**Israelophobia** Jake Wallis Simons, 2023-09-07 'This is an important and necessary book by a superb and subtle writer. There's no one more qualified to write it than Jake Wallis Simons, both as ground-breaking Middle East security correspondent and Editor of the Jewish Chronicle. It analyses the often prejudiced coverage and intense scrutiny of Israel that so often veers into obsession and outright demonisation; and traces its origins from Medieval European and Stalinist antisemitism to the present day. It discusses why this nation is judged so differently from others in a supposedly rational and progressive era. A companion in some ways to David Baddiel's *Jews Don't Count*, it is a book that fascinatingly analyses the dark sides of our world today - political, national, cultural and digital - and exposes uncomfortable truths' SIMON SEBAG MONTEFIORE 'I can't be anti-Semitic: I have nothing against Jews individually, I only hate them by the country. Such is the delusion that Jake Wallis Simons sets out to discredit in this excellent and fearless book, dismantling its mendacities with a scholarly and logical thoroughness that makes you wonder if there will ever be an Israelophobe left standing again. Buy copies to distribute to your kindergarten groups and universities, anyway, just in case. And then buy another copy for yourself. It does the heart good to see one of the greatest expressions of collective animus exposed for the sanctimonious posturing it is. Israelophobia is a book we all need' HOWARD JACOBSON 'Timely and important' TELEGRAPH 'Fascinating' SPECTATOR In the Middle Ages, Jews were hated for their religion. In the twentieth century, they were hated because of their race. Today, Jews are hated for something else entirely, their nation-state of Israel. Antisemitism has morphed into something both ancient and modern: Israelophobia. But how did this transformation occur? And why? Award-winning journalist Jake Wallis Simons answers these questions, clarifying the line between criticism and hatred, exploring game-changing facts and exposing dangerous discourse. Urgent, incisive and deeply necessary, Israelophobia reveals why the Middle East's only democracy, which uniquely respects the rights of women and sexual and religious minorities, attracts such disproportionate levels of slander. Rather than defending Israel against all criticism, it argues for reasonable disagreement based on reality instead of bigotry. Through charting the history of Israelophobia - starting in Nazi Germany, travelling via the Kremlin to Tehran and along fibre optic cables to billions of screens - and using it to understand contemporary prejudice, this timely book will restore much-needed sanity to the debate, creating the space for mutual understanding, tolerance and peace.

The Islamist Ed Husain,2009-04-28 The true story of one man's journey to Islamic fundamentalism and back Raised in a devout but quiet Muslim community in London, at sixteen Ed Husain was presented with an intriguing political interpretation of Islam known as fundamentalism. Lured by these ideas, he committed his life to them. Five years later, he rejected extremism and tried to return to a normal life. But soon he realized that Islamic fundamentalists pose a threat that most people-Muslim and non- Muslim alike-simply don't understand. Based on first-hand experiences and written with pervasive clarity, The Islamist delivers a rare inside glimpse of the devious methods used to recruit new members, and offers profound insight into the appeal fundamentalism has for young Muslims in the Western world.

*They* Sarfraz Manzoor,2021-08-19 A RADIO 4 BOOK OF THE WEEK and a powerful and deeply personal exploration of a divided country - and a hopeful vision for change. 'This is not another book about the relationship between Muslims and non-Muslims. It is THE book. . . Absolutely not to be missed.' - Matthew d'Ancona Sarfraz Manzoor grew up in a working-class Pakistani Muslim family in Luton - where he was raised to believe that they were different, they had an alien culture and they would never accept him. They were white people. In today's deeply divided Britain we are often told they are different, they have a different culture and values and they will never accept this country. This time they are Muslims. Weaving together history, reportage and memoir, Sarfraz Manzoor journeys around Britain in search of the roots of this division - from the fear that Islam promotes violence, to the suspicion that Muslims wish to live segregated lives, to the belief that Islam is fundamentally misogynistic. THEY is also Manzoor's search for a more positive future. We hear stories from Islamic history of a faith more tolerant and progressive than commonly assumed, and stories of hope from across the country which show how we might bridge the chasm of mutual mistrust. THEY is at once fiercely urgent, resolutely hopeful and profoundly personal. It

is the story of modern, Muslim Britain as it has never been told.

*The Making of a Salafi Muslim Woman* Anabel Inge, 2017 Salafism, often called Wahhabism, is widely seen as a fundamentalist interpretation of Islam that subjugates women, yet growing numbers of young British women, many of them converts or from less conservative Muslim backgrounds, are actively embracing it. With unprecedented access to Salafi women's groups in the UK, Anabel Inge provides the first in-depth account of their lives, probing the reasons for their conversion and their subsequent dilemmas and difficulties.

**An American Bride in Kabul** Phyllis Chesler, 2013-10 A modern American woman reveals how her long-ago ordeal in a harem in Afghanistan led her to become a feminist leader and a legendary crusader for universal women's and human rights

