Alan Kennedy-Shaffer

Just Because We Are the 99% Miss Mary, 2012-03-27 This book is about the year 2011 and the 99%. In a rush to punish President Obama, the 99% elected more of the NO party into office in the 2010 midterms. Even after eight years of economic manipulations which resulted in our financial meltdown, the 99% decided to reward the NO party with more representatives. This book is about the end result of that vote. It is about the 99% being 100% responsible for our economic non-recovery. The 99% diluted its power and the 99% paid the price with Republican's obsession for new abortion laws and voting restrictions. The promise of job creation was ignored by those elected in 2010. This is a book explaining the manipulation of the 99% and the 99% allowing that manipulation. Hopefully, at the end of this book, the 99% will finally be motivated to get past their subconscious racism, which makes the 99% vulnerable to divisive manipulation. Hopefully, the 99% will understand the need to stop dividing and unify.

Denial and Deception Alan Kennedy-Shaffer, 2006 Denial and Deception: A Study of the Bush Administration's Rhetorical Case for Invading Iraq delivers a refreshingly objective snapshot of the relationship between President George W. Bush's misleading statements, public opinion, and the war in Iraq. Using statistical analysis, Alan Kennedy-Shaffer presents the first academic study of President Bush's efforts to bully the nation into invading Iraq and why the White House no longer controls public opinion. By mapping the major rhetorical and military developments in the war in Iraq, Kennedy-Shaffer paint a contextual picture of the Administration's rhetoric and the impact of casualty rates on public opinion. This book is essential reading for every scholar of presidential rhetoric and public opinion in an era of denial and deception by the President of the United States.

American Racism! Dennis L. Kirkpatrick, 2013-09-12 "Preventing black people from having the same liberties, justice and equalities as white people is an inhumane racial plot. This evil crime must end immediately". Four Important Bullet Points: o Slavery and racism existed during Biblical Days. That doesn't mean they are acceptable to God. o Cain's murder of Able does not justify murder today. o The actions of racists have held back mankind. We could all be further ahead. o God totally disapproves of racism.

A Collection of Satirical Short Stories: A Bigly Clever Title Craig Rozniecki, 2017-12-13 While in nonsensical actuality Donald Trump's campaign slogan was Make America great again!, it probably should have been either Make facts fake again! or Make bigly stinky BS smell good again! It's appeared to be the president's goal to transform the U.S. into bizarro world, where up is down, black is white, right is wrong, left is right, and a bouquet of herpes is a popular item at supermarkets every February 14th. Cite a fact? That's fake news. Cite fake news? That's a fact. So what do we do when the leader of our country tries turning reality on its head? Resort to 24-hour all-you-can-eat buffets, binge-drinking, and laughter, not necessarily in that order. That's where author Craig Rozniecki's fifteenth book, *A Collection of Satirical Short Stories: A Bigly Clever Title*, will come in handy! So join him in attempting to cope with Trump's bizarro world, as he satirizes politics, religion, race, every light topic you're advised to talk about on a first date.

The Serious Scale of Sarcasm: More Balanced Than a Drunken High-Heeled Clown on a Tight Rope Craig Rozniecki, 2007-04 Ever been on a date where your date pretended to figure skate on the carpet for two hours? Has a friend, date, or loved one ever confessed their love of mannequins to you? Want to know what the top ten post-presidential jobs are for George W. Bush? Ever wonder how Valentine's Day came to be, fictionally speaking? Wonder no more. All these questions

will be answered, experiences will be shared, and then some, in *The Serious Scale of Sarcasm: More Balanced Than a Drunken High-Heeled Clown on a Tight Rope*. Craig Rozniecki, author of *Seasons Come, People Grow: A Poetic Journey*, goes a very different route in his second book, as he goes from vague, open to interpretation poetry to very blunt and in your face humor and analysis. Rozniecki makes fun of anything from commercials to politicians to celebrities to the Internet(s). All this is talked about and so much more in Rozniecki's second book, *The Serious Scale of Sarcasm: More Balanced Than a Drunken High-Heeled Clown on a Tight Rope*.

