Mastering the Power of You Lalit Johri, Katherine Corich, Gay Haskins, 2022-11-21 The world of the 2020s is complex and demanding. We are faced with a myriad of difficult decisions about our present and future, driven by the impact of the COVID-19 pandemic, the economic downturn, rising unemployment and inequalities, digital disruption, uncertain political environments, and climate change. In this book, leaders from around the world share their experiences in adapting to the changing world and the lessons they have learnt. They offer advice on mastering a diverse range of leadership concepts, skills, and behaviours to prepare for the challenges of the 21st century. The easy-to-follow format is grouped around the core concepts of Leadership, entrepreneurship, and volunteering; Purpose and values; Authenticity, trust and presence; Strategising, thinking, and decision-making; Mentoring and development; Mental resilience; Diversity and inclusion; Negotiating and collaborating; and Social and environmental impact. Each of the 32 chapters takes you on a voyage of discovery to a wide range of powers and inspires you to use them to open new opportunities in your life and workplace. If you are a recent graduate aspiring to gain meaningful employment in a rapidly transforming workplace, or a mid-career professional whose job may soon change or disappear with increasing automation, this book is for you. If you are a consultant, coach, mentor, or trainer, looking for new approaches, this book will provide valuable guidelines. If you are a seasoned professional navigating the new norms, this book will give you many inspiring insights.

Women vs Hollywood Helen O'Hara, 2021-02-18 'A fascinating polemic' Sunday Times 'A powerful, sobering and vital work' The Mail on Sunday 'A page-turning read, peppered with humour' Sight & Sound 'A must read' Edgar Wright A call to arms from Empire magazine's 'geek queen', Helen O'Hara, that explores women's roles - both in front of and behind the camera - since the birth of Hollywood, how those roles are reflected within wider society and what we can do to level the playing field. Hollywood was born just over a century ago, at a time of huge forward motion for women's rights. With no rules in place to stop them, there were women who forged ahead in many areas of filmmaking. Yet, despite the work of early pioneers like Dorothy Arzner, Mabel Normand, Mary Pickford and Alice Guy-Blaché, it soon came to embody the same old sexist standards. Women found themselves fighting a system that fed on their talent, creativity and beauty but refused to pay them the same respect as their male contemporaries - until now . . . The tide has finally begun to turn. A new generation of women, both in front of and behind the camera, are making waves in the industry and are now shaping some of the biggest

films to hit our screens. In *Women vs Hollywood: The Fall and Rise of Women in Film*, film critic Helen O'Hara takes a closer look at the pioneering and talented women of Hollywood and their work in film since Hollywood began. And in understanding how women were largely written out of Hollywood's own origin story, and how the films we watch are put together, we can finally see how to put an end to a picture that is so deeply unequal - and discover a multitude of stories out there just waiting to be told.

The Routledge Companion to Gender and Crime Francesca Spina, 2025-07-30 The Routledge Companion to Gender and Crime offers a comprehensive, intersectional, and global exploration of gender and crime, addressing patterns of offending and victimization, criminal justice system challenges, and the evolving role of gender in criminal justice worldwide. This edited collection will help readers gain an understanding of the intersectional and global dynamics of gender and crime, including offending and victimization patterns, justice system challenges, and professional practices. It examines gendered differences in criminal processing, sentencing, and supervision, and touches upon contemporary issues that practitioners face related to gender and sexuality, such as gender and health in prisons. The book delivers this through chapters written by experts, integrating cutting-edge research, real-world applications, and diverse perspectives to address contemporary issues in criminology and criminal justice. This handbook expands upon existing works to include a background on gender and crime, theories related to gendered victimization and offending, and the importance of intersectionality. The Routledge Companion to Gender and Crime will be of interest to both undergraduate and graduate students in criminology and criminal justice programs, as well as researchers and educators in gender, politics, and sociology.

