Do Over Jon Acuff, 2017-01-03 From the New York Times bestselling author of *Quitter* and *Start* comes the definitive guide to getting your dream job. When you don't like your job, Sunday isn't really a weekend day. It's just pre-Monday. But what if you could call a Do Over and actually look forward to Monday? Starting on the first day you got paid to scoop ice cream or restock shelves, you've had the chance to develop the four elements all great careers have in common: relationships, skills, character, and hustle. You already have each of those, to one degree or another. Now it's time to amplify them and apply them in a new way, so you can call a Do Over on your career, at any age. You'll need a Do Over because you'll eventually face at least one of these major transitions: • You'll hit a Career Ceiling and get stuck, requiring sharp skills to free yourself. • You'll experience a Career Bump and unexpectedly lose your job, requiring strong relationships to survive. • You'll make a Career Jump to a new role, requiring solid character to push through uncertainty and chaos. • You'll get a surprise Career Opportunity, requiring dedicated hustle to take advantage of it. Jon Acuff's unique approach will give you the resources to reinvent your work, get unstuck, and get the job you've always wanted!

Finish Jon Acuff, 2017-09-12 Year after year, readers pulled me aside at events and said, "I've never had a problem starting. I've started a million things, but I never finish them. Why can't I finish? According to studies, 92 percent of New Year's resolutions fail. You've practically got a better shot at getting into Juilliard to become a ballerina than you do at finishing your goals. For years, I thought my problem was that I didn't try hard enough. So I started getting up earlier. I

drank enough energy drinks to kill a horse. I hired a life coach and ate more superfoods. Nothing worked, although I did develop a pretty nice eyelid tremor from all the caffeine. It was like my eye was waving at you, very, very quickly. Then, while leading a thirty-day online course to help people work on their goals, I learned something surprising: The most effective exercises were not those that pushed people to work harder. The ones that got people to the finish line did just the opposite—they took the pressure off. Why? Because the sneakiest obstacle to meeting your goals is not laziness, but perfectionism. We're our own worst critics, and if it looks like we're not going to do something right, we prefer not to do it at all. That's why we're most likely to quit on day two, "the day after perfect"—when our results almost always underperform our aspirations. The strategies in this book are counterintuitive and might feel like cheating. But they're based on studies conducted by a university researcher with hundreds of participants. You might not guess that having more fun, eliminating your secret rules, and choosing something to bomb intentionally works. But the data says otherwise. People who have fun are 43 percent more successful! Imagine if your diet, guitar playing, or small business was 43 percent more successful just by following a few simple principles. If you're tired of being a chronic starter and want to become a consistent finisher, you have two options: You can continue to beat yourself up and try harder, since this time that will work. Or you can give yourself the gift of done.

Start Jon Acuff, 2013-04-22 Wall Street Journal best-selling author Jon Acuff reveals the steps to getting unstuck and back onto the path of being awesome. Over the last 100 years, the road to success for most everyone has been divided into five stages that mirror the decades of working life: Your 20s are a period of Learning. This is the decade of trying a thousand things, exploring a multitude of interests, and discovering what really motivates you. Your 30s are a period of Editing. This is the decade of sorting out interests, where you discover what you really care about and who you really are. Your 40s are a period of Mastering. This is the decade of narrowing focus, honing skill sets, and becoming an expert in your field. Your 50s are a period of Harvesting. This is the decade of reaping the benefits of good decisions and enjoying the highest income-earning period in a career. Your 60s are a period of Guiding. This is the decade of mentoring, training, and encouraging others on their own road to success. Every successful person has followed these steps regardless of their occupation. But three things have changed the path to success and erased the decades associated with them: Finish lines are dead - Boomers are realizing that a lot of the things they were promised aren't going to materialize, and they have started second and third careers. Anyone can play - Technology has given access to an unprecedented number of people who are building online empires and changing their lives in ways that would have been impossible years ago. Hope is boss - The days of "success first, significance later," have ended. A new generation doesn't want to change the world eventually; they want to change it now through the wells they kickstart in Africa and the TOMS they wear on their feet. The value system has been flipped upside down. The result is that you've got an entire generation pushing down to start over, another generation pushing up to start for the first time, and in the middle of this collision, the tools to actually change the world. Experience years now trump

