

Untold History United States

David Michael Smith

The Untold History of the United States Oliver Stone, Peter Kuznick, 2012-10-30 “Indispensable... There is much here to reflect upon.” —President Mikhail Gorbachev “As riveting, eye-opening, and thought-provoking as any history book you will ever read. . . . Can’t recommend it highly enough.” —Glenn Greenwald, *The Guardian* “Finally, a book with the guts to challenge the accepted narrative of recent American history.” —Bill Maher *The New York Times* bestselling companion to the Showtime documentary series now streaming on Netflix, updated to cover the past five years. A PEOPLE’S HISTORY OF THE AMERICAN EMPIRE In this riveting companion to their astonishing documentary series—including a new chapter and new photos covering Obama’s second term, Trump’s first year and a half, climate change, nuclear winter, Korea, Russia, Iran, China, Lybia, ISIS, Syria, and more—Academy Award-winning director Oliver Stone and renowned historian Peter Kuznick challenge prevailing orthodoxies to reveal the dark truth about the rise and fall of American imperialism.

The Untold History of the United States Oliver Stone, Peter Kuznick, 2019-04-02 “Indispensable... There is much here to reflect upon.” —President Mikhail Gorbachev “As riveting, eye-opening, and thought-provoking as any history book you will ever read... Can’t recommend it highly enough.” —Glenn Greenwald, *The Guardian* “Finally, a book with the guts to challenge the accepted narrative of recent American history.” —Bill Maher “Kuznick and Stone’s *Untold History* is the most important historical narrative of this century; a carefully researched and brilliantly rendered account.” —Martin Sherwin, Pulitzer Prize-winning co-author of *American Prometheus* “A work of courage, wisdom, and compassion [that] will stand the test of time.... A fierce critique and a passionate paean for Stone and Kuznick’s native land.” —Ambassador Akbar Ahmed, author of *The Thistle and the Drone* *The New York Times* bestselling companion to the Showtime documentary series now streaming on Netflix, updated to cover the past five years. A PEOPLE’S HISTORY OF THE AMERICAN EMPIRE In this riveting companion to their astonishing documentary series—including a new chapter and new photos covering Obama’s second term, Trump’s first year and a half, climate change, nuclear winter, Korea, Russia, Iran, China, Lybia, ISIS, Syria, and more—Academy Award-winning director Oliver Stone and renowned historian Peter Kuznick challenge prevailing orthodoxies to reveal the dark truth about the rise and fall of American imperialism.

The Concise Untold History of the United States Oliver Stone, Peter Kuznick, 2014-10-14 Text in this work is taken from the transcript from the author's documentary on Showtime, which was based on the Gallery Books publication titled *The*

untold history of the United States--Title page verso.

The Untold History of the United States, Volume 2 Oliver Stone, Peter Kuznick, 2019-01-15 Discover America's secrets in this second of two volumes of the young readers' edition of *The Untold History of the United States*, from Academy Award-winning director Oliver Stone and Peter Kuznick, adapted by Eric Singer. There is history as we know it. And there is history we should have known. Complete with poignant photos and little-known but vitally important stories, this second of two volumes traces how people around the world responded to the United States's rise as a superpower from the end of World War II through an increasingly tense Cold War and, eventually, to the brink of nuclear annihilation during the Cuban Missile Crisis. This is not the kind of history taught in schools or normally presented on television or in popular movies. This riveting young readers volume challenges prevailing orthodoxies to reveal uncomfortable realities about the US role in heightening Cold War tensions. It also humanizes the experiences of diverse people, at home and abroad, who yearned for a more just, equal, and compassionate world. This volume will come as a breath of fresh air for students, teachers, and budding young historians hungry for different perspectives—which makes it a crucial counterpoint to today's history textbooks. Adapted by high school and university educator Eric S. Singer from the bestselling book and companion to the documentary *The Untold History of the United States* by Academy Award-winning director Oliver Stone and renowned historian Peter Kuznick, this volume gives young readers a powerful and provocative look at the US role in the Cold War. It also provides a blueprint for those concerned with shaping a better and more equitable future for people across the world.

