Rising Strong Brené Brown, 2017-04-04 #1 NEW YORK TIMES BESTSELLER • When we deny our stories, they define us. When we own our stories, we get to write the ending. Don't miss the five-part Max docuseries Brené Brown: Atlas of the Heart! Social scientist Brené Brown has ignited a global conversation on courage, vulnerability, shame, and worthiness. Her pioneering work uncovered a profound truth: Vulnerability—the willingness to show up and be seen with no guarantee of outcome—is the only path to more love, belonging, creativity, and joy. But living a brave life is not always easy: We are, inevitably, going to stumble and fall. It is the rise from falling that Brown takes as her subject in *Rising Strong*. As a grounded theory researcher, Brown has listened as a range of people—from leaders in Fortune 500 companies and the military to artists, couples in long-term relationships, teachers, and parents—shared their stories of being brave, falling, and getting back up. She asked herself, What do these people with strong and loving relationships, leaders nurturing creativity, artists pushing innovation, and clergy walking with people through faith and mystery have in common? The answer was clear: They recognize the power of emotion and they're not afraid to lean in to discomfort. Walking into our stories of hurt can feel dangerous. But the process of regaining our footing in the midst of struggle is where our courage is tested and our values are forged. Our stories of struggle can be big ones, like the loss of a job or the end of a relationship, or smaller ones, like a conflict with a friend or colleague. Regardless of magnitude or circumstance, the rising strong process is the same: We reckon with our emotions and get curious about what we're feeling; we rumble with our stories until we get to a place of truth; and we live this process, every day, until it becomes a practice and creates nothing short of a revolution in our lives. Rising strong after a fall is how we cultivate wholeheartedness. It's the process, Brown writes, that teaches us the most about who we are. ONE OF GREATER GOOD'S FAVORITE BOOKS OF THE YEAR "[Brené Brown's] research and work have given us a new vocabulary, a way to talk with each other about the ideas and feelings and fears we've all had but haven't quite known how to articulate. . . . Brené empowers us each to be a little more courageous."—The Huffington Post

Over the River and through the Fire Sherry Lewton, 2022-09-29 Heartache and brokenness are universal. When our lives are thrown into the fire, it will either make us or break us. In her memoir, author Sherry Lewton recounts events from her past that ignited her own fires, throwing her life into a blaze of secrecy, shame, despair, and devastation. Throughout those tumultuous years of painful experiences, roadblocks springing up to hinder recovery are labeled and defined. Of all the roadblocks, she acknowledges that it was her own self that was often the greatest obstacle preventing recovery. But Sherry unashamedly proclaims how choosing to focus on God alone as the only answer, and the only one who could heal her broken heart, led her to find her way to the path that could lead her out of the fire and into triumphant living. With no desire for

platitudes, pat answers, or shaming techniques to infiltrate her message, she seeks to tenderly offer hope to her readers through an unwavering and passionate desire to inspire those who find themselves engulfed in fiery trials to let go of selfish motives and desires. In doing so, roadblocks that hinder recovery are removed, and we can then gain freedom to reach out our hearts and hands to a broken and hurting world. No other way will satisfy.

The Purpose Gap Patrick B. Reyes, 2021-03-16 In *The Purpose Gap*, Patrick Reyes reflects on a family member's death after a long struggle with incarceration and homelessness. As he asks himself why his cousin's life had turned out so differently from his own, he realizes that it was a matter of conditions. While they both grew up in the same marginalized Chicano community in central California, Patrick found himself surrounded by a host of family, friends, and supporters. They created a different narrative for him than the one the rest of the world had succeeded in imposing on his cousin. In short, they created the conditions in which Patrick could not only survive but thrive. Far too much of the literature on leadership tells the story of heroic individuals creating their success by their own efforts. Such stories fail to recognize the structural obstacles to thriving faced by those in marginalized communities. If young people in these communities are to grow up to lives of purpose, others must help create the conditions to make that happen. Pastors, organizational leaders, educators, family, and friends must all perceive their calling to create new stories and new conditions of thriving for those most marginalized. This book offers both inspiration and practical guidance for how to do that. It offers advice on creating safe space for failure, nurturing networks that support young people of color, and professional guidance for how to implement these strategies in one's congregation, school, or community organization.

