**Aristotle, Adam Smith and Karl Marx** Spencer J. Pack,2010-01-01 . . . a very valuable introduction to Aristotle s economics. History of Economic Ideas Spencer Pack is completely at home with the difficult works of Aristotle, Adam Smith and Karl Marx. To walk with him through their writings is to discover that they are surprisingly helpful in understanding the modern world of computers, credit crunches, religious differences, international conflicts, and unemployment due to oversaving in China and undersaving in America. One is left after reading them with growing admiration for the giants of past intellectual history. This is only one lesson that Pack teaches in this illuminating book. Mark Blaug, University of London and University of Buckingham, UK This is an unusually ambitious and unpretentious work. And it is successful. Pack effectively compares the ideas of each of the three great men without forcing those of one upon the others. The topics are exchange value, money, capital, character, government, and change, which the author considers to be the fundamental issues in 21st century political economy. Pack is especially successful in utilizing a wide spectrum of secondary (including contemporary) sources to enrich the analysis of the expected primary sources. Student readers will be exposed to the opportunities and problems of variation in interpretation. The author has studiously avoided insinuating and privileging his own views and naively repeating well-worn and misleading, if not also erroneous, ideology-laden positions. Warren J. Samuels, Michigan State University, US Spencer Pack has written a most illuminating and insightful book. Beginning from Aristotelian foundations, Pack focuses our attention on an essential economic and moral issue: the difference between value in use and value in exchange. From this vantage point, he evaluates the arguments of Smith and Marx, demonstrating how their theories, both drawing on Aristotle, unfold into a general analysis of capitalism. His account forces us to think deeply about the nature of capitalist society. I recommend it highly. John F. Henry, University of Missouri-Kansas City, US Spencer Pack compares and contrasts Aristotle s, Smith s and Marx s theoretical systems on six fundamental issues: exchange value, money, capital, character, government, and change. This book also provides insights on issues concerning the continuing development of world money, saving, managerial capitalism, corrupt governments, and various secular and religious movements for social change.

When Faith Turns Ugly: Understanding Toxic Faith and How to Avoid It Brian Harris,2016-04-01 Following the huge success of *The Tortoise Usually Wins*, 2012, and *The Big Picture*, 2015, in *When Faith Turns Ugly* Brian Harris explores why

the Christian faith sometimes wears two masks - usually life-serving and transforming, but occasionally escapist, illusionary and even poisonous. What are the warning signs that faith is at risk of turning toxic? What do we mean by the conviction that the gospel liberates? Brian Harris' take on what constitutes life-serving faith is refreshing and will be appreciated by all who would like to be sure that their obedience to Jesus the Christ will help to build a world with a better name.

*The Metamorphosis of Consciousness: A Critique of Marxist Ideology* Pasquale De Marco, 2025-07-20 In a world grappling with the contradictions and crises of capitalism, the ideas of Karl Marx continue to resonate with profound relevance. This book offers a comprehensive exploration of Marx's thought, delving into his critique of capitalism, his analysis of class struggle, and his vision of a socialist society. With clarity and rigor, the book examines Marx's critique of the capitalist mode of production, revealing its inherent contradictions, its tendency to generate crises and inequality, and its alienating effects on human beings. It explores Marx's analysis of class struggle as the driving force of history, demonstrating how the conflict between the bourgeoisie and the proletariat shapes every aspect of social, economic, and political life. The book also delves into Marx's vision of a socialist society, a world free from exploitation and oppression. It examines the theoretical foundations of Marx's revolutionary project, his ideas on the dictatorship of the proletariat, and his concept of communism as a classless, stateless society. Through a critical engagement with Marx's ideas, the book sheds light on the challenges and contradictions of the 21st century. It explores the relevance of Marx's thought to contemporary social movements, political struggles, and economic crises. It also examines the failures and limitations of Marxist regimes in the Soviet Union and elsewhere, offering a nuanced understanding of the complexities of revolutionary transformation. Written in a clear and accessible style, this book is an essential resource for students, scholars, activists, and anyone else who is concerned about the future of our society. It provides a comprehensive overview of Marx's thought, offering new insights into his critique of capitalism and his vision of a socialist future. Engaging with Marx's ideas, this book challenges us to rethink the foundations of our economic, social, and political systems. It invites us to confront the contradictions and injustices of capitalism and to envision a more just and equitable world. If you like this book, write a review!

