If You Happen to Have a Dinosaur Linda Bailey, 2025-04-29 A hugely popular dinosaur picture book adventure, now available in paperback for the first time. If you happen to have a dinosaur, lying around your living room, and you don't know what to do with it . . . why don't you use it as a can opener? It will make a terrific nutcracker too! There are oodles of uses for a dinosaur — from a fine umbrella to an excellent kite and a dandy pillow, not to mention a reliable burglar alarm and the perfect excuse to forget your homework. This delightfully absurd exploration of the domestic uses of dinosaurs — and the things dinos just aren't good for at all — is guaranteed to tickle funny bones and spark imaginations. If you read carefully, you'll learn how to make your dinosaur last a very long time.

Under-the-Bed Fred Linda Bailey, 2017-09-19 From the team who brought you *If You Happen to Have a Dinosaur* comes a laugh-out-loud early chapter book about befriending the monster under the bed. There's a monster under Leo's bed making a ruckus every night. When Leo needs to go to the bathroom, he leaps from the bed to the door -- careful not to put his feet on the floor within the monster's reach. But one night Leo gets tired of being scared and boldly calls out to the monster to see if they can't just work something out. Surprisingly, the monster listens, and Leo finds out that even enormous monsters have fears! Leo and his monster, Fred, team up to face their fears, each with his own unique strengths. Over the course of five easy-to-read chapters, their friendship blooms as they face everything from bullies to bedbugs. A funny and endearing tale of two very different and unlikely friends, in the tradition of *Bink and Gollie* and *Frog and Toad*.

The Great Dinosaur Sleepover Linda Bailey, 2025-04-08 A young boy's disappointing birthday party gets turned upside down with a blast from the prehistoric past in this hilarious, dino-mite picture book adventure. Jake loves dinosaurs, so with his birthday coming up, he knows just what kind of party he wants — a dinosaur sleepover! Dino games, dino balloons, dino cake. Dino everything! But when the big day arrives, his friends all come down with the flu, and the party seems to be on the edge of extinction. Then, in the middle of the night, Jake hears a strange noise and goes to investigate. To his surprise, he finds some prehistoric party guests right there in his living room! They've invited themselves in to make sure Jake has a birthday he'll never forget —just don't tell the T-Rex! An unforgettable birthday tale with huge laughs and heart, this newest picture book from acclaimed author Linda Bailey celebrates friendship, inclusion and fun – and is brought to life with magnificent, cinematic artwork from award-winning animation director and illustrator Joe Bluhm.

Dinosaur Lake VI: The Alien Connection Kathryn Meyer Griffith, 2021-06-14 Henry Shore has spent the last decade hunting for, fighting, protecting people from, and exterminating rogue dinosaurs in and around his beloved Crater Lake National Park, and the towns around it. Once the Chief Park Ranger there, now he's retired and, since all the dinosaurs are supposedly gone, he's trying to live his best retirement life. Except, for Henry, that doesn't seem to be possible...because of a new sorrow he's had to shoulder, and a new insidious breed of super-smart, highly intuitive dinosaurs that have suddenly

emerged to again menace humanity. Henry is asked to track them down; and he's dragged back into the fray. Besides being asked to battle this new threat, Henry has also been invited by his paleontologist son-in-law, Doctor Justin Maltin, to join a top-secret government team of research scientists at Area 52 investigating the original and apparently ancient origins, of the earth's earlier plague of dinosaurs-and two mysterious alien spaceships stored there. What Henry becomes a part of turns out to be so much more than even he could have imagined. A true alien enigma. There's something mysteriously mindboggling at Area 52 and Henry will help uncover its mystery, and, in doing so, will have the most incredible experience of his life-and that's saying a lot for a seasoned dinosaur hunter. *There are six Dinosaur Lake books.

Falconer on the Edge Rachel Dickinson, 2009-05-11 In this portrait of a man obsessed, "Dickinson presents a clear picture of the strange and fascinating lives of modern falconers" (Ted Floyd, editor, Birding). Falconer Steve Chindgren is a

man willing to make extreme sacrifices to continue practicing the sport that has ruled his life. This portrait of him and the world he inhabits conveys a sense of falconry's allure: the unpredictable nature of the hunt and the soaring exhilaration of success. Further exploration unveils the enormous emotional cost to a falconer who establishes an extraordinary tie to his birds. When, in the space of two days, Chindgren loses two birds that he'd been training for years, he is plunged into a profound depression that is only deepened when Jomo, his best bird, slows down because of old age. In addition to this challenge, Chindgren faces the danger to falconry that the modern world presents. Grouse habitat is being degraded by mining, agriculture, and gas industry interests. And the number of falconers is dwindling—the corps is graying and has few acolytes. Falconry is a sport that requires persistence, stoicism, and sacrifice; in this captivating account, Dickinson illuminates a fascinating subculture and one of its most hardcore personalities.
