse cultural and historical contexts, this collection argues that children's texts promote intergenerational play through the use of literary devices and graphic formats and that they may prompt joint play practices in the real world. The book offers a distinctive contribution to children's literature scholarship by shifting critical attention away from the difference and conflict between children and adults to the exploration of inter-age interdependencies as equally crucial aspects of human life, presenting a new perspective for all who research and work with children's culture in times of global aging.