The Untold History of the United States, Volume 2 Oliver Stone, Peter Kuznick, 2019-01-15 Discover America's secrets in this second of two volumes of the young readers' edition of *The Untold History of the United States*, from Academy Award-winning director Oliver Stone and Peter Kuznick, adapted by Eric Singer. The Untold History of the United States, Volume 1 Oliver Stone, Peter Kuznick, 2014-12-09 The truth about America is revealed in this first of four volumes of the young readers' edition of The Untold History of the United States, from Academy Award-winning director Oliver Stone and Peter Kuznick, adapted by Susan Campbell Bartoletti. There is history as we know it. And there is history we should have known. Complete with photos, illustrations, and little-known documents, this first of four volumes covers crucial moments in American history from the late nineteenth century to the dropping of the atomic bomb on Hiroshima and Nagasaki. This is not the kind of history taught in schools or normally presented on television or in popular movies. This riveting young readers' edition challenges prevailing orthodoxies to reveal the dark reality about the rise and fall of the American empire for curious, budding historians who are hungry for the truth. Based on the latest archival findings and recently declassified information, this book will come as a surprise to the vast majority of students and their teachers—and that's precisely why this edition is such a crucial counterpoint to today's history textbooks. Adapted by Newbery Honor recipient Susan Campbell Bartoletti from the bestselling book and companion to the documentary The Untold History of the United States by Academy Award-winning director Oliver Stone and renowned historian Peter Kuznick, this volume presents young readers with a powerful and provocative look at the past century of American imperialism.

The Untold History of the United States Oliver Stone, Peter Kuznick, 2012-11-30 'This is not history for history's sake, however - this is the history of our present and future, long beyond cold war, into war on terror, war on drugs' Ed Vulliamy, Guardian The Untold History of the United States is filmmaker Oliver Stone and historian Peter Kuznick's riveting landmark account of the rise and decline of the American empire - the most powerful and dominant nation the world has ever seen. Probing the dark corners of the administrations of 17 presidents, from Woodrow Wilson to Barack Obama, they dare to ask just how far the US has drifted from its founding democratic ideals. Beginning with the bloody suppression of the Filipino struggle for independence and spanning the two World Wars, it documents how US administrations have repeatedly intervened in conflicts on foreign soil, taking part in covert operations and wars in Latin American, Asia and the Middle East. At various times it has overthrown elected leaders in favour of right-wing dictators, for both economic and political gain. Examining America's atomic history, Stone and Kuznick argue that the bombings of Hiroshima and Nagasaki were militarily unnecessary and morally indefensible. They show how the United States has repeatedly brandished nuclear threats and come terrifyingly close to war. They expose how US presidents have trampled on the US constitution and international law and lay bare the recent transformation of the United States into a national security state. Using the latest research and recently declassified records, The Untold History builds a meticulously documented and shocking picture of the American empire, showing how it has determined the course of world events for the interests of the few across the twentieth century and beyond.

The Untold History of the United States (Graphic Adaptation) Oliver Stone, Peter Kuznick, 2021-09-28 Now adapted into graphic novel format—the “riveting, eye-opening, and thought-provoking” (The Guardian) New York Times bestselling companion to the critically acclaimed Showtime documentary about the largely unknown true rise and decline of the American empire. Since its initial publication in 2012, the New York Times bestselling companion to the critically acclaimed Showtime documentary by award-winning filmmaker Oliver Stone and renowned historian Peter Kuznick has been translated into more than twenty languages, updated in 2019 to include new material, and published in a two-volume set for young readers, with its source material airing around the world. Now in beautifully inked graphic novel format, this adaptation of the modern classic breathes new life into key moments: from the rise of the American empire; to the madness of the apocalyptic nuclear age; and to the disastrous wars in Vietnam, Afghanistan, Iraq, and beyond. Adapted by comics writer Scott Cunningham and illustrated by Hugo Award-winning cartoonist Steve Stiles and veteran comics artist Jim Fern, this fresh retelling of Stone and Kuznick’s riveting masterpiece boldly confronts the powerful forces at work behind an often half-told American history.