**Religion in Sociological Perspective** Keith A. Roberts, David Yamane, 2015-07-18 This fully updated Sixth Edition of *Religion in Sociological Perspective* introduces students to the basic theories and methods in the field, and shows them how to apply these analytic tools to new groups they encounter. The authors explore three interdependent subsystems of religion—meaning, structure, and belonging—and their connections to the larger social structure. While they cover the major theoretical paradigms of the field and employ various middle-range theories to explore specific processes, they use the open systems model as a single unifying framework to integrate the theories and enhance student understanding. **The Psychology of Prejudice** Mark P. Zanna, James M. Olson, 1994 This volume consists of expanded and updated versions of papers presented at the Seventh Ontario Symposium on Personality and Social Psychology. The series is designed to bring together scholars from across North America who work in the same substantive area, with the goals of identifying common concerns and integrating research findings. The topic of this symposium was the psychology of prejudice and the presentations covered a wide variety of issues. The papers present state-of-the-art research programs addressing prejudice from the point of view of both the bigoted person as well as the victim of bigotry. The chapter authors confront this issue from two major -- and previously separate -- research traditions: the psychology of attitude and intergroup conflict. The chapters are organized in the following sequence of topics: the determinants and consequences of stereotypes, individual differences in prejudicial attitudes, intergroup relations, the responses of victims to prejudice and discrimination, and an integrative summary/commentary. Illustrating both the diversity and vitality of research on the psychology of prejudice, the editors hope that this volume will stimulate further research and theorizing in this area.

**Disbelief** Will M. Gervais, 2024-07-30 Does God exist? This straightforward question has spawned endless debate, ranging from apologists' supposed proofs of God's existence to New Atheist manifestos declaring belief in God a harmful delusion. In *Disbelief*, Will M. Gervais, Ph.D., a global leader in the psychological study of atheism, shows that the ubiquity of religious belief and the peculiarities of atheism are connected pieces in the puzzle of human nature. It's undeniable that religion is a core tenet of human nature. It is also true that our overwhelmingly religious species is also as atheistic as it's ever been. Yet, no scientific understanding of religion is complete without accounting for those who actively do not believe. In this refreshing and revelatory book, Gervais argues that religion is not an evolutionary puzzle so much as two evolutionary puzzles that can only be solved together. First is the Puzzle of Faith: the puzzle of how *Homo sapiens* - and *Homo sapiens* alone - came to be a religious species. Second is the Puzzle of Atheism: how disbelief in gods can exist within our uniquely religious species. The result is a radically cohesive theory of both faith and atheism, showing how we became a uniquely religious species, and why many are now abandoning their belief. Through a firsthand account of breakthroughs in the scientific study of atheism, including key findings from cognitive science, cultural evolution, and evolutionary psychology, *Disbelief* forces a rethinking of the prevailing theories of religion and reminds both believers and atheists of the shared psychologies that set them on their distinct religious trajectories. In casual prose and with compelling examples, Gervais explains how we became religious, why we're leaving faith behind, and how we can get along with others across the religious divides we've culturally evolved.

**It Can Happen Here** Todd "Skippy" Conroy, 2017-05-26 This is the book that has become a cult hit. The breath-taking revelations center on a young boy's opposition to authoritarianism and his subsequent struggle against it to foment rebellion. It is written in the ground-breaking new style of an alternate history book within a police state. The teenager lives in a world where infants are numbered as soon as they are born. The numbers are used to track and control everyone from cradle to grave, and to expropriate them continuously. The bloated government brainwashes each child for more than a decade. Small children are trained to perform bizarre rituals en masse and on command. The indoctrination is so intense that adults continue to perform in a knee-jerk manner on cue for their entire lives. A frightening book written for frightening times. A tale about the fragility of freedom, it is an alarming, eerily timeless look at how fascism could take hold in America. It juxtaposes sharp political satire with the chillingly realistic rise of authoritarianism. It is a shockingly prescient novel in terms that are as fresh and contemporary as today's news. With references to actual historical events and people, the book will have readers wondering which parts are true and which parts aren't. It debunks Sinclair Lewis' book *It Can't Happen Here*. Do you dare peek inside the twisted noggin of researcher Dr. Rex Curry? The author Todd Conroy lifts the doctor's lid. A glimpse will change you forever. When you are done exploring, will your life return to boring? - Tumbling Pebble Magazine

