The maxims provide advice on how to do the following: - Effectively dispute with a supervisor, peer, or subordinate - Speak to a powerful person - Deal with success - Guard against greed - Survive middle management - Be a better listener - Have a better marriage In addition to an explanation of the maxims, *An Ancient African Wisdombook* also includes teaching suggestions, writing assignments, group lessons, and commentary to help teachers formulate lesson plans to teach ancient African wisdom. Ptahhotep's book helps to lay the foundation for black literature and culture throughout the world, and it lays the ethical foundation for a golden age of African achievement.

*The Egyptian Gentleman* Wim van den Dungen, 2017-11-30 This book offers a commentary on the 'Maxims of Good Discourse', an exceptional text from Ancient Egypt's Old Kingdom (ca. 2670 - 2205 BCE), written over 4000 years ago by a man called Ptahhotep. By way of a deliberate instruction given by a father to his (spiritual) son, it enables the latter, by way of good discourse, to live the good life, the outcome of not interrupting the moment of the heart, offending one's vital energy (Ka). Such an excellent son, an Egyptian gentleman during life, will be a justified deceased in the afterlife. To the British, a 'Gentleman' is modest, well-mannered, self-deprecating, quietly intelligent, considerate of other people's feeling, well-informed, and never vulgar, inflated, vain, boastful, noisily ignorant, sleazy or common. So too in Egypt. The 'Maxims' describe a special kind of discourse, one leading to a happy life. This by engaging in proper thoughts, speech and actions. Morality is rooted in thought (heart) and speech (the right or wrong use of the tongue).

**The Manuscripts of the Maxims of Ptahhotep** Maksim Vjačeslavovič Panov, 2021

Philosophy of Digital Currencies Ugochukwu Chigoziem Ikpeazu, 2023-02-23 Current systems are failing the poor because these systems are unable to provide the financial inclusion needed for basic subsistence and commerce, which in turn would drive micro- and macro-economic growth. This book introduces the reader to a new way of thinking about how value can be created, captured, measured, and understood, economically and financially, and within the context of social contracts. It underscores the need to revisit such models through technological advancements, namely, Industrial Revolution 4.0, in order to solve pressing global issues such as economic inclusion and poverty eradication. The book proposes that for humanity to make the leap forward and for any real sustainable development to occur, the world needs a disruptive approach to value creation using currency systems, considering that currencies underpin value exchange. This disruption will result in a level of decentralization that facilitates peer-to-peer value exchange and drives financial inclusion, all of which should be underscored by a new, digital social contract. The author asserts that a time-based digital currency could address these issues by creating a new and truly inclusive currency model that allows economies to gain more value than previously possible. In addition, by leveraging 4IR technologies, a currency system can be designed where each unit of money accurately reflects the context and range of socio-economic factors that influence each human interaction. This book is aimed at futurists, technologists, researchers, policymakers, and anyone that is curious about how technology could make a difference in our collective futures. It cuts across a range of subject areas from economics, finance, philosophy, innovation to social development and takes an interdisciplinary approach to present a logical framework and theoretical foundation for the

monetization of time as a digital currency.

It is in the format of a deliberate instruction given by a father to his (spiritual) son, enabling the latter, by way of right speech, to live the good life, the outcome of not interrupting the moment of the heart, offending one's vital energy (Ka). **Gods of Our Fathers** Richard A. Gabriel, 2001-11-30 Gabriel offers a startling new look at Judaism and Christianity by attempting to trace their historical theological roots, not to the revelations of God, but to the common theological ancestor, the religions of ancient Egypt. Using new material only recently made available by archaeology, Gabriel shows how the theological premises of Christianity were in existence three thousand years before Christ and how the heresy of Akhenaten became the source for Moses' Judaism. Gabriel begins with the challenge that the dawn of man's ethical conscience began in Egypt by 3400 BCE, long before the age of revelation in the West. Over the course of 3000 years, Egyptian theologians developed a complete theology of trinitarian monotheism, immortality of the soul, resurrection, and a post-mortem judgment within the Osiris myth. These concepts existed nowhere else in the ancient world and were passed directly to Christianity. In 1200 BCE, the heretic pharaoh Akhenaten abandoned Egyptian tradition and invented his own theology of a single god, no immortal soul, no resurrection, and no post-mortem judgment. This tradition was passed to the West through Moses whose Judaic theology is identical to Akhenaten's.