chronological age. And while none of the five stages can be skipped, they can be shortened and accelerated. There are only two paths in life: average and awesome. The average path is easy because all you have to do is nothing. The awesome path is more challenging, because things like fear only bother you when you do work that matters. The good news is Start gives readers practical, honest, actionable insights to be more awesome, more often. It's time to punch fear in the face, escape average, and do work that matters. It's time to Start.

Dirty God Rev. Johnnie Moore, 2012-12-31 In *Dirty God: Jesus in the Trenches*, Johnnie Moore draws on both Scripture and his extensive experience with other cultures and religions to show how the God of the Bible is unique in his willingness to be near us in all of our messiness. Moore outlines the central importance of the doctrine of grace while introducing readers to a humble and human Jesus who reaches out to us at our worst and pulls us up to our best. Grace, Moore argues, is something that is both gotten and given, and the two-part structure of the book allows readers to explore both of these dynamics. By offering hope rather than condemnation and showing the practical applications of grace in today's world, *Dirty God* will appeal to both the committed Christian and the spiritual seeker looking for a more authentic faith. Challenging and engaging, *Dirty God* is sure to establish Johnnie Moore as an emerging voice for Millennial and Gen-X evangelicals for years to come.

The Power of Mentors: A Guide to Finding and Learning from Your Ideal Mentor Penelope Trunk, 2012-10-23 NOTE FROM THE AUTHOR Understanding how to find mentors and how to leverage mentors is probably the single most underrated career skill. People know they should have mentors. They tell themselves they should work on that. But for most of us, getting a mentor doesn't reach the top of our to do list. I have compiled these blog posts with the hope that after you read them, you will put getting a mentor at the top of your list. It's not something that is just a phone call. It's a process, and like all big goals, you need to work on it a little bit each day. You are probably thinking: What do I DO each day in order to get a mentor? You'll find the answer to that question right here, so keep reading. There are three pieces to the mentor problem. The first is making yourself believe that your career will never take off if you don't have good mentors. The next thing is you need to be able to rope in a mentor. Or three, really. Most people need three good mentors at any given time. The next problem is how do you ask the right questions of a mentor so you keep the mentor engaged and feeling useful. I have had many mentors throughout my career. Some were accidental and some were people I stalked for years. Some were people I hired (career coaches can be a stand-in for a mentor) and some were people I fired (you can learn a lot from someone you fire because they know how you can be a better boss!). I hope this set of blog posts will show you a path to making your career more fulfilling and inspiring by surrounding yourself with people who enjoy helping you. Good luck! Penelope BOOK EXCERPT Why You Need a Mentor Now Of course a good education and talent are keys to building a successful career, but for most people, school is over and the parameters of their talent were set on the day they were born.

So what can you do now to get ahead? Get a mentor. In fact, get a stable of mentors for guidance on multiple aspects of your career. "Executives who have had mentors have earned more money at a younger age," writes Gerard Roche, senior chairman at the recruiting firm Heidrick & Struggles. Additionally, his research shows "those who have had mentors are happier with their career progress and derive greater pleasure from their work." The majority of executives had mentors in their first five years of their career. But finding a mentor is not easy. For a lucky few, mentors can be found through a privileged network of relatives, family friends or your parents' business associates. For everyone else, the search requires patience, a clear focus and the self-confidence to be a nudge. "Not everyone can depend on nepotism," says Alisyn Camerota, New York-based correspondent for Fox News. "I got where I am by turning reluctant people into active mentors." The easiest way to create allies is to build a reputation as an overachiever. That's what Camerota did during an internship early on in her career at a Washington, D.C.-based news bureau. After earning the respect of her boss throughout the summer, she came to rely on her for advice and support. Eventually Camerota felt empowered enough to walk into her office and say, "My internship ends in a week and I don't have a job. Can I have all your contacts?" She said yes. Camerota copied the whole Rolodex onto a legal pad by hand and cold called the contacts until someone agreed to interview her. Those calls later led to a full-time job. Buy the Book to Read More!