**2 Girls 1 Cup** Lin Xun, Ian Tinny, Dead Writers Club, Rex Curry, 2017-01-10 Supermodel and super-writer Lin Xun exposes 2 girls 1 cup! Her phrase is shorthand for Stalin and Hitler, and especially when those two hooked-up together. It is also shorthand for Stalin and Mao and their coupling too. There was a sick union shared by all 3 of the gangbangers: Stalin, Mao, and Hitler. They were joined by comrades in the USA. Their compatriots continue to cover up their depraved lifestyle today. Top historical discoveries of the century are revealed in this book, including: (1) Congress and the Flag Code confirm that the military salute was the origin of the Nazi salute. (2) The USA's Pledge of Allegiance inspired Nazi rituals. (3) Public schools spread Nazi behavior. (4) Swastikas represented crossed S letter shapes for socialist under Hitler. They are astounding discoveries by the historian Dr. Rex Curry. To an astronomer, this would be almost like finding water on Mars. To a physician, like discovering the cure to a disease. Plus, new death of Fidel Castro bonus at no extra charge! The publisher's search continues for photographs and old film footage showing presidents, members of congress, and other officials on the federal, state, county, and city levels doing the Nazi salute to the U.S. flag. Please send any images or inquiries to the email address of the publisher mentioned in the book. A large quantity of such material is in the archives of the historian Dr. Rex Curry. Anyone who doubts that Hitler used the swastika to represent S letter shapes for Socialism is someone who believes Hitler was blind and that Hitler remained blind throughout the decades that Hitler used the symbol for his National Socialist

Party. Eventually, Dr. Curry's discovery about the swastika will become so well-known and so obvious that no one will believe that Dr. Curry made the discovery that Hitler used the swastika to represent 'S' letter shapes for 'socialism' because no one will believe that there ever was a time when people could not recognize Dr. Curry's scholarship as self-evident. People will not believe that there ever was a time when the world did not notice the glaring truth about the differences between Hitler's symbol, swastikas, and their alterations. People of the future will not believe that people of today were so blind and ignorant. It will be Dr. Curry's revolutionary paradigm shift. The same path of doubt, dissemination, and eventual widespread acceptance will occur regarding Dr. Curry's discovery that the Pledge of Allegiance was the origin of the Nazi salute and Nazi behavior. It will be another revolutionary paradigm shift. There is rumor of a Pulitzer Prize for exposing the Pledge of Allegiance as the origin of Nazi salutes and Nazi behavior; and the swastika as alphabetical 'S' letter shaped symbolism for 'socialist.' *Francis Bellamy Biography - Edward Bellamy, Rex Curry exposing Nazi salutes, Socialism, Fascism, Nazism* Ian Tinny, Micky Barnetti, Matt Crypto, Dr. Rex Curry, Esq., Pointer Institute, 2015-07-23 Francis Bellamy, author of the Pledge of Allegiance to the Flag, was the origin of the Nazi salute and Nazi behavior. This book reveals why public schools will not teach students about his life. Astounding discoveries (from the historian Dr. Rex Curry) are explained in this biography of Bellamy. Learn the tragic impact of Bellamy's dogma of Christian Socialism and Military Socialism all over the world. Find out why, if the truth were taught about Bellamy, then all students would refuse to perform the 12-year daily ritual of chanting that Bellamy promoted. Author Ian Tinny with the Pointer Institute shows the connections to Socialism, Fascism, Nazism, and more. Known for its lively, clear prose as well as its scholarly research, this biography of Francis Bellamy is the only volume to tell America's story from the point of view of anarcho-capitalism. Tinny writes with an enthusiasm rarely encountered in the leaden prose of academic history, and his text is studded with telling quotations from history's forgotten luminaries. There are vivid descriptions of events that are usually ignored (e.g. the Pledge of Allegiance as the origin of the Nazi salute and Nazi behavior). Ian Tinny's work on Francis Bellamy (author of the Pledge of Allegiance), exposing the dogma of military socialism, should be read by every student. Instead, it is banned in government schools (socialist schools).