Freedom on the Frontlines Lina AbiRafeh, 2022-02-21 Afghan women were at the forefront of global agendas in late 2001, fueled by a mix of media coverage, humanitarian intervention and military operations. Calls for liberating Afghan women were widespread. Women's roles in Afghanistan have long been politically divisive, marked by struggles between modernization and tradition. Women, politics, and the state have always been intertwined in Afghanistan, and conflicts have been fueled by attempts to challenge or change women's status. It may appear that we have come full circle twenty years later, in late 2021, when Afghanistan fell to the Taliban once more. Women's rights in Afghanistan have been stripped away, and any gains--however tenuous--now appear lost. Today, the country navigates both a humanitarian and a human rights crisis. This book measures the rhetoric of liberation and the physical and ideological occupations of Afghanistan over the twenty-year period from 2001 through 2021 through the voices, perspectives, and experiences of those who are implicated in this reality--Afghan women.

Gender Linda L. Lindsey, 2020-12-17 A landmark publication in the social sciences, Linda Lindsey's *Gender* is the most comprehensive textbook to explore gender sociologically, as a critical and fundamental dimension of a person's identity, interactions, development, and role and status in society. Ranging in scope from the everyday lived experiences of individuals

to the complex patterns and structures of gender that are produced by institutions in our global society, the book reveals how understandings of gender vary across time and place and shift along the intersecting lines of race, ethnicity, culture, sexuality, class and religion. Arriving at a time of enormous social change, the new, seventh edition extends its rigorous, theoretical approach to reflect on recent events and issues with insights that challenge conventional thought about the gender binary and the stereotypes that result. Recent and emerging topics that are investigated include the #MeToo and LGBTQ-rights movements, political misogyny in the Trump era, norms of masculinity, marriage and family formation, resurgent feminist activism and praxis, the gendered workplace, and profound consequences of neoliberal globalization. Enriching its sociological approach with interdisciplinary insight from feminist, biological, psychological, historical, and anthropological perspectives, the new edition of *Gender* provides a balanced and broad approach with readable, dynamic content that furthers student understanding, both of the importance of gender and how it shapes individual trajectories and social processes in the U.S. and across the globe.

Heritage from Below Iain J.M. Robertson, 2016-04-22 Research into the ways in which the past is constructed and consumed in the present is now reaching a mature stage. This maturity derives from the general acceptance that heritage as a social and cultural construct is closely connected to the making and maintaining of identity at all spatial scales. This unique book contributes to the developing discourse by focusing on 'heritage from below' in a field where the literature on the relationship between heritage and identity has, rightly, been focused on national identity. Never before have the contemporary manifestations and the theoretical structuring framework of the idea of heritage from below been discussed in the depth offered by this book. The authors first establish the concept and then engage with the actual practice and practitioners of heritage from below in the UK, Europe, Australia and North America.

EndNote 1-2-3 Easy! Abha Agrawal, Majid Rasouli, 2024-12-26 This book is intended for students, academics, authors, and research-oriented professionals to store, organize, and manage their references for research papers, theses, dissertations,

journal articles, and other publications. Its purpose is to educate readers about effective use of information technology in reference management - the process of storing, managing, retrieving and citing scientific references. It also provides step-by-step instruction on using EndNote, a popular reference management software. Since the publication of the third edition, substantial changes have taken place in the field of reference management. EndNote has released a new version - EndNote 20. The web-based knowledge databases such as Web of Science Core Collection, Scopus, and Google Scholar are also being used far more frequently. The fourth edition of EndNote 1-2-3 Easy! incorporates updated instructions and screenshots to ensure that the readers continue to find this a user-friendly book providing accurate and reliable information. For first-time users of EndNote 21, this book is a comprehensive and well-illustrated instruction manual for getting started, including detailed instructions on installation, creating reference libraries, and ultimately creating complete and accurate citation-based bibliographies necessary to achieve successful peer reviewed publications. For existing "power users" of current and earlier versions of EndNote, this book provides quick and easy access to a comprehensive compendium of nuanced and advanced features of this powerful software, with an emphasis on providing greater ease and control in coordinating and curating research materials and bibliographies with research collaborators and scientific writing teams.

