The Secret Fire of Alchemy Kevin B. Turner,2025-02-04 • Describes the initiatory stages of Kriya Yoga and Tibetan Buddhism with high-level yogis and lamas • Shares the author's experiences of spontaneous dream initiations, astral travels, Kundalini awakening, and an out-of-body journey through the Bardo to a past life—which led him to pursue spiritual studies in Asia • Reveals the profound parallels between Western Alchemy's search for the Philosopher's Stone and the Indo-Tibetan quest for Spiritual Liberation Guided by a profound series of dream initiations, astral travels, intense kundalini activation, and an out-of-body journey to a past life, Kevin Turner embarks on an around-the-world quest in pursuit of the secret fire of alchemical enlightenment. Detailing his intensive studies to discover the meaning behind his spontaneous nighttime initiations, Turner finds resonance with Goethe's alchemical quest and Descartes' assertion that the pineal gland is the seat of the soul. Turning to Eastern traditions, the author finds exact descriptions of his experiences in books on kundalini yoga and answers to his questions about death, rebirth, and the soul's Immortal Light in writings on Tibetan Buddhism—as well as profound parallels between the alchemists' search for the Philosopher's Stone and the Indo-Tibetan quest for Liberation. Realizing his calling to accelerate the evolution of the soul, Turner travels to Asia where he meets the last living disciple of Sri Yukteswar, Swami Paramahansa Hariharananda Giri, who initiates him into Kriya Yoga. In his pursuit of the Eastern alchemical tradition, he then travels to the Himalayas in Nepal to study with Shamarpa Rinpoche at Nagi Gompa Monastery. Turner then journeys to Taipei to study Taoist alchemy and Tai Chi before returning to Europe to renew his studies of Western alchemy. Deeply personal and spiritually uplifting, Turner's story of initiation into alchemical traditions of East and West offers insight into the initiatory process known as the Great Work and powerful guidance to others on the spiritual path toward enlightenment.

New Orleans Vampires Marita Woywod Crandle,2008-10-20 A New Orleans historian and vampire expert uncovers the historic origins of the Southern city's vampire legends from colonial days to the Great Depression. New Orleans has a

reputation as a home for creatures of the night. Popular books, movies and television shows have cemented the city's connection to vampires in the public imagination. But the stories of the Crescent City's undead residents go much deeper than the tales of Sookie Stackhouse and The Vampire Lestat. In *New Orleans Vampires*, author Marita Woywod Crandle investigates the most haunting tales of vampirism in New Orleans history. In the early days of Louisiana's colonization, rumors swirled about the fate of the Casket Girls, a group of mysterious maidens traveling to the New World from France with peculiar casket-shaped boxes. The charismatic Comte St. Germain moved to the French Quarter in the early 1900s, eerily resembling a European aristocrat of one hundred years prior bearing the same name. In the 1930s, the Carter brothers terrorized the town with their desire to feed on living human blood. Strange but true tales mix with immortal legends in this fascinating volume.

UFOs and the Extraterrestrial Message Richard Lawrence, 2014-02-21 Spiritual investigator Richard Lawrence looks at the evidence for extraterrestrial contact and attempts to explain why aliens are so interested in us. In this unique investigation of cosmic communication, Richard Lawrence presents the evidence for extraterrestrial contact in a whole new light, examining how these benign beings might offer humanity a rare opportunity for spiritual evolution. From creation myths and the big UFO theories to little-known eyewitness accounts, X-file exposes and his fascinating personal experience of alien contact, Richard also looks at channelled messages from alien beings - and reveals how these messages hold the key to our own cosmic intelligence. Enlightening and controversial, he answers many of our questions about aliens but reveals, too, that understanding the greater universe can be part of our own journey towards higher consciousness in our everyday lives. Richard Lawrence is an award-winning author. He has written extensively on guardian angels, prayer, meditation and many other aspects of personal development and empowerment. A world-renowned UFO expert and spiritual investigator, Richard was the first to bring declassified CIA and Pentagon UFO files to Britain in 1980. He is a popular broadcaster and is the author of *Prayer Energy* (CICO Books), the award-winning *Gods, Guides and Guardian Angels* and many more.