LIES and the LYING LIARS who tell them Ian Tinny, Dead Writers Club, Matt Crypto, Micky Barnetti, Pointer

Institute,2015-07-30 The Pledge of Allegiance was the origin of the Nazi salute and Nazi behavior. Swastikas were S letters for SOCIALIST under the Nazis (the National Socialist German Workers Party). The pledge remains the first bullying that begins each day in government schools (socialist schools) in Police State USA. The astonishing discoveries of the historian Dr. Rex Curry are reviewed by author Ian Tinny who then asks the question that must be asked: What do Americans know about the pledge? And, if not, why don't they know? When did they first not know? Why don't they ask to have the pledge explained to them? Do they know that they don't understand it? Americans say repeatedly, The pledge is freedom! The pressitutes say nothing in response. Is it because there's a socialist bias in the media? I think so. And I think their attitude is: Americans don't know! Leave those pathetic voters alone, they don't know! Join the Pointer Institute and the Dead Writers Club and help provide remedial education. Stop teachers from drilling children to verbally fellate the flag every morning. Stop the daily witch hunt. Stop the Lies and the Lying Liars who tell them. Remove the pledge from the flag; remove flags from schools; remove schools from government.

LIBERAL FASCISM: the Secret History of American Nazism exposed by Dr. Rex Curry Dead Writers Club,Micky Barnetti,Pointer Institute,Matt Crypto,2015-07-31 The Pledge of Allegiance was the origin of the Nazi salute and Nazi behavior. Under Germany's Nazis, the swastika symbol was crossed S letters for SOCIALIST (for the National Socialist German Workers Party). Those are only two of the amazing discoveries in this blockbuster that have been left out of similar books on this topic. This blood drenched book offers eye-popping new analysis of the origins of fascism and explores the discoveries of the historian Dr. Rex Curry. Replacing conveniently manufactured myths with surprising research, the author Micky Barnetti reminds us of the history of robotic chanting en masse and on cue, accompanied by violence for anyone who refused to submit. Discover the secret of how the military salute was the origin of the fascist salute. Study the Wholecaust (of which the Holocaust was a part). Learn how the word Fascist is related to the word faggot. Calling someone a fascist is the fastest way to shut someone up, defining their views as beyond the pale. But who are the real fascists in our midst? According to the author Micky Barnetti, the pledge remains the first fascist bullying that begins each day in government schools (fascist schools) in Police State USA. The quintessential Liberal Fascist isn't an SS storm trooper; it is a public school teacher brainwashing children every day for 12 years of their lives. These revelations may sound odd to modern ears, but that is because we have forgotten what fascism is. In this smart, contentious book, Barnetti turns our preconceptions upside down and shows us the unvarnished meaning of Liberal Fascism. Find out why, if the truth were taught about the Pledge of Allegiance, then everyone (other than fascist kooks) would refuse to perform Francis Bellamy's quotidian mechanical ritual. The fascist salute was performed by public officials in the USA from 1892 through 1942. What happened to the photographs and films of the American fascist salute performed by federal, state, county, and local officials? Those photos and films are rare because people don't want to know the truth. Public officials in the USA who preceded the Adolf Hitler and the Benito

