George E. Vaillant

PERFECT MARRIAGE MATERIAL Penny Jordan, 2011-07-15 Tullah Richards knows she shouldn't be fantasizing about her boss. She'd come into the company convinced she'd despise the womanizing Saul Crighton. But the more she works—and socializes—with him, the more she comes to realize that this devoted single father of three young children is perfect marriage material. She knows it—she just has to find a way to prove it to Saul. Follow the turbulent lives of the Crighton family in this dramatic sequel to *A Perfect Family* and *The Perfect Seduction*. Women everywhere will find pieces of themselves in Jordan's characters. —Publishers Weekly

Union Jacks Michael J. Bennett, 2005-12-15 Historians have given a great deal of attention to the lives and experiences of Civil War soldiers, but surprisingly little is known about navy sailors who participated in the conflict. Michael J. Bennett remedies the longstanding neglect of Civil War seamen in this comprehensive assessment of the experience of common Union sailors from 1861 to 1865. To resurrect the voices of the Union Jacks, Bennett combed sailors' diaries, letters, and journals. He finds that the sailors differed from their counterparts in the army in many ways. They tended to be a rougher bunch of men than the regular soldiers, drinking and fighting excessively. Those who were not foreign-born, escaped slaves, or unemployed at the time they enlisted often hailed from the urban working class rather than from rural farms and towns. In addition, most sailors enlisted for pragmatic rather than ideological reasons. Bennett's examination provides a look into the everyday lives of sailors and illuminates where they came from, why they enlisted, and how their origins shaped their service. By showing how these Union sailors lived and fought on the sea, Bennett brings an important new perspective to our understanding of the Civil War.

Into One's Own John Modell, 1989 Analyzes the changes which have occurred over this century in the timing of transitions to adult life in the United States such as transitions out of school and into work and out of the parental home and into marriage and parenthood. Links demographic behavior with popular beliefs, and with the social and cultural developments and major events in American society from the 1920s to the 1970s.

The Wisdom of the Ego George E. Vaillant, 1998-07-21 A preeminent American psychiatrist draws on his famous Study of Adult Development to give an exhilarating look at how the mind's defenses work. What we see as the mind's trickery, Vaillant

tells us, is actually healthy. What's more, it can reveal the mind at its most creative and mature, soothing and protecting us from unbearable reality.

The Best of Us Joyce Maynard, 2018-09-11 The San Francisco Chronicle's Best of the Year List Indie Next Pick For Reading Groups From New York Times bestselling author Joyce Maynard, a memoir about discovering strength in the midst of great loss--heart wrenching, inspiring, full of joy and tears and life. (Anne Lamott) In 2011, when she was in her late fifties, beloved author and journalist Joyce Maynard met the first true partner she had ever known. Jim wore a rakish hat over a good head of hair; he asked real questions and gave real answers; he loved to see Joyce shine, both in and out of the spotlight; and he didn't mind the mess she made in the kitchen. He was not the husband Joyce imagined, but he quickly became the partner she had always dreamed of. Before they met, both had believed they were done with marriage, and even after they married, Joyce resolved that no one could alter her course of determined independence. Then, just after their one-year wedding anniversary, her new husband was diagnosed with pancreatic cancer. During the nineteen months that followed, as they battled his illness together, she discovered for the first time what it really meant to be a couple--to be a true partner and to have one. This is their story. Charting the course through their whirlwind romance, a marriage cut short by tragedy, and Joyce's return to singleness on new terms, *The Best of Us* is a heart-wrenching, ultimately life-affirming reflection on coming to understand true love through the experience of great loss.

People Who've Made it Harold Feldman, 198?

Juvenile Psychiatry and the Law Richard Rosner, Harold I. Schwartz, 2012-12-06 I am not sure when a series of volumes becomes an institution; this is the fourth annual volume of *Critical Issues in American Psychiatry and the Law*, and each has been an extraordinary summary of important forensic topics. This book makes the point that the interface of psychiatry and law is not merely a legal one, but has a great deal to do with clinical issues such as diagnosis and treatment. Children and adolescents are not adults. This may come as something of a shock to those who proselytize for equal rights for children, and to those adults (including some psychiatrists, attorneys, and judges) who advocate giving the child adult choices and/or responsibilities. Children differ from adults in many ways. The specialist in child or adolescent psychiatry knows not only that one must attend to special social and family issues for juveniles, but that juveniles are more complex internally as well. They attempt to survive in the world while rapidly growing and learning, usually with physically and emotionally immature

resources. They have had few years in which to develop experience, and do not have the psyche with which to integrate that experience in ways one would expect of a mature adult. Sometimes this frightens the patient, as in the case of a physically large teen ager whose impulse control is impaired. Sometimes it is frustrating, as in the case of a healthy child unable to escape from a dysfunctioning family. It is always confusing, and usually uncomfortable.