Seeing through the Screen Bruce E. Altschuler, 2017-11-22 Although films affect and reflect the way Americans look at politics, they have received far less attention than television or newspapers. This is changing, particularly on college campuses, where courses on politics and film are growing in popularity. This book consists of short essays on approximately fifty American political films. It is distinctive in two ways. Firstly, it defines politics broadly enough to include a range of films, not only on obviously political topics such as the presidency, congress, and elections, but also on the media, law and courts, war and peace, and a variety of policy issues. Secondly, it goes beyond plot and dialogue to discuss the language of film, including visual aspects, sound, mise-en-scène, and other ways that films communicate their messages to audiences. Each chapter begins with a brief introduction to the films included. The essays also explain the political context of each film and, when films are based on historical events, discuss the accuracy of their depictions. References to additional sources are included at the end of each essay. This book explores the extent to which films take on the political issues of the day and their influence on public perceptions of politics. Do films support the status quo or do they challenge it?

2030, the Coming Tumult Richard M. Mosey, 2009 The short-term benefits of unlimited growth are driving the American economic and social model right off a cliff. The author shows how corporations drown out scientists and global elites prosper during economic collapse. He explores the role of monotheistic religions in abetting population growth and downplaying human agency in the current unprecedented crisis and charts the effects of increasing poverty, population migration, and social tension.

Only a Joke Can Save Us Todd McGowan, 2017-09-15 *Only a Joke Can Save Us* presents an innovative and comprehensive theory of comedy. Using a wealth of examples from high and popular culture and with careful attention to the treatment of humor in philosophy, Todd McGowan locates the universal source of comedy in the interplay of the opposing concepts lack and excess. After reviewing the treatment of comedy in the work of philosophers as varied as Aristotle, G. W. F. Hegel, Sigmund Freud, Henri Bergson, and Alenka Zupancic, McGowan, working in a psychoanalytic framework, demonstrates that comedy results from the deployment of lack and excess, whether in contrast, juxtaposition, or interplay. Illustrating the power and flexibility of this framework with analyses of films ranging from Buster Keaton and Marx Brothers classics to *Dr. Strangelove* and *Groundhog Day*, McGowan shows how humor can reveal gaps in being and gaps in social order. Scholarly

yet lively and readable, *Only a Joke Can Save Us* is a groundbreaking examination of the enigmatic yet endlessly fascinating experience of humor and comedy.

Michael Moore's *Fahrenheit 9/11* Robert Brent Toplin, 2006 Examines the development of Michael Moore's ideas and the evolution of his filmmaking, then dissects *Fahrenheit 9/11*, and explores the many claims and disagreements about the movie's truthfulness. This study shows that Michael Moore's film did more than shake up a nation.

Need to cry or shed a tear? Try reading a heartfelt eulogy. We are all related. We are all family. Politics got you down? Read an editorial and let go of those inhibitions to scream. Reign of Trump Bensa Magos, 2016-08-31 Dante's *Inferno* and the Spanish Inquisition rise from the dead in *Reign of Trump* by Bensa Magos, published by nereusmedia. Magos turns his inimitable demagoguery upon the future President Trump, in a fantastic casting of Trump's populist revolt as the French Revolution. Magos contends there is a coming Terror with public Tribunals of the ancien regimes of both Bush and Obama. Trump's Terror will be a televised witch-hunt with Trump at center stage. In a brilliant bi-partisan gesture, Trump brings the justice of auto-da-fe to 88 enemies from both the seditious Left and the traitorous Right in a global media event. But will Trump transcend his presidency for an even higher

goal of empire or godhead? For Trump, the world is truly not enough. Editor Julia de Stijl writes Bensa Magos is terrible, just terrible, but what delicious heights of historical webs, hints of conspiracies and tragic truths revealed behind the humor. We learn even when we don't agree to start thinking critically of all authority.

OptaJoe's Football Yearbook 2016 Duncan Alexander, 2016-08-11 Kane or Vardy? Pep or José? Pulis or ... anybody else? Football is a game of opinions. A world where received wisdom and the law of the hunch reign supreme. But football is becoming more intelligent. The history books may say that Leicester City winning the premier league 'defied logic', but if you looked more closely, they were always going to win . . . From distances run to pass success rate, shots on target to corners won, counter-attacks to tackles made, Opta, the world's leading sports data company, records everything. But what does it all mean? And how can it add to our love of the game? From the author and statistician behind the popular OptaJoe Twitter account, what follows is a hugely entertaining and insightful guide to football in 2016, analysing data from the world's greatest teams, players, leagues and tournaments. Stats can never tell us everything, but combining cutting-edge analysis with wry humour, this book debunks countless myths peddled by pundits, managers, and even players.
