Feeling Good Menelaos Apostolou,2017-07-05 Every day, people make life choices that, ideally, increase their evolutionary fitness ? the chances of survival and successful reproduction ? and lead to positive feelings of fulfilment, accomplishment, and happiness. Sometimes, however, individuals experience quite the opposite: feelings of sadness caused by fitness-decreasing choices. Fortunately, many advancements in evolutionary theory and evolutionary psychology have increased humans' capacity as a species to address the question of how to live a life characterized by more positive than negative feelings. Feeling Good reveals anyone can learn how to trigger mechanisms that generate positive feelings and increase positive fitness levels. The key is to employ an evolutionary perspective on how mental mechanisms generate feelings in relation to our life choices. From an insightfully evolutionary perspective, Feeling Good examines how to find and keep a mate, make good career decisions, build a solid social network, deal with death and negative influences, and make life choices in general that can lead to better and more sustainable mental and physical health. Menelaos Apostolou deepens our understanding of human nature by exploring what is good and evil in an evolutionary sense as well as in relation to religious dogmas; and whether making fitness-increasing life choices can lead to more good or more evil acts.

The Feeling Clayten Tylor, 2019-03-13 This book is an Esoteric interpretation of Emanuel Swedenborg's spiritual writings. It is written from a sinner's perspective as a personal memoir meant to impart spiritual guidance by example. It is a hands-on self-help book on how to birth the Divine Feminine Essence of Love from within. The author traces the Divine back to its original source as Essential Love and Essential Innocence, which begins in the body as a sensual feeling of love, and through the process of regeneration it becomes the Word of God. By sharing the spiritual feeling of the Word as love, it becomes a blissful union with the Divine within as the feeling of the New Church. The New Church is the perception of an influx of spiritual love flowing from within as happiness. But it also has a two-fold purpose: For when the feeling of love from a sensual life has been transformed into the spiritual feeling of love, and when done on a mass scale, it ultimately manifests as the true purpose of the New Church, Swedenborg's New Jerusalem, the Brotherhood of Mankind as the feeling of Heaven on Earth.

Managing Emotions in Organizations Riikka Harikkala-Laihinén, 2020-11-10 This book takes a fresh perspective to acquisition research, focusing on employee emotions. It builds on the human-centric approach to mergers and acquisitions, where previous literature has concluded that emotions are important, yet few studies have explored them in depth. To fill the gap, this book takes emotion research in organizations as its starting point, exploring what emotions are, how they emerge, and how they influence organizational contexts, such as acquisitions. Whereas previous acquisition literature has concluded that emotions are most often negative and lead to complications, this book shows how emotions can become a positive force driving post-acquisition change and unification. This book combines multidisciplinary theoretical insights with practical real-world case studies to provide detailed analysis and approachable findings that will appeal to academics and practitioners alike.

The Public Relations of Everything Robert E. Brown, 2014-10-30 *The public relations of everything* takes the radical position that public relations is a profoundly different creature than a generation of its scholars and teachers have portrayed it. Today, it is clearly no longer limited, if it ever has been, to the management of communication in and between organizations. Rather, it has become an activity engaged in by everyone, and for the most basic human reasons: as an act of self-creation, self-expression, and self-protection. The book challenges both popular dismissals and ill-informed repudiations of public relations, as well as academic and classroom misconceptions. In the age of digitization and social media, everyone with a smart phone, Twitter and Facebook accounts, and the will and skill to use them, is in the media. The PR of everything

- the ubiquitousness of public relations - takes a perspective that is less concerned with ideas of communication and information than with experience and drama, a way of looking at public relations inside out, upside down and from a micro rather than a macro level. Based on a combination of the research of PR practice and critical-thinking analysis of theory, and founded in the author's extensive corporate experience, this book will be invaluable reading for scholars and practitioners alike in Public Relations, Communications and Social Media.

The Best Mistake I Ever Made Nina Haliburton, 2024-04-30 This book is about getting up after the Fall. It's about steadfast trust and truth in God and His Word. Even in our weakest moments, God remains the same. He doesn't change because we encounter situations. This book is about the flesh, feelings, and faith. It's about God's faithfulness even when aren't. It's about the effects of sin, shame, remorse, regrets, and The Redeeming Power of God's Faithfulness. It's about the Get Up because the fall ain't final. It's about the Blessed assurance of conviction, repentance, confession, correction, and counsel. I will forever proclaim God is faithful and can be trusted. In life, we will be tested, tried, and tempted. Those are facts! But the Truth is when we trust the truth of God's Word, He causes us to triumph in Christ Jesus every time. God can be trusted with our ups, downs, ins, and outs, yes's, and help me's. So with great honor and appreciation, I expose my lesson, because faithful is He who has called us He will also do it. He will perfect and perform those things that concern us. Scripture says in Revelations 12:11 KJV "And they overcame him by the blood of the Lamb, and by the word of their testimony, and they loved not their lives unto the death". I pray as you find yourself in life's twists and turns, you will always know that God cares, He can and He will. He's no respecter of persons...HE SO LOVED! His love covers a multitude of sins and He can be trusted! He's not like us, He never gives up on us! So as you read this memoir, know there's always a Come up and Come out in God. God is the Answer and His Answer is Jesus. Period! Sincerely shared, Love Sister Nina Haliburton (Daughter of the King)

Learning From the Links David K. Hurst, 2010-05-11 For the first time, a seasoned business executive and avid golfer combines these two passions to explore what makes for top performance in each field. Management consultant David K. Hurst explores compelling links relating the two activities to explain clearly what every manager who plays golf may feel only intuitively: that there is a deep systemic connection between them. For on the tee, as in the boardroom, a player can't just hit and hope -- he or she must continually think ahead, contemplate multiple scenarios, and consider the downside of every decision. And then everything depends on execution. In Learning from the Links, Hurst clarifies muddled thinking in both management and golf: he deals squarely with the challenge of implementing a game plan and seeing it through. Hurst takes to task the current head-down instructional model used to teach golf and management. He addresses the huge gulf between knowing what to do in a given situation and knowing how to do it. This chasm is an ever-present hazard both on the course and in an organization: it keeps people from solving their problems and achieving their goals. By examining golfers' and managers' struggles for improvement, Hurst shows us why complex systems are so hard to change and how to set about changing them -- systematically. Using the latest thinking from fields as diverse as neuroscience, artificial intelligence, art,

and anthropology, Hurst's primary purpose is to help his readers make sense of their own experience -- to help them learn more effectively. His practical advice is profusely illustrated with examples from both golf and management, allowing the reader to move back and forth between his or her experiences in both activities. Part business management book, part strategy guide, these are more than just lessons for one's game or one's office: these are lessons for life.