**Ancient Egyptian Literature** John L. Foster, 2022-02-24 A beautifully translated collection sampling all the major genres of ancient Egyptian literature. Poetry, stories, hymns, prayers, and wisdom texts found exquisite written expression in ancient Egypt while their literary counterparts were still being recited around hearth fires in ancient Greece and Israel. Yet, because of its very antiquity and the centuries during which the language was forgotten, ancient Egyptian literature is a newly discovered country for modern readers. This anthology offers an extensive sampling of all the major genres of ancient Egyptian literature. It includes all the texts from John Foster's previous book *Echoes of Egyptian Voices*, along with selections from his *Love Songs of the New Kingdom* and *Hymns, Prayers, and Songs: An Anthology of Ancient Egyptian Lyric Poetry*, as well as previously unpublished translations of four longer and two short poems. Foster's translations capture the poetical beauty of the Egyptian language and the spirit that impelled each piece's composition, making these ancient masterworks sing for modern readers. An introduction to ancient Egyptian literature and its translation, as well as brief information about the authorship and date of each selection, completes the volume. This exceptional sampling of one of the world's most ancient literatures offers more than 40 hymns, stories, prayers, and songs revolving around religion, the

Pharaohs, life, death, love, and more. . . . Highly recommended for all literary collections, this is also of interest to comprehensive collections of Egyptology, Near Eastern history, world literature in translation, and religion. — Library Journal Older than the Buddha and the Bhagavad Gita, these poems constitute a truly ancient literature, and Foster's rich and textured translations make genuine love poems and exhortations to the gods out of what, to most of us, are just pictures. — Booklist

**Conduct and Behavior as Determinants for the Afterlife** Gary A. Stilwell, 2000 This dissertation argues that conduct and behavior were believed essential for determining one's post-mortem fate from the earliest periods of both ancient Egypt and ancient Greece. Part one of this four-part study examines Plato's eschatological myths and provides a complete catalog and brief discussion of all references in them to conduct and behavior that affect one's fate in the afterlife. Part two traces the evolution of the concept of the afterlife from Homer to the Dramatists, also cataloging all references to the afterlife that mention conduct and behavior. This part of the study demonstrates that the concept of reward and retribution in an afterlife, based on conduct in this life, is already found in Homer. However, it is in Pythagorean and Orphic circles of Greater Greece that it reaches its most dramatic development and from that milieu provides such an enormous impact on Plato. The third part deals with the connection between conduct and the afterlife in ancient Egypt up to the time of the Book of the Dead. An extensive catalog of Egyptian virtues and vices that have afterlife consequences is compiled from the religious texts of the 5th to 18th Dynasty. In part four, the relationship between conduct and behavior and the afterlife beliefs of the two societies are compared and contrasted. In the earliest periods, the afterlife texts appear to be concerned only with the elite: the king in Egyptian 5th Dynasty Pyramid Texts and the heroes in Homeric and Hesiodic Greece. This study argues that there is some evidence in the early texts of both societies for a belief that commoners could also be rewarded or punished in an afterlife. In later periods both societies' religious texts dealing with the afterlife exhibit a much more developed democratization. As post-mortem beliefs became more democratic, conduct and behavior grew in importance. However, from the earliest time periods, both societies believe that the gods, primarily Maat in Egypt and Dike in Greece, are responsible for the proper ordering of the cosmos and that violations of that order will call down the most dire consequence -- the loss of a beneficent afterlife.

Etiquette and Taboos around the World Ken Taylor, Victoria R. Williams, 2017-10-05 An interesting resource for learning about the cultural differences and characteristics of people across the globe, this encyclopedia covers the do's and don'ts of a breadth of countries and major ethnic groups. Readers of this one-volume reference will gain useful knowledge of what travelers should and shouldn't do when in countries outside of the United States. After a general introduction, approximately 100 alphabetically arranged entries cover topics such as greeting and meeting, appearance and dress, table manners, body language, social situations and hospitality, verbal communications, business etiquette, religious etiquette, gift-giving, and even netiquette regarding social media. Sidebars and images throughout make the text more accessible and engaging, and