A True History of the United States Daniel A. Sjsursen, 2021-06-01 “Thought-provoking—a must read for [everyone] seeking a firm grasp of accurate American history. —Kirkus (starred review) Brilliant, readable, and raw. Maj. (ret.) Danny Sjsursen, who served combat tours in Iraq and Afghanistan and later taught history at West Point, delivers a true epic and the perfect companion to Howard Zinn’s *A People’s History of the United States*. Sjsursen shifts the lens and challenges readers to think critically and to apply common sense to their understanding of our nation’s past—and present—so we can view history as never before. *A True History of the United States* was inspired by a course that Sjsursen taught to cadets at West Point, his alma mater. With chapter titles such as *Patriots or Insurgents?* and *The Decade That Roared and Wept*, *A True History* is accurate with respect to the facts and intellectually honest in its presentation and analysis. Essential reading for every American with a conscience. Meticulously researched, Sjsursen provides a more complete sense of history and encourages readers to view our country objectively. Sjsursen’s powerful storytelling reveals balanced portraits of key figures and the role they played. Sjsursen exposes the dominant historical narrative as at best myth, and at times a lie . . . He brings out from the shadows those who struggled, often at the cost of their own lives, for equality and justice. Their stories, so often ignored or trivialized, give us examples of who we should emulate and who we must become. —Chris Hedges, author of *Empire of Illusion* and *America: The Farewell Tour*

An Indigenous Peoples' History of the United States Roxanne Dunbar-Ortiz, 2023-10-03 New York Times Bestseller This American Book Award winning title about Native American struggle and resistance radically reframes more than 400 years of US history A New York Times Bestseller and the basis for the HBO docu-series *Extterminate All the Brutes*, directed by Raoul Peck, this 10th anniversary edition of *An Indigenous Peoples’ History of the United States* includes both a new foreword by

Peck and a new introduction by Roxanne Dunbar-Ortiz. Unflinchingly honest about the brutality of this nation's founding and its legacy of settler-colonialism and genocide, the impact of Roxanne Dunbar-Ortiz's 2014 book is profound. This classic is revisited with new material that takes an incisive look at the post-Obama era from the war in Afghanistan to Charlottesville's white supremacy-fueled rallies, and from the onset of the pandemic to the election of President Biden. Writing from the perspective of the peoples displaced by Europeans and their white descendants, she centers Indigenous voices over the course of four centuries, tracing their perseverance against policies intended to obliterate them. Today in the United States, there are more than five hundred federally recognized Indigenous nations comprising nearly three million people, descendants of the fifteen million Native people who once inhabited this land. The centuries-long genocidal program of the US settler-colonial regimen has largely been omitted from history. With a new foreword from Raoul Peck and a new introduction from Dunbar Ortiz, this classic bottom-up peoples' history explodes the silences that have haunted our national narrative. Big Concept Myths That America's founding was a revolution against colonial powers in pursuit of freedom from tyranny That Native people were passive, didn't resist and no longer exist That the US is a "nation of immigrants" as opposed to having a racist settler colonial history

America the Great Edward Hawkins Sisson, 2014-06-22 America the Great is the result of five years' research and writing that began in late 2009 in response to the contemporary American tea party movement and criticisms that the movement's participants did not know the history and theory of the original 1773 Boston Tea Party from which the modern movement takes its name. The extensive library of original books, newspapers, magazines, etc., now available (primarily via google books) to anyone over the Internet, means that researchers have available to them the university libraries of the world. The availability of accurate original documents made it possible to expand the original scope of research into other historical events, and into other countries (primarily Great Britain), and enabled the work to develop into a more general examination of theories of human dignity, and of the differing conception of government that arises depending on the conception of human dignity that is characteristic of the people that is creating that government.

On History Tariq Ali, Oliver Stone, 2011-11-08 These prominent filmmakers, "two of our most provocative and radical voices," discuss American historical events that have been forgotten—or hidden (Katrina vanden Heuvel, editor of *The Nation*). In working together on two challenging documentaries—*South of the Border* and the *Untold History of the United States* series for Showtime—filmmaker Oliver Stone engaged with author and filmmaker Tariq Ali in a probing, hard-hitting conversation on the politics of history. Their dialogue brings to light a number of forgotten—or deliberately buried—episodes of American history, from the US intervention against the Russian Revolution to the dynamic radicalism of the Wobblies; to how Henry Wallace's nomination for the vice presidency was deliberately thwarted by Democratic Party machine insiders; to the ongoing close connections between various US presidents and the Saudi royal family. For Stone, an Academy

Award-winner, and Ali, an acclaimed novelist and journalist—two of our most insightful observers on history and popular culture—no topic is sacred, no orthodoxy goes unchallenged.

