Modern Indian Interpreters of the Bhagavad Gita Robert Neil Minor, 1986-01-01 This is a collection of careful, objective, historically sensitive studies of modern commentators on the Bhagavadgita, one of the basic scriptures of Hinduism, and one which has been widely read in the modern West. Experts on modern Indian religious thought show how Ghandi, Vivekananda, Radhakrishnan, Bhaktivedanta, Aurobindo, Tilak, Bhava, Sivananda, the Theosophists, and Bhankim read, used and interpreted the Gita. Collectively, the essays display the different backgrounds and orientations of the major Indian thinkers of our time. An Introduction and a Conclusion provide a perspective on the thinkers and identify common themes which are part of modern emphases.

Rooh-e-Rumi Mamta Sehgal, 2019-07-15 Life itself is an ironical battle of sorts, where we strive hard to control and win the world but often fail to control our own lives. Most of us praise spirituality but fail to follow it and recognize its potential in

the true sense; the reason—we chase false goals but never attempt to chase the true light that rests within. The author, a believer of God, shares her spiritual realizations led by her own experiences of life, and interprets them in two themes – “God” and “Love”. The author’s prescription to win the story of life in three distinct ways: • Through self-realization, • Embracing love, which is the language of the universe, and • Surrendering to the Supreme Power. Rooh-e-Rumi presents many thought-provoking selections of Rumi, the famous thirteenth-century Persian poet. The quotes and their commendable spiritual interpretations attempted by the author will guide the readers to discover their own link to the experience of love and the unhindered path to spiritual enlightenment. “In this soul-stirring, deep and insightful book, Mamta Sehgal beautifully expounds Rumi’s thoughts on divine love. A must read for Rumi’s followers and all those who believe that God is love.” - Oswald Pereira, veteran journalist and best-selling author of eight books “Mamta Sehgal proves again her deep insight in the subject of spirituality. This book is a crucial pivot on the way we understand devotion”. - Santosh Srivastava, Co-Author, The Gita Way

The Bhagavadgita in the Mahabharata, 2013-07-26 No other Sanskrit work approaches the Bhagavadgita in the influence it has exerted in the West. Philosophers such as Emerson and the other New England Transcendentalists were deeply affected by its insights, a dozen or more scholars, including Annie Besant and Mahatma Gandhi, have attempted its translation, and thousands of individuals struggling with the problems divided loyalties have found comfort and wisdom in its pages. The Bhagavadgita (Song of the Lord) tells of the young and virtuous Prince Arjuna who is driven to lead his forces into battle against an opposing army composed of close relatives and others whom he loves. The Lord Krsna, appearing in the poem as Arjuna's friend and charioteer, persuades him that he must do battle, and we see Arjuna changing from revulsion at the thought of killing members of his family to resignation and awareness of duty, to manly acceptance of his role as warrior and defender of his kingdom. The Bhagavadgita is a self-contained episode in the Mahabharata, a vast collection of epics, legends, romances, theology, and metaphysical doctrine that reflects the history and culture of the whole of Hindu civilization. The present edition forms a part of J. A. B. van Buitenen's widely acclaimed translation of this great work. Here English and Sanskrit are printed on facing pages, enabling those with some knowledge of Sanskrit to appreciate van Buitenen's accurate rendering of the intimate, familial tone and directness of the original poem.

One with the Force Krista Noble, 2024-11-19 Explores how popular religions and philosophies have influenced and are manifested in the world of Star Wars. You have watched Luke Skywalker destroy the Death Star in A New Hope, seen Yoda merge with the Force in Return of the Jedi, and heard Rey contact the Jedi of the past in The Rise of Skywalker. But did you know that the Star Wars films contain parallels to religions and philosophies from around the world—from Christianity to

