Crime Scene Documentation Robert Galvin, 2020-12-10 When a criminal act or vehicle crash occurs, most often a local law enforcement agency responds and is responsible for both investigating the scene and for documenting it. It is critical that scene evidence is collected and recorded efficiently, as the scene can quickly change. The sooner evidence can be collected, reviewed, and analyzed, the better an understanding investigators will have as to how and why the incident occurred. Crime Scene Documentation: Preserving the evidence and the growing role of 3D laser scanning demonstrates at length the value of laser scanning through the use of numerous case studies of investigators who have utilized various 3D technologies and laser scanning to document scenes. Thorough and accurate scene documentation is an essential function at a scene and proves particularly valuable in courtroom presentations to help jurors understand a crime or accident's likely chain of events. The more advanced a scene documentation method is, the better it can be utilized to capture details that will lead to optimal scene diagramming. Currently, 3D laser scanning is the most advanced method of scene documentation available, capturing detailed and realistic digital scans—capturing scenes in their entirety—and yielding a permanent representation of the scene for study and analysis at any time, even years after a crime scene has vanished. The book explains current technology, the latest advances, and how to best utilize the technology. Case examples come from various applications, from tools to programs, can help crash scene investigators understand how scanning can improve scene documentation, provide better and more evidence details, and build more credible diagrams that possibly may be used in court presentations to help support a case. Key Features: Describes 3D scene recording methods in use and how well they work Outlines the variables and inherent challenges associated with documenting crime and crash scenes Illustrates the positive, and dramatic, impact of having a well-documented scene, particularly in the courtroom Explores how 3D laser scanning has vastly changed the way and extent to which crime and crash scenes can be captured accurately and completely, and subsequently analyzed Explains how laser scanning is highly flexible and presents strategies to integrate it into other crime scene incident recording techniques and technologies Crime Scene Documentation details the many benefits of 3D laser scanning technology relative to its reliability and accuracy as well as the multiple case scenarios in which it can be used. The book serves as an invaluable resource to crime scene technicians, investigators, and reconstructionists on the best ways to document a crime or crash scene.

When a copycat serial killer begins recreating Jack the Ripper's 1888 murder spree, two competing experts are forced to work together to stop him. Despite their well-documented antagonism, famous mystery novelist Barbara Thomas is paired with legendary Ripperologist Henry McHugh as they race against time to try to get one step ahead of the crazed killer. What they don't understand--until it's almost too late--is that his murderous spree is far more personal than either of them ever suspected.

Jack the Ripper - Unmasked: The Real Identity of the World's Most Infamous Killer is Revealed at Last William Beadle,2010-06-07 Had the Jack the Ripper murders taken place in 1988 not 1888 then our response to them would have been markedly different. Since those dark days in Victorian London we have learnt much about this type of killer: their damaged childhoods, misfit adulthoods and psychopathic alienation from the human race. But can this new knowledge help to solve a mystery that has been eluding generations of policemen and historians? By comparing the crimes of the Ripper with those of other serial killers, Ripper expert William Beadle creates a more extensive psychological profile of the man behind Jack the Ripper than ever before.One suspect who embodied all the dire characteristics was William Henry Bury. Bury moved to the East End of London in 1887. He had a terrible childhood, he was a horsemeat butcher, and he had a violent relationship with his wife. But was Bury the Ripper? Beadle uses his Ripper psychological profile in conjunction with newly unearthed evidence: Bury was out all night on the dates of the murders, and when his wife 'committed suicide' she had been strangled and her body ripped up in the same way as the Ripper's victims. When Bury was executed for the murder of his wife, the killings in the East End stopped. A Scotland Yard detective even conceded to the hangman that he was 'quite satisfied you have hanged Jack the Ripper'.

