**Autobiography of an Elderly Woman** Mary Heaton Vorse, 2013-09 This historic book may have numerous typos and missing text. Purchasers can usually download a free scanned copy of the original book (without typos) from the publisher. Not indexed. Not illustrated. 1911 edition. Excerpt: ... AUTOBIOGRAPHY OF AN ELDERLY WOMAN CHAPTER I THE SHADOW OF AGE As I look back over my life, it divides itself into four parts. First come all the years before I married, and as I look back on my childhood and my short girlhood, it seems to me as though I were remembering the life of some other woman, for during these many years I know that I have changed several times from one person to another, and the world about me has had time to change also. All that early part swims in a fog, with here and there events popping out of the mist, more distinct than those a week past, -- often meaningless and trivial events these; I cannot tell by what caprice memory has elected to keep them so clear. Lately I find myself returning to certain opinions and prejudices of my girlhood, that I had long forgotten. Time, after all, has not obliterated them, nor have I walked away from them. It is rather as though I had gone in a circle, and as I come to the completion of it I find my old thoughts and opinions, changed and grown older, waiting for me. With my marriage begins the part of my life that seems real to me, -- it is as if I had dreamed all that went before. I loved the time when my children were little, and I have often wished that I could put them and myself back in the nursery again. I pity the women whose children come too late for them all to be in some sense children together. But however young a mother is, there is a great gap between her and her babies. My little children were of a different generation from me. And for all our striving to understand, they were babies and my husband and I grown people, though as I look back we seem mere boy and girl. We worried over our babies, -- there were four of them, all in the nursery at the same time, ...

*Autobiography of an Elderly Woman* Mary Heaton Vorse, 1911 The story of growing old in another age. The time is the early 1910s, the protagonist a grandmother. She complains her children treat her like a child, taking her for walks and car rides to keep her healthy, activities she hates. One can only speculate how grandma would view the modern practice of sending aging relatives to old people's homes.

**A Widow for One Year** John Irving, 2012-05-08 "One night when she was four and sleeping in the bottom bunk of her bunk bed, Ruth Cole woke to the sound of lovemaking—it was coming from her parents' bedroom." This sentence opens John Irving's ninth novel, *A Widow for One Year*, a story of a family marked by tragedy. Ruth Cole is a complex, often self-contradictory character—a "difficult" woman. By no means is she conventionally "nice," but she will never be forgotten. Ruth's story is told in three parts, each focusing on a critical time in her life. When we first meet her—on Long Island, in the summer of 1958—Ruth is only four. The second window into Ruth's life opens on the fall of 1990, when she is an unmarried woman whose personal life is not nearly as successful as her literary career. She distrusts her judgment in men, for good reason. *A Widow for One Year* closes in the autumn of 1995, when Ruth Cole is a forty-one-year-old widow and mother. She's about to fall in love for the first time. Richly comic, as well as deeply disturbing, *A Widow for One Year* is a multilayered love story of astonishing emotional force. Both ribald and erotic, it is also a brilliant novel about the passage of time and the relentlessness of grief.

**Nonsense Books** Edward Lear, 2020-06-11T22:07:27Z Edward Lear began his career as an ornithological illustrator, becoming one of the first major artists to draw birds from living models. During this period he was employed to paint the birds from the private menagerie owned by Edward Stanley, the 13th Earl of Derby and one of Lear's closest friends. In 1837, Lear's health started to decline. His deteriorating eyesight and failing lungs forced him to abandon the detailed painting required for depicting birds, and, with the help of the earl, he moved to Rome where he established himself as a poet of literary nonsense. While Lear was visiting the Earl of Derby, he wrote poems and drew silly sketches to entertain the earl's children. In 1846, he collected together his pile of limericks and illustrations and published his first poetical book, titled *A Book of Nonsense* and dedicated to the Earl of Derby and his children. He decided to publish under the pseudonym Derry down Derry, but after he started making plans for more books, he republished under his real name. His next book, *Nonsense*

Songs, Stories, Botany, and Alphabets wasn't published until 24 years later, in 1870. Lear then released More Nonsense, which contains more limericks, in 1872, and Laughable Lyrics in 1877. This final book in the series contains many of Lear's most famous fantastical creatures, such as the Quangle Wangle. The influence of Lear's poetry in the twentieth-century can be seen in styles like the surrealism movement and the theater of the absurd. This book is part of the Standard Ebooks project, which produces free public domain ebooks.