Endless Holocausts David Michael Smith, 2023-01-01 An argument against the myth of American exceptionalism
Endless Holocausts: Mass Death in the History of the United States Empire helps us to come to terms with what we have long suspected: the rise of the U.S. Empire has relied upon an almost unimaginable loss of life, from its inception during the European colonial period, to the present. And yet, in the face of a series of endless holocausts at home and abroad, the doctrine of American exceptionalism has plagued the globe for over a century. However much the ruling class insists on U.S. superiority, we find ourselves in the midst of a sea change. Perpetual wars, deteriorating economic conditions, the resurgence of white supremacy, and the rise of the Far Right have led millions of people to abandon their illusions about this country. Never before have so many people rejected or questioned traditional platitudes about the United States. In Endless Holocausts author David Michael Smith demolishes the myth of exceptionalism by demonstrating that manifold forms of mass death, far from being unfortunate exceptions to an otherwise benign historical record, have been indispensable in the rise of the wealthiest and most powerful imperium in the history of the world. At the same time, Smith points to an extraordinary history of resistance by Indigenous peoples, people of African descent, people in other nations brutalized by U.S. imperialism, workers, and democratic-minded people around the world determined to fight for common dignity and the sake of the greater good.

A People's History of the United States Lin Xun, Dead Writers Club, Pointer Institute, Rex Curry, 2016-06-17
Superwriter and Supermodel Lin Xun (that's Lin as the covergirl) is the author of this full frontal exposure of the USA. Find out what is taught in the schools of other countries that the USA doesn't teach in its schools. Xun teaches the USA's history to students in China (and other countries), including facts hidden in the USA's classrooms such as: (1) that the Pledge of Allegiance to the Flag was the origin of the Nazi salute and Nazi behavior; (2) Swastikas represented crossed S letter shapes for socialist under Hitler (two of the many astounding discoveries by Sociologist Dr. Rex Curry). Xun reveals all on flag bikinis, flag fetishism, flag propaganda, and more. Each book is personally handled, wrapped, and posted by Lin Xun (in the nude). Or by the publisher, depending on who's available. What do other countries think about the USA's Pledge of Allegiance today? Xun tells all as she joins forces with the Dead Writers Club in this eye-popping page-turner. Learn how the USA and its pledge inspired police states globally. Will America escape the madness? Will you? Save yourself from the cult of the omnipotent state! The book A People's History of the United States introduces readers to Anarchaeology, Misanthropology, and the Socialist Crusades, the Latest Socialist Dark Age, and the Modern Socialist Inquisitions, which resulted in the Wholecaust (of which the Holocaust was a part). Adolf Hitler, Joseph Stalin, Mao Zedong and other socialists are exposed along with the influence of socialists in the United States upon those dictators. As part of the Dead Writers Club

(DWC), Lin Xun has collaborated with the authors Micky Barnetti and Matt Crypto. Another volume by the Dead Writers Club is the self-titled Dead Writers Club and Drug Detection Dog Training -Libertarian Lawyers Fight Police State USA. The DWC collaborated on the groundbreaking book Pledge of Allegiance & Swastika Secrets. It is a semi-biographical work about the nation's leading authority on the Pledge of Allegiance and his many discoveries about its bizarre past and present. The DWC also assisted with a classic science fiction tale revealing an amazing discovery about time travel.