Ripper Notes Dan Norder, Wolf Vanderlinden, Jeffrey Bloomfield, 2004-04 *Ripper Notes: Murder by Numbers* is a collection of essays about the famous unidentified serial killer Jack the Ripper and related topics. Wolf Vanderlinden's questions the conventional wisdom about the time of death of Annie Chapman, the second of Jack's generally accepted victims, by a careful examination of the medical evidence and contradictions in witness testimony. Amanda Howard compares serial killers like Andrei Chikatilo, the BTK strangler, Albert Fish and the Green River Killer to see what they might tell us about the Ripper case. Also, Jeffrey Bloomfield gives the details on two forgotten cases of prostitutes murdered in London a few years before the more famous 1888 killings, Bernard Brown discusses the police officer who thought he almost caught the Whitechapel murderer, Des McKenna asks whether witnesses confused two different women as being Mary Kelly (generally considered the last Ripper victim) and Robert J. McLaughlin reports on a Punch & Judy-like theatre performance based upon the murders. There are also several short pieces looking at the latest news in Ripperology, the boom in books about the case, and similar topics. *Ripper Notes* is a nonfiction anthology series covering all aspects of the Jack the Ripper case.

Murder Investigation Team: Jack the Ripper Steven Keogh, 2023-07-20 London, 1888, and one-man's brutal campaign of violence has taken the lives of unsuspecting victims, cut the city to the core and carved his name into history. Well, not his name, exactly. Whomever this man was, remains a mystery but there are few people who haven't heard of his nickname: Jack the Ripper. The same is true for those said to have died at his hands. If Polly Nicholls, Annie Chapman, Elizabeth Stride, Catherine Eddowes and Mary Jane Kelly had not fallen to his knife, their names would have been lost to history. Instead, they themselves are as much a part of the folklore as their killer. Then there are those who investigated the crimes: the ordinary men, doing their jobs as best they could, who will always be associated with the failed attempts to catch this monster. But if those crimes had happened today, how would they be investigated and how would the approach differ? There is no doubt, how detectives work has changed dramatically over those 130 years. Although, in many senses, things are very much the same. Solving murders relies on an understanding of people, be that the victims, the witnesses and, most importantly, the killers themselves. In *Murder Investigation Team: Jack the Ripper*, while journeying through these infamous murders, through meticulous contemporary research, witness statements and reporting, ex-detective Steven Keogh will revisit the crimes that were committed, why these lives were taken, and attempt to discover just who was Jack the Ripper? Applying modern-day investigative approaches to the 19th century investigation, and with ground-breaking insight from one of the UK's leading criminal profilers, Pippa Gregory, join Steven on a gruesome and incredible journey of discovery into one of the most infamous crimes in British history.

Serial Killer Quarterly Vol.1 No.4 "Cruel Britannia" Burl Barer,Katherine Ramsland,Carol Anne Davis, Lee Mellor,Kim Cresswell,Robert J. Hoshowsky, Aaron Elliott , Serial Killer Quarterly's Cruel Britannia finishes off 2014 with a four-feature British bloodlust frenzy! Dr. Katherine Ramsland wades through the heavy fog surrounding the Moors Murders: a series of high-profile child killings committed in the Swinging Sixties by Scottish sadist Ian Brady and Myra Hindley, his English girlfriend and accomplice. To this day, they continue to be the most shocking and headline grabbing crimes in modern

Britain! With Katherine's background in psychology and philosophy, there is surely no one better suited to explore Brady's existentialist exercises in murder, his psychopathic pedophilia, and folie-a-deux relationship with Hindley. Where the Moors Murders remain Britain's most notorious series of murders, the atrocities committed by Fred and Rosemary West are undoubtedly the most depraved. Kim Cresswell churns the stomach with her unbelievable account of incest, bestiality, rape, torture, murder, necrophilia and filicide, culminating in a Garden of Bones in Gloucester. Carol Anne Davis looks at one of the greatest abuses of police power in English history: the entrapment of Colin Stagg for the 1992 ripper-style murder of blonde beauty Rachel Nickell on Wimbledon Common. Meanwhile, the real killer, Robert Napper, was already confined to Broadmoor asylum for the 1993 evisceration murder of Samantha Bisset and the rape and deadly suffocation of her infant daughter. Edgar-Award winning author Burl Barer makes his Serial Killer Quarterly debut, lending his highly original voice to an intriguing re-examination of the murders ascribed to Yorkshire Ripper Peter Sutcliffe, and the phenomenon of homicidal fame. Robert J. Hoshowsky, Aaron Elliott, and Kim Cresswell also look at three comparably notorious historical London slayers in their pieces on creepy old John Christie, Acid Bath Vampire John George Haigh, and Jack the Ripper suspect and bride poisoner George Chapman. Come take a trip with us into the dark heart of the British Isles, from the gritty northern industrial cities of Leeds, Bradford and Manchester to cosmopolitan London to the verdant countryside of Herefordshire! Warning: this issue contains an abundance of mutilation, necrophilia, and tea.