Mussolini were sources for the stiff-armed salute (and robotic chanting) in those countries and other foreign countries. Explore how the ancient Roman salute myth originated from the city of Rome in the state of New York (not Italy), Francis Bellamy's hometown. Learn about Mussolini's strange gift to the city of Rome, NY: a statue of two human male infants suckling on a female wolf. That statue remains on display in Rome, NY. Find out who you are, what you are, and how you got to be that way. Also learn who you should blame: your government's schools (fascist schools). Remove the pledge from the flag; remove flags from schools; remove schools from government. *HITLER CHRIST* Ian Tinny, Dead Writers Club, 2017-06-14 Millions of lives worldwide were impacted by the events. Don't fall prey to the lies your teachers taught you. Learn about the mysteries of the symbolism. Never-before-revealed secrets are exposed. And what about the followers? Who did what to whom? Some of them remain with us today. They use crosses as important -even magical- emblems. This book reveals both occult and cult knowledge. Explore the ideologies in these cryptic pages. Widely proclaimed a classic work of historical scholarship, Hitler Christ has been hailed as the most eloquent of Ian Tinny's many books. The fruit of many years of reflection and research, it is a dramatic and moving recounting of the darkest chapters survived by humanity. A penetrating study of the personification of evil. This landmark work provides revealing looks at the megalomania, delusions of grandeur, and schizophrenia. All the monstrous parts are dissected in this autopsy. Drawing on previously unseen papers and a wealth of recent scholarship, Tinny explores Professor Rex Curry's research to shine important new light on all the cadavers. For too long the world has tried to grasp how it was possible. This riveting biography brings us closer than ever to the answer. Many previous books have focused only on larger social conditions to explain these historical topics. With his customary insight and irreverence, Tinny interprets the evidence and describes events not only in historical perspective but also in exciting and contemporary terms -- seeing in calamities both modern parallels and timeless lessons. His thoughtful, probing analysis provides new insight into well-known episodes. An appealing blend of philosophy, history, and philological exegesis, from the most-loved American historical leader of the twenty-first century, Hitler Christ has long been a source of inspiration and guidance. *Pledge of Allegiance and Swastika Secrets* Ian Tinny, Rex Curry, 2013-01-11 Nazi salutes and Nazi behavior originated from the USA's Pledge of Allegiance to the flag. The Nazi swastika represented crossed S-letters for socialists under the Nazis (the National Socialist German Workers Party). The Pledge was written in 1892 by Francis Bellamy. Francis was cousin to Edward Bellamy, author of an international bestseller in 1888 that launched the nationalism movement. Edward's book was translated into every major language, including German. Francis and Edward were both self-proclaimed socialists in the Nationalism movement and they promoted military socialism. The Bellamys wanted government to take over all schools. When the government granted their wish, the government's schools imposed segregation by law and taught racism as official policy. Government schools also forced robotic chanting to flags. All of that behavior even outlasted German National Socialism (or Nazism, although German National Socialists did not call themselves Nazis, they called themselves Socialists and National Socialists). In addition to the notorious salute, American socialists also bear some blame for the notorious symbol used by the National Socialist German Workers Party on its flag. Edward Bellamy worked with the Theosophical Society, another socialist group, and during that time the Theosophical Society used the symbol adopted later by German National Socialists. The symbol is commonly called a swastika, although German socialists called it a Hakenkreuz (hooked cross). Despite being an ancient symbol, the swastika was altered for use as overlapping S-letters for socialism. It was turned 45 degrees from the horizontal and was oriented in the S-letter's direction to highlight the overlapping S letters for socialists. Similar alphabetic symbolism was used in the SS division (two S letters for Schutzstaffel) and similar symbolism is still visible today, and everyday, on the streets as VW emblems (two V letters, or a V and a W letter conjoined, for Volkswagen). As part of the anti-libertarian practice, people were persecuted for refusing to perform the straight-armed salute and mechanical chanting to the national flag. That happened at the same time in the USA and in Germany. The Pledge's early right-armed salute was not an ancient Roman salute. The ancient Roman salute is a myth. Professor Rex Curry showed that the ancient Roman salute myth came from the Pledge. Take the Pledge not to Pledge. Stop kissing the government's butt every morning.

Remove the pledge from the flag. Remove flags from schools. Remove schools from government. For more information visit the site that archives the work of the nation's leading authority on the Pledge of Allegiance: the historian Dr. Rex Curry.