The Untold History of the United States, Volume 2 Oliver Stone, Peter Kuznick, 2019-01-15 Discover America's secrets in this second of two volumes of the young readers' edition of The Untold History of the United States, from Academy Award-winning director Oliver Stone and Peter Kuznick, adapted by Eric Singer. There is history as we know it. And there is history we should have known. Complete with poignant photos and little-known but vitally important stories, this second of two volumes traces how people around the world responded to the United States's rise as a superpower from the end of World War II through an increasingly tense Cold War and, eventually, to the brink of nuclear annihilation during the Cuban Missile Crisis. This is not the kind of history taught in schools or normally presented on television or in popular movies. This riveting young readers volume challenges prevailing orthodoxies to reveal uncomfortable realities about the US role in heightening Cold War tensions. It also humanizes the experiences of diverse people, at home and abroad, who yearned for a more just, equal, and compassionate world. This volume will come as a breath of fresh air for students, teachers, and budding young historians hungry for different perspectives—which makes it a crucial counterpoint to today's history textbooks. Adapted by high school and university educator Eric S. Singer from the bestselling book and companion to the documentary The Untold History of the United States by Academy Award-winning director Oliver Stone and renowned historian Peter Kuznick, this volume gives young readers a powerful and provocative look at the US role in the Cold War. It also provides a blueprint for those concerned with shaping a better and more equitable future for people across the world.

USA: The Ruthless Empire Daniele Ganser, 2023-01-17 Empires rise and fall; they do not last. In the eyes of many, the US exerts the strongest destabilizing influence on world events, and thus presents the greatest threat to world peace. World power #1 hasn't acquired this top position by chance. Since 1945, no other nation has bombed as many other countries or toppled as many governments as the US. It maintains the most military bases, exports the most weapons, and has the highest defense budget in the world. USA: The Ruthless Empire explains the background factors, motives, and resources of this world power.

Story of a Death Foretold Oscar Guardiola-Rivera, 2013-11-05 On the fortieth anniversary of revolution and rebellion in Chile, a searching history of the rise and fall of the world's first and only democratically elected Marxist president. On September 11, 1973, President Salvador Allende of Chile was deposed in a violent coup led by General Augusto Pinochet. The coup had been in the works for months, even years. Shortly after giving a farewell speech to his people, Allende died of

gunshot wounds-whether inflicted by his own hand or an assassin's remains uncertain. Pinochet ruled Chile for a quarter century, but the short rise and bloody fall of Allende is still the subject of fierce historical debate. In a world in the throes of the Cold War, the seeming backwater of Chile became the host of a very hot conflict-with Henry Kissinger and the Western establishment aligned with Pinochet's insurgents against a socialist coalition of students, workers, Pablo Neruda, and folk singers, led by the brilliant ideologue Allende. Revolution and counterrevolution played out in graphic detail, moving the small South American nation to the center of the world stage in the dramatic autumn of 1973. Now the rising young scholar Oscar Guardiola-Rivera gives us a tour de force account of a historical crossroads, tracing the destiny of democracy, and the paths of power, money, and violence that still shadow Latin America and its relations with the United States.

A/AS Level History for AQA The Making of a Superpower: USA, 1865-1975 Student Book Tony McConnell, Adam I. P. Smith, 2015-09-03 A new series of bespoke, full-coverage resources developed for the AQA 2015 A/AS Level History. Supporting students in developing their critical thinking, research and written communication skills, it also encourages them to make links between different time periods, topics and historical themes.

America's Forgotten History: Part Two - Rupture Mark David Ledbetter, 2005-11-23 Continuation of Part One. Monroe to Lincoln, each president a chapter. The struggle between Jeffersonianism and Hamiltonianism continues, but slavery warps the debate. Westward expansion, tariffs and free trade vs. government/business collusion. The Great Awakening. John Quincy Adams. Marshall, Clay, and Lincoln. Jackson and Van Buren. And finally, Puritans and Cavaliers dispute once again their deep cultural divide in another great and terrible civil war on a new continent. CONTACT: mark.david.ledbetter@gmail.com

American Grand Strategy under Obama Löfflmann Georg Löfflmann, 2017-07-03 Discover how rivalling discourses of American grand strategy reveal a fractured consensus of geopolitical identity and national security under President Obama. This conflict manifested in divergent elite visions of liberal hegemony, cooperative engagement and unilateral restraint. Georg Löfflmann examines the identity conflict within the Washington foreign policy establishment, between elite insiders and outsiders, and how the 'Obama Doctrine' both confirmed a geopolitical vision of American exceptionalism and challenged established notions of US hegemony and world leadership.