Buddhism, and from Native American teachings to the Vedic knowledge of ancient India? In *One with the Force: 18 Universal Truths in Star Wars*, Krista Noble explores these parallels. She discusses the Force, collective consciousness, enlightenment, and immortality, revealing that the Star Wars films have a universal perspective on life. Readers will learn about the connections between these films and the Vedic tradition, Buddhism, Taoism, Sikhism, Judaism, Christianity, Islam, and Native American/First Nations beliefs. They will see that the philosophy of the Jedi doesn't only apply "in a galaxy far, far away"; it is also highly relevant to everyday living. Like Luke Skywalker, we should all search our feelings to discover the deepest truths of life, pursue our individual destinies, and strive to reach our full potential as human beings. In these ways, we can embody the wisdom of the Jedi.

Emergence Derek Rydall, 2015-01-06 In his bestselling book *Emergence*, Derek Rydall helps you throw aside the self-help
 books and recognize one simple, radical truth: the answer is already in you. The harder we try to change, the deeper in the
 hole we get. We find a new partner but have the same old fights. We strive for an ever-bigger paycheck but end up broke at a
 higher income bracket. This is what happens when the basic principle of life—the Law of Emergence—is disrupted, stopping
 you from knowing that you are the perfect you. Like an acorn is a perfect acorn that becomes a perfect oak tree, there is not
 a part of you from beginning to end that isn't exactly what you should be. The Law of Emergence provides the foundation to
 re-engage with this ancient principle. In this seven-stage framework, spiritual life coach Derek Rydall shows that we aren't
 lacking anything; everything we need to fulfill our full potential is already inside us. Backed by an ancient truth that has

largely been lost, Rydall changes the conversation around how to achieve your potential by showing you how to activate the genius already in you and empower your purpose in life. If you are struggling to improve something about yourself—your health, your mindset, your relationships, then *Emergence* is the book and Derek is the teacher you have been waiting for.

A Treasury of Wisdom Rohit Pal, 2016-01-22 The book contains on every page the wisdom of all nations, insights into the secrets of life, and a key to your success and happiness. Here is an exhaustive collection of quotable wisdoms from Lao Tse (570BC), Lord Buddha, and Socrates to the present (2015). It contains nearly 1,900 gems of art, wisdom and humor from great thinkers, philosophers, poets, and world's sharpest statesmen and sages. Proverbs signify the ocean of wisdoms of the universe. These are ineffaceable guides for the humanity. A collection of proverbs is, therefore, a good asset in the universal knowledge made available to the common men. A special feature of this book is that its contents know no barriers; they transcend language, country, culture, and civilization. In fact, it represents the quintessence of the wisdom of ages from far and near. While it is useful to anyone interested in enriching the fund of knowledge and enlarging the frontiers of his understanding, it should prove an invaluable companion to young scholars, and therefore, I would specially recommend it to them. All quotations and wise sayings have serially been numbered under suitable chapters for easy understanding. And some of these have been highlighted to draw the attention of readers towards these, which may be more relevant, useful, and applicable to solve our day-to-day problems. The book acts like a medicine that relieves tension and brings peace of mind. It is an ideal gift of love for someone you love dearly.

Good and Evil Bhimeswara Challa, 2021-09-03 By any measure, we are at an inflection point in human history. As the ongoing coronavirus pandemic has shown, it is not only the planet that is at risk but our very destiny. We must take an unblinking look at who we are compared with who we want to be or ought to be. That entails going within to discover what is happening deep inside our consciousness. This book suggests that the root of our troubles is our ignorance that there is a perennial war within each of us between good and evil. Like in any war, both sides need supplies. But in this internal war, they must come from outside, in the shape of our daily doings and choices. As you read, you'll get a roadmap on how to make better decisions and contain the evil within. Get answers to questions such as: • Why must we fix the inside before fixing the outside? • How can we prevent evil from overwhelming our consciousness? • How can the good inside of us overwhelm the bad outside? There is no nobler calling for any of us at this pivotal point than to volunteer to join others committed to bettering themselves so we can rescue mankind from self-annihilation.
