Wondering Man, Money and Go D R. GOSWAMI, 2007-03 Title: Wondering Man, Money & Go(l)d ISBN: 9781846930478: Description: Human civilization made progresses, historically, with each discovery of truth in its quest for The Truth over the years. And the author acknowledges all those contributions to human civilization as he sees himself as a global citizen of this world in its 21st century. Like Kurt Koffka, author of Principles of Gestalt Psychology (1935), the author had an introductory question When I first conceived the plan of writing this book I guessed, though I did not know, how much effort it would cost to carry it out, and what demands it would put on a potential reader. And I doubted, not rhetorically but very honestly and sincerely, whether such labour on the part of the author and the reader was justified. I was not so much troubled by the idea of writing another book on psychology in addition to the many books which have appeared during the last ten years, as by the idea of writing a book on psychology. Writing a book for publication is a social act. Is one justified in demanding co-operation of society for such an enterprise? What good can society, or a small fraction of it, at best derive from it? I tried to give an answer to this question, and when now, after having completed the book, I return to this first chapter, I find that the answer which then gave me sufficient courage to start on my long journey, has stayed with me to the end. I believed I had found a reason why a book on psychology might do some good. That was back in 1935, and the subject was psychology. Human mind has been wondering much before that, and it continues to wonder - as much as it ever did, if not more. Here the author is not that certain that Wondering Man, Money & Go(l)d would do some social good - he sincerely hopes it would, in the maddening global affairs of 2006 - by taking a stock of our individual lives and that of human civilization. About the Author: Born in India, the Author has helped multinationals and large Indian firms realize their dreams, in his small capacity, for twelve long years. The writer is presently pursuing his PHD from Indian Institute of Technology (IIT) Kharagpur. He understands yet challenges globalization. He lives on the leading edge, but that same edge is bleeding the soul out of mankind. This book is from one of us who's seen life from close - in its scarcity and in its abundance - and enjoyed every moment of it - in meaningful lasting joys and in silent cries in moments of planned slaughtering of mankind.

**From Marx to Hegel and Back** Victoria Fareld, Hannes Kuch, 2020-01-09 The relation between Hegel and Marx is among the most interpreted in the history of philosophy. Given the contemporary renaissance of Marx and Marxist theories, how should we re-read the Hegel-Marx connection today? What place does Hegel have in contemporary critical thinking? Most schools of Marxism regard Marx's inversion of Hegel's dialectics as a progressive development, leaving behind Hegel's idealism by transforming it into a materialist critique of political economy. Other Marxist approaches argue that the mature Marx completely broke with Hegel. By contrast, this book offers a wide-ranging and innovative understanding of Hegel as an empirically informed theorist of the social, political, and economic world. It proposes a movement 'from Marx to Hegel and back', by exploring the intersections where the two thinkers can be read as mutually complementing or even reinforcing one another. With a particular focus on essential concepts like recognition, love, revolution, freedom, and the idea of critique, this new intervention into Hegelian and Marxian philosophy unifies the ethical content of Hegel's philosophy with the power of Marx's social and economic critique of the contemporary world.

**Auden's Syllabic Verse** Richard Hillyer,2019-12-12 Much of the poetry written by W. H. Auden between 1939 and the time of his death consists of syllabic verse, or lines arranged in accordance with a predetermined syllable-count but no fixed number or distribution of stresses. This book presents a comprehensive, in-depth analysis of his many and widely varied syllabics, grouping them primarily by the formal sub-categories to which they belong (as measured by line-length, stanza-type, or some other aspect of their overall design). With this approach the book clarifies the dynamic range and technical inventiveness of Auden's syllabics. It also shows how his work compares with that of Robert Bridges and Marianne Moore, two pioneers in the writing of English syllabic whose verse he was familiar with.

**I'm Right and You're an Idiot - 2nd Edition** James Hoggan,2019-07-02 Become a more effective and powerful communicator in today's highly polarized and polluted public square The most pressing problem we face today is not climate change. It is pollution in the public square, where a toxic smog of adversarial rhetoric, propaganda, and polarization stifles discussion and debate, creating resistance to change and thwarting our ability to solve our collective problems. In this second edition of I'm Right and You're an Idiot, James Hoggan grapples with this critical issue, through interviews with outstanding thinkers and drawing on wisdom from highly regarded public figures. Featuring a new, radically revised prologue, afterword, and a new chapter addressing the changes in the public discourse since the 2016 United States election, his comprehensive analysis explores: How political will is manipulated How tribalism shuts down open-minded thinking, undermines trust, and helps misinformation thrive Why facts alone fail and how language is manipulated and dissent silenced The importance of dialogue, empathy, and pluralistic narrative reframing arguments to create compelling narratives and spur action. Our species' greatest survival strategy has always been foresight and the ability to leverage intelligence to overcome adversity. For too long now this capacity has been threatened by the sorry state of public discourse. Focusing on proven techniques to foster more powerful and effective communication, I'm Right and You're an Idiot will appeal to readers looking for deep insights and practical advice in these troubling times.