Jack the Ripper Trevor Marriott, 2007-04-30 There have been countless attempts to solve the brutal murders committed more than 100 years ago by Jack the Ripper, but this most famous of British criminal cases finally benefits from a clear, professional eye to analyze the evidence with all the benefits of modern investigative techniques. Casting aside the rumors, fantasies, and urban legends which have haunted this case for so long, Trevor Marriott produces some startling results—while it has long been accepted that Jack the Ripper killed only five women, Marriott believes there were up to nine victims. Most astonishingly of all, a previously unconsidered suspect who also committed murders in America and Germany has been firmly put in the frame. All previous theories are refuted in what may possibly be the final word on the Ripper murders.

Detective Inspector Mike Holland and Sergeant George Wright are pulled into a case that will tax their investigative skills to the limit. Ripper?

The Ripper Inside Us Rebecca Frost, 2024-04-10 The story of Jack the Ripper has had continual interest since he stalked the streets of Whitechapel during the Autumn of Terror in 1888. During this time, the murders of the Canonical Five made headlines all over the world while in the modern day, the Ripper story continues to permeate all forms of media on the page, screen, in podcasts, and in fiction. We continue to search for something we will likely never, and perhaps do not even wish to discover: Jack's true name. This book looks at the lasting intrigue of Jack the Ripper and how his story, and the stories of the Canonical Five victims, are brought back to life through modern lenses. As psychological approaches and scientific techniques advance, the Ripper's narrative evolves, opening a more diverse means of storytelling and storytellers. How these storytellers attempt to construct a full tale around the facts, including the burning questions of motive and identity, says more about us than the Ripper.

Critiquing Violent Crime in the Media Maria Mellins, Sarah Moore, 2022-01-01 This book explores the recent surge in true crime by critically exploring how murder and violence are represented in documentaries, films, podcasts, museums, novels and in the press, and the effects. From a range of contributors, it touches on a wide variety of topics overall and illustrates how examining true crime across the changing popular media landscape can contribute to important debates in contemporary culture and society. It encourages a critical eye towards understanding the harmful stereotypes, myths and misinformation that popular media can bring. Arranged into four sections, including: true crime trials, representations of victims, the consumption of serial killer narratives, and true crime spaces, each chapter explores different themes and topics across traditional and newer media. These topics include: emotion and appeals for justice in *Making a Murderer*, #MeToo and misogyny in crime narratives, true crime journalism being exploitative, the ethics of consuming dark tourism and the appetite for true crime, live streamed murder, and the ways in which true murder accounts might lend insight into other types of crime such as domestic violence and stalking. This book stimulates discussion on undergraduate courses in crime, media and culture as well as in film and media studies, and it also speaks to those with a general interest in true crime.

ArtCurious Jennifer Dasal, 2020-09-15 A wildly entertaining and surprisingly educational dive into art history as you've never seen it before, from the host of the beloved ArtCurious podcast We're all familiar with the works of Claude Monet, thanks in no small part to the ubiquitous reproductions of his water lilies on umbrellas, handbags, scarves, and dorm-room posters. But did you also know that Monet and his cohort were trailblazing rebels whose works were originally deemed unbelievably ugly and vulgar? And while you probably know the tale of Vincent van Gogh's suicide, you may not be aware that there's pretty compelling evidence that the artist didn't die by his own hand but was accidentally killed--or even murdered. Or how about the fact that one of Andy Warhol's most enduring legacies involves Caroline Kennedy's moldy birthday cake and a collection of toenail clippings? ArtCurious is a colorful look at the world of art history, revealing some of

the strangest, funniest, and most fascinating stories behind the world's great artists and masterpieces. Through these and other incredible, weird, and wonderful tales, ArtCurious presents an engaging look at why art history is, and continues to be, a riveting and relevant world to explore.