The Business of Race: How to Create and Sustain an Antiracist Workplace—And Why it’s Actually Good for Business

Margaret H. Greenberg,Gina Greenlee,2021-08-31 This book is not written specifically for White readers, Black readers, readers who are Latino, Asian, or other specific racial or ethnic groups. If you are a business leader, individual contributor, Human Resources or DEI (Diversity, Equity and Inclusion) professional, educator, coach, or consultant, then The Business of Race is for you. In the business world, incident-driven, company position statements on Black Lives Matter or Stop Asian Hate are not proxies for the heavy lifting that will penetrate and sustain a shift in the status quo. Advancing racial equity to disrupt institutional racism requires more than a company-wide memo or a tab on a corporate website. Businesses often water down, negate or skirt this reality by touting successes from its cousin—diversity. However, you cannot advance a strategy you do not name. The general term “diversity” enables that dynamic. It’s impossible to create an antiracist workplace when we avoid speaking the words “race” and “racism.” Co-authored by two business women, one Black and one White, The Business of Race can help us all prepare for this transformative work. Rather than diving headfirst with well-meaning but ineffectual efforts, we must first ready our organizations. The authors outline both the inner work (raising our own individual awareness and creating new ways of thinking and being), and the outer work organizations must undertake. This includes honest and often uncomfortable discussions. And carrying out as core to operational business strategy and performance, policies and practices to reimagine a racially equitable workplace. Whether you’re a rising entrepreneur, a supervisor or manager, a leader of a large multinational company, or a frontline employee, you’ll find concrete actions in this essential guide: Why Racial Diversity, Why Now – A Competitive Advantage Commitment, Specificity, and the Science of

Small Wins Uncomfortable Truths and Fearless Leaders Look for Talent Where Others Are Not No Secrets in Pay and Promotions - Close the Wage Gap Discover Your "E" and Measure its Impact Woven throughout The Business of Race are interviews with dozens of business professionals across myriad industries, fields and organizational levels. Their stories bring voice to the challenges and opportunities businesses face every day, and provide readers with the courage and tools to openly, honestly, and effectively address the deeply complex, emotional and intimidating dynamic of race and racism in the workplace.

The Top Books of the Year International Womens Day Quote The year 2023 has witnessed a remarkable surge in literary brilliance, with numerous compelling novels captivating the hearts of readers worldwide. Lets delve into the realm of popular books, exploring the fascinating narratives that have enthralled audiences this year. The Must-Read : Colleen Hoover's "It Ends with Us" This touching tale of love, loss, and resilience has gripped readers with its raw and emotional exploration of domestic abuse. Hoover masterfully weaves a story of hope and healing, reminding us that even in the darkest of times, the human spirit can triumph. International Womens Day Quote : Taylor Jenkins Reids "The Seven Husbands of Evelyn Hugo" This intriguing historical fiction novel unravels the life of Evelyn Hugo, a Hollywood icon who defies expectations and societal norms to pursue her dreams. Reids compelling storytelling and compelling characters transport readers to a bygone era, immersing them in a world of glamour, ambition, and self-discovery. Discover the Magic : Delia Owens "Where the Crawdads Sing" This evocative coming-of-age story follows Kya Clark, a young woman who grows up alone in the marshes of North Carolina. Owens weaves a tale of resilience, survival, and the transformative power of nature, captivating readers with its evocative prose and mesmerizing setting. These popular novels represent just a fraction of the literary treasures that have emerged in 2023. Whether you seek tales of romance, adventure, or personal growth, the world of literature offers an abundance of captivating stories waiting to be discovered. The novel begins with Richard Papen, a bright but troubled young man, arriving at Hampden College. Richard is immediately drawn to the group of students who call themselves the Classics Club. The club is led by Henry Winter, a brilliant and charismatic young man. Henry is obsessed with Greek mythology and philosophy, and he quickly draws Richard into his world. The other members of the Classics Club are equally as fascinating. Bunny Corcoran is a wealthy and spoiled young man who is always looking for a good time. Charles Tavis is a quiet and reserved young man who is deeply in love with Henry. Camilla Macaulay is a beautiful and intelligent young woman who is drawn to the power and danger of the Classics Club. The students are all deeply in love with Morrow, and they are willing to

do anything to please him. Morrow is a complex and mysterious figure, and he seems to be manipulating the students for his own purposes. As the students become more involved with Morrow, they begin to commit increasingly dangerous acts. The Secret History is a exceptional and gripping novel that will keep you speculating until the very end. The novel is a warning tale about the dangers of obsession and the power of evil.