**World History 1/8** Micky Barnetti, Matt Crypto, 2015-07-08 Did Nazi salutes and Nazi behavior come from the USA's Pledge of Allegiance to the flag? Did the swastika represent crossed S letters for socialism under Adolf Hitler's socialism (Nazism)? The historian Dr. Rex Curry's discoveries are explained in this book by the author Micky Barnetti. The book World History 1/8 also introduces readers to Anarchaeology, Misanthropology, and the Socialist Crusades, the Latest Socialist Dark Age, and the Modern Socialist Inquisitions, which resulted in socialist genocide, a.k.a. the Wholecaust (of which the Holocaust was a part). Adolf Hitler, Joseph Stalin, Mao Zedong and other socialists are exposed along with the influence of socialists in the United States upon those dictators.

*God Hates Flags! Buy This Book Or Go to Hell.* Lin Xun, Pointer Institute, Dead Writers Club, Rex Curry, 2016-09-09 God hates flags! Learn why God prohibits idolatry, other gods, and graven images. Flag worship is forbidden for many reasons including: (1) the Pledge of Allegiance to the Flag was written by an American socialist and was the origin of the Nazi salute and Nazi behavior under German socialism; (2) the military salute was the origin of the Nazi salute (because the military salute was used in the original Pledge of Allegiance) and; (3) German socialists used the early American hand-salute to pledge allegiance to their swastika flag that represented crossed S letter shapes for socialist (those are three of the many divine revelations from the philologist Dr. Rex Curry, and explained by the author Lin Xun). This book reveals for the first time how Congress and the U.S.'s official Flag Code expose the military salute as the origin of the Nazi salute. The U.S. Congress revealed that Dr. Curry's academic discoveries are correct. The research for Dr. Curry's scholarly work was painstaking and difficult, but fortunately grad students are plentiful and cheap, said Lin regarding America's beloved VexilLOLogist. Research for Dr. Curry's distinguished accomplishments was painstaking and difficult, but fortunately grad students are plentiful and cheap. The government calls America's beloved Vexillologist (Dr. Curry) the man who knows too much. Anyone who doubts that Hitler used the swastika to represent S letter shapes for Socialism is someone who believes Hitler was blind and that Hitler remained blind throughout the decades that Hitler used the symbol for his National Socialist Party. Eventually, Dr. Curry's discovery about the swastika will become so well-known and so obvious that no one will believe that Dr. Curry made the discovery that Hitler used the swastika to represent 'S' letter shapes for 'socialism' because no one will believe that there ever was a time when people could not see that Dr. Curry's assertion was self-evident. People will not believe that there ever was a time when the world did not see the glaring truth. People of the future will not believe that people of today were so blind and ignorant. It will be Dr. Curry's revolutionary paradigm shift. The same path of doubt, dissemination, and eventual widespread acceptance and paradigm shift will occur regarding Dr. Curry's discovery that the Pledge of Allegiance was the origin of the Nazi salute and Nazi behavior. There is rumor of a Pulitzer Prize for exposing the Pledge of Allegiance as the origin of Nazi salutes and Nazi behavior; and the swastika as alphabetical 'S' letter shaped symbolism for 'socialist.' Hooray! - R. Yates Bloodsworth The professor's work left us speechless! - Tampa Tribune Newspaper This book will make you wonder if anything you know is true. - Dead Writers Club The Dead Writers Club also*

fight media incompetency and dishonesty; toward that goal it joined with the Pointer Institute to shut down the Tampa Tribune Newspaper in 2016. The author Ian Tinny's work (with the assistance of the Pointer Institute) led to the arrest, trial, conviction, and imprisonment of America's Dumbest Criminals (and the foreclosure of their homes, along with victim restitution liens, and criminal forfeiture judgments, in amounts totaling millions of dollars).

Nobody but You and Me Jay Thomas Willis, 2021-05-04 This book puts forth the idea that rather than there being a "God, or a Balance in the Universe": "God is the Balance in the Universe." It also puts forth the idea that Jesus Christ was basically conceived by 300 Roman Catholic Bishops at the Nicene Council in 325 A.D. The Bible is indeed not the Word of God, neither was it influenced by God. It consists of Fables, parables, myths, folktales, and allegories taken from other mythical-religious doctrines. The Bible consists of too many inconsistencies, disparities, irregularities, and unrealistic stories to have any basis in reality.