The Venus Eclipse of the Sun 2012 David Tresemer, 2011-12 On the one hand, New Testament scholarship has been preoccupied with a search for the historical Jesus. On the other, twists and turns occurring after the first century brought about an enforced orthodoxy that views modern visionaries as heretics. The inconclusive nature of theology pits those who are reluctant to support the miraculous against the witness of the original oral tradition. One result of the confusion over the New Testament record is that contemporary fiction such as *The Da Vinci Code* has emerged to fill the void. It has been so popular because there is hunger for a better understanding of those events. The author of this book aims to fill the gap. Drawing on the visionary reports of Anne Catherine Emmerich (1774-1824) and Judith von Halle (b. 1973), as well as the spiritual research of Rudolf Steiner and Robert Powell, Charles Tidball traces the events of two thousand years ago in

Palistine, including scenes in the life of John the Baptizer, Jesus' forty days in the wilderness, healings, the Transfiguration, the raising of Lazarus, the Passion, Resurrection, and Ascension of Christ, and much more. The author's purpose is to present these relatively unknown facets of the life of Jesus Christ as stories [so] they can achieve the broader recognition they deserve. The result is that this book breathes new life and meaning into familiar stories, offering the reader a fresh beginning in understanding the profound wisdom contained in the New Testament.

Calling the Spirits Lisa Morton, 2022-10-10 From Halloween expert Morton, a level-headed and entertaining history of our desire and attempts to hold conversations with the dead. *Calling the Spirits* investigates the eerie history of our conversations with the dead, from necromancy in Homer's *Odyssey* to the emergence of Spiritualism—when Victorians were entranced by mediums and the seance was born. Among our cast are the Fox sisters, teenagers surrounded by “spirit rappings”; Daniel Dunglas Home, the “greatest medium of all time”; Houdini and Sir Arthur Conan Doyle, whose unlikely friendship was forged, then riven, by the afterlife; and Helen Duncan, the medium whose trial in 1944 for witchcraft proved more popular to the public than news about the war. The book also considers Ouija boards, modern psychics, and paranormal investigations, and is illustrated with engravings, fine art (from beyond), and photographs. Hugely entertaining, it begs the question: is anybody there . . . ?

Magic David Conway, 2016-03-01 David Conway's *Magic: An Occult Primer* is a seminal work that brought magical training to the every-magician in the early 70s. David is an articulate writer presenting the mysteries in a very workable manner for the serious student. Along with the updated texts on philosophy and practical magic is a plethora of graphics that have all been redrawn, promising to be another collector's edition published by *The Witches' Almanac*. The book is divided into two sections: “Magical Theory” and “Magical Practice.” “Magical Theory” presents a very concise accounting of the philosophy behind magic. Conway begins with a exposé of magic within the confines of natural law, taking the time to meticulously find corollary for the basis of magic. He then takes us into an exposition of the Kabbalah and broader cosmological concerns. Conway drills down into daily practice and further explores the basic training necessary for a magician in this day and age. “Magical Practice” begins with the preparations necessary for the practice of magic. Conway begins this section with several tables of correspondences that will prove helpful to even the advanced magician. He continues with an examination of the timing of rituals as well as the place and ritual equipment necessary for rites. Conway then provides master rituals presented for both Kabbalistic and Egyptian approaches. He also presents detail on astral

projection, talismanic magic, and prophecy. Magic: An Occult Primer ends with appendices that present detailed magical recipes, an examination of magical alphabets, and an extensive occult Who's Who.

The Arcana of the Grail Angel John Barnwell, 1999 Seldom in modern esoteric Christian scholarship do we find an author with the breadth of understanding to encompass the Eastern, Central and Western Grail traditions. John Barnwell, in *The Arcana of the Grail Angel*, synthesizes and illuminates the Grail tradition in the light of modern Spiritual Science and the works of its founder Rudolf Steiner. Steiner's Western esoteric stream of Christianity creates a backdrop of historical, philosophical, and religious archetypes that encompass the most comprehensive esoteric Christian Cosmology available. Add to this an extensive panoramic view of the historical, allegorical, and spiritual nature of the Grail, and together we find this refreshing work -- and immediately recognize a must read Anthroposophical classic like the works of Guenther Wachsmuth or Sergei O. Prokofieff. -- Douglas J. Gabriel, from the forward.