How to Be Richer, Smarter, and Better-Looking Than Your Parents Zac Bissonnette, 2012-04-24 Striking out on your own for the first time is exhilarating. But in a culture full of bad advice, predatory banks, and splurge-now-pay-later temptations, it can also be extremely dangerous—leading you to make financial decisions that could hurt you for years to come. Combine this with a slumped economy, mounds of student loans, and dubious examples from reality TV stars to politicians to your own parents, and it's no wonder so many twenty-somethings are struggling. Twenty-three-year-old Zac Bissonnette—the author of *Debt-Free U*—knows exactly what you're going through. He demystifies the many traps young people fall victim to in their post-college years. He offers fresh insights on everything from job hunting to buying a car to saving for retirement that will give you a foundation for a secure, stable, and happy life. In the process, he reveals why FICO scores are overrated, online job applications are a waste of time, car loans are for suckers, and credit card rewards are a scam. With detours to discuss wine connoisseurs, *Really Broke Housewives*, and Lenny Dykstra, Zac shows you how to make

better choices today so you can be richer, smarter (and better-looking!) for years to come.

Tell Me a Story Scott McClellan, 2013-02-18 Do you know what makes a story great? All the best stories have a few things in common. First, we need the voice of a narrator or a storyteller. Story is our calling. It is also the next generation's best chance of identifying with the Church and changing the world. As we become storytellers, we learn to see the world in terms of stories being lived and told. We discover deeper insights into God, ourselves, and others. God's story is happening. We are right in the middle of a page-turner—and God is in it with us. Start seeing your life as a part of God's story and make some great adventures happen right now!

The Anxious Christian Rhett Smith, 2012-03-01 Is anxiety “un-Christian”? Many Christians believe the answer to this question is yes! Understandably, then, many Christians feel shame when they are anxious. They especially feel this shame when well-intentioned fellow believers dismiss or devalue anxiety with Christian platitudes and Bible verses. Rhett Smith, Licensed Marriage and Family Therapist, helps us understand anxiety in a new way. Rhett argues that, rather than being destructive or shameful, anxiety can be a catalyst for our spiritual growth. Using Biblical thinking and personal examples,

Rhett explains how anxiety allows us to face our resistance and fears, understand where those fears come from, and then make intentional decisions about issues such as career, marriage, money, and our spiritual lives. Allow this book to challenge your view of anxiety, and allow God to use your anxiety for good.

God's Favorite Place on Earth Frank Viola, 2013-05-01 When He came to earth, Jesus Christ was rejected in every quarter in which He stepped. The Creator was rejected by His own creation. “He came to His own and His own received Him not,” said John. For this reason, Jesus Christ had “no where to lay His head.” There was one exception, however. A little village just outside of Jerusalem named Bethany. Bethany was the only place on earth where Jesus was completely received. God’s Favorite Place on Earth is a retelling of Jesus’ many visits to Bethany and a relaying of the message it holds for us today. Frank Viola presents a beautifully crafted narrative from the viewpoint of Lazarus, one of the people who lived in Bethany with his two sisters. This incomparable story not only brings the Gospel narratives to life, but it addresses the struggle against doubt, discouragement, fear, guilt, rejection, and spiritual apathy that challenges countless Christians today. In profoundly moving prose, God’s Favorite Place on Earth will captivate your heart with its beauty, charm, and depth. In this book you will discover how to live as a “Bethany” in our world today, being set free to love and follow Jesus like never before.