The Problem of Pleasure Carol Jones, Elaine Barclay, Rob Mawby, 2013-03-01 The tourism and leisure industries are big business. Opportunities for leisure and tourism have escalated as disposable income, technology, travel and education have become increasingly available in recent times. However, this trend has been juxtaposed with an increase in crime, particularly since the early 1950s. Acquisitive crimes have been facilitated with the development of more portable and valuable commodities; some activities, such as drink driving and disorder, have now been socially defined as crimes and are more readily identified through new technology such as the increasing use of CCTV. *The Problem of Pleasure* covers them all. The purpose of this book is to inform and enlighten a range of readers, whose interests may be academic or commercial on possible crime events and modus operandi of criminals. The book has a global perspective, bringing together leading academics from the UK, the US, South Africa, Australia and New Zealand who examine several aspects of leisure that are vulnerable to crime, from illegal hunting to street racing, as well as the impact of crime upon tourists and the tourism industry. This book will be a key text for students of tourism and leisure as well as criminology and sociology; people working in the tourism and recreation industry; policy makers and the police.

The Culture of the Case Frederic J. Schwartz, 2023-06-13 How artists in twentieth-century Germany adapted the idea of the medical or legal case as an artistic strategy to push to the fore sexualities, scandals, and crimes that were otherwise concealed. In early twentieth-century Germany, the artistic avant-garde borrowed procedures from the medical and juridical realms to expose and debate matters that society preferred remain hidden and unspoken. Frederic J. Schwartz explores how the evocation or creation of a "case" provided artists with a means to engage themes that ranged from blasphemy to

Lustmord, or sexual murder. Shedding light on the case as a cultural form, Schwartz shows its profound effect on artists and the ways it dovetailed with methods used by these figures to exploit fundamental changes taking place across the mass media of their time. As Schwartz shows, the case was a common denominator that connected seemingly disparate works. George Grosz and Rudolf Schlichter drew on it for their violent visual art, as did architect Adolf Loos when he equated ornament with crime. Expressionists, meanwhile, approached the question of whether the so-called “mad” shared a right of public expression with those deemed sane, and examined medical and legal approaches to what society labeled as insanity. The case also took on a personal dimension when artists found themselves confronted with, or chose to engage with, the legal system. German courts prosecuted John Heartfield and others for their provocative works, while Bertolt Brecht created publicity for himself by suing the firm to whom he sold the film rights to *The Threepenny Opera*. Provocative and insightful, *The Culture of the Case* offers a privileged view of the spaces of representation in which images—in some instances, as cases—functioned at a key moment of modernity.

Fat Free And Fatal G. A. McKeve, 2013-03-21 From the acclaimed author of *Corpse Suzette*, a plus-sized PI must protect an actress from a killer intent on an encore performance. There's nothing like a makeover story to get people hooked, and America is certainly addicted to the weight-loss saga of once celebrated actress Dona Papalardo. Plus-sized PI Savannah Reid is no exception, although she can't imagine wanting to shed her own hourglass figure by undergoing gastric bypass surgery like Dona did. After Dona's personal assistant is shot dead in the star's mile-long driveway, Savannah becomes her bodyguard. The victim was wearing one of Dona's fur coats, indicating that Dona was the target. And when Dona's hunky gardener takes a bullet between the eyes, Savannah knows she must act quickly to find the killer. Knocking around Dona's palatial estate gives Savannah plenty of opportunity to hobnob with A-list celebrities and compile a list of suspects that proves some people can never be too rich, too thin, or too vindictive. But just when Savannah's sure she's had her fill of the

macabre, the shooter strikes again, and this time Savannah is nearly caught in the crossfire. Now, Savannah's determined to find the truth. After all, it's hard to enjoy fifteen minutes of fame—or a double chocolate brownie—from six feet under . . . Praise for *Fat Free and Fatal* "Enjoyable . . . McKeve's critique of the cult of thinness . . . this light read some heft."