**Handbook for Culturally Competent Care** Eric A. Fenkl, Larry D. Purnell, 2024-10-22 The second edition of this incisive book, based on the Purnell Model for Cultural Competence, addresses the potentially challenging topic of culture in a forthright style. It is a valuable resource in today's team-based healthcare environment, preparing health professionals, regardless of setting, to conduct in-depth assessments of individuals and families from culturally specific population groups. This book will appeal to all healthcare workers in all fields, and it is particularly suitable for nurses interacting with patients in very diverse settings. This book delves into 32 different cultures and areas of support common to all individuals and families that health professionals must recognize and consider. African American, American Indian, Brazilian, Cuban, Chinese, Korean and Filipino, but also Arab, Hindu or Haitian, as well as many European heritages are examined among others. Brand new chapters explore Greek, Italian, Jamaican, Thai, and Ukrainian heritages. For each culture, chapters detail communication styles, family roles, workforce issues, biocultural ecology and high-risk health behaviours. Also discussed are nutrition, pregnancy and child bearing, death rituals, spirituality, healthcare practices, and the perceptions of traditional, magico-religious, and bio-medical healthcare providers. Culture's characteristics - such as age, generation, gender, religion, educational/marital/parental/socioeconomic or even military status, but also political beliefs, physical characteristics, sexual orientation or gender issues - determining the diversity of values, beliefs, and practices in an individual's cultural heritage in order to help prevent stereotyping are discussed. At the end of each chapter, readers are provided with specific instructions, guidelines, tips, intervention strategies, and approaches specific to a particular cultural population. Additionally, reflective exercises help the reader reinforce the concepts presented in each chapter. For this second edition, most of the chapters are authored by individuals who either identify with the culture being addressed in the chapter or have personal knowledge of the culture via life experiences.

**#UsToo** Keren R. McGinity, 2023-09-25 **#UsToo: How Jewish, Muslim, and Christian Women Changed Our Communities** examines the relationship between sexual harassment, gender, and multiple religions, highlighting the voices of women of different faiths who found their voices and used them for the betterment of their communities. Through personal interviews and other research, this book explores the actions of American Jewish, Muslim, and Christian women who broke the silence about sexual misconduct and abuse of power by male co-religionists. Using a three-dimensional, ethnoreligious approach that examines gender, ethnicity, and religion, it addresses the relationship between religion and women's experiences and examines both historical contexts and present-day experiences of sexual misconduct within faith communities. This book will be of key interest to students within Gender Studies, History, Religion, and Sociology, clergy and lay religious leaders, and human rights advocates.

**The Object of Memory** Susan Slyomovics, 1998-06 Well researched and written with passion and elegance.—International Journal of Middle East Studies

**Everyday Piety** Sarah A. Tobin, 2016-02-04 Working and living as an authentic Muslim—comporting oneself in an Islamically appropriate way—in the global economy can be very challenging. How do middle-class Muslims living in the Middle East navigate contemporary economic demands in a distinctly Islamic way? What are the impacts of these efforts on their Islamic piety? To what authority does one turn when questions arise? What happens when the answers vary and there is little or no consensus? To answer these questions, *Everyday Piety* examines the intersection of globalization and Islamic religious life in the city of Amman, Jordan. Drawing on in-depth ethnographic fieldwork in Amman, Sarah A. Tobin demonstrates that Muslims combine their interests in exerting a visible Islam with the opportunities and challenges of advanced capitalism in an urban setting, which ultimately results in the cultivation of a neoliberal Islamic piety. Neoliberal piety, Tobin contends, is created by both Islamizing economic practices and economizing Islamic piety, and is done in ways

that reflect a modern, cosmopolitan style and aesthetic, revealing a keen interest in displays of authenticity on the part of the actors. Tobin highlights sites at which economic life and Islamic virtue intersect: Ramadan, the hijab, Islamic economics, Islamic banking, and consumption. Each case reflects the shift from conditions and contexts of highly regulated and legalized moral behaviors to greater levels of uncertainty and indeterminacy. In its ethnographic richness, this book shows that actors make normative claims of an authentic, real Islam in economic practice and measure them against standards that derive from Islamic law, other sources of knowledge, and the pragmatics of everyday life.

Beyond Parochial Faith Jeanette Blonigen Clancy, 2019-05-28 *Beyond Parochial Faith: A Catholic Confesses* weaves the author's personal story of woundedness and healing with her spiritual evolution. While working through and growing from personal relationships, Clancy wrestles with large questions of life's meaning. Her spiritual transformation allows no denial of God's existence, but her rational mind cannot accept the Christian Father/Son myth. She moves from parochial faith to faith informed by science, world religions, and the arguments of atheists. Clancy denounces what she calls sexist God-talk and espouses "secular spirituality," while also honoring Jesus and religious myths for being avenues to transcendence. *Beyond Parochial Faith* shows a deeply spiritual life independent of religion's dictates. "Nones," the Goddess, sexual assault, the #MeToo movement, and a gay priest play roles in this story. The author's questioning epitomizes Western spiritual evolution in the twenty-first century.

*One Nation Under God?* Marjorie Garber, Rebecca Walkowitz, 2013-09-13 *One Nation Under God?* is a remarkable consideration of how religion manifests itself in America today.

Entries are arranged thematically, with an alphabetical index of key Russian and English words to help users navigate the dictionary. *Russian For All Occasions* is a unique resource for intermediate to advanced students of Russian. **Culture and Weight Consciousness** Mervat Nasser, 2003-09-02 Anorexia nervosa and bulimia are among the few psychiatric syndromes with a plausible socio-cultural model of causation. Issues of culture and slimness are usually considered in terms of the experience of the western world, but there is a growing body of research suggesting that concern with slimness is becoming more prevalent in non-western cultures. In *Culture and Weight Consciousness*, Mervat Nasser

brings together this research and looks at the recent emergence of eating disorders in cultures that were previously free of such problems. She relates the feminist theories that have been put forward to explain the phenomenon of eating disorders in the west to the condition of modern women in many non-western cultures and concludes that their position is not at all that different from that of their western counterparts. This leads her to address the current limitations of the concept of culture and draw out the implications for future research.