The Kindness Cure Tara Cousineau, 2018-02-02 It’s time for a kindness revolution. In The Kindness Cure, psychologist Tara Cousineau draws on cutting-edge research in psychology and neuroscience to show how simple practices of kindness—for ourselves, for others, and for our world—can dissolve our feelings of fear and indifference, and open us up to a life of profound happiness. Compassion for ourselves and others is our birthright as humans—hardwired into our DNA and essential to our happiness. But in our fast-paced, technical savvy and hyper competitive world, it may come as no surprise that rates of narcissism have risen, while empathy levels have declined. We now find ourselves in a “cool to be cruel” culture where it’s easy to feel disillusioned and dejected in our hearts, homes, and communities. So, how can we reverse this malady of meanness and make kindness and compassion an imperative? The Kindness Cure draws on the latest social and scientific research to reveal how the seemingly “soft skills” of kindness, cooperation, and generosity are fundamental to our survival as a species. In fact, it’s our prosocial abilities that put us at the head of the line. Blended with moving case studies and clinical anecdotes, Cousineau offers practical ways to rekindle kindness from the inside out. We are wired to care. The very existence

of our human species evolved because of an intricate physiology built for empathy, compassion, and cooperation. Yet we have an epidemic of loneliness, indifference, and cruelty, and we see these destructive trends on a daily basis in our families, schools, neighborhoods, and workplaces. This important book teaches effective skills in compassion, mindfulness, and social and emotional learning, and reveals successful social policy initiatives in empathy taking place that inform everything from family life to education to the workplace. Kindness has the exponential power to renew relationships and transform how we think, feel, and behave in the world. Will you be a part of the revolution?

The Gift of Perspective Lindsey Roy, 2023-10-17 Lindsey Roy proves beyond a shadow of a doubt that joy and happiness are just on the other side of the mountain you are climbing. —Katherine Wintsch, CEO of The Mom Complex; author of *Slay Like a Mother* A corporate executive, wife, and mother reflects on what she lost, what she didn't see coming, and the power of new vantage points. At age 31, Lindsey Roy was named vice-president at Hallmark Cards — one of the youngest in the company's more-than-100-year history. Her life was abruptly transformed five years later when she was nearly killed in a boating accident. Left with an amputated left leg and severe limb injuries, and facing a long and difficult recovery ahead, she was determined not just to heal, but to emerge stronger. She eventually shared what trauma had taught her about happiness in a TEDx talk that has been viewed nearly 200,000 times. Eight years post-accident, fully adapted to her circumstances and genuinely thriving, Lindsey confronted the unexpected again: she was diagnosed with a rare and progressive disease that destroyed the blood vessels in her lungs, requiring a double-lung transplant. This profound setback challenged her to actively shift her viewpoint in order to discover the hidden advantages of her situation and new depths of resilience in herself. Now a sought-after speaker, she's imparting these hard-won lessons to help you adapt, persevere, and innovate in your own life. Brimming with valuable insights forged in the fire — from Lindsey's journey and from other inspiring individuals she's met along the way — *The Gift of Perspective* is ready to meet you where you are, and no matter where adversity may find you.

Discerning the Way Allan Hugh Cole Jr., 2021-12-23 This book recounts the author's experience of being diagnosed with young-onset Parkinson's disease at the age of forty-eight and his first four years of living with this illness. With honesty and thoughtfulness, he reveals how Parkinson's has affected his life, which includes experiences of deeper and more authentic relationships; gaining new insights about time, priorities, and personal values; experiencing reconciliation with others and within himself; and benefitting from occasions for meaningful growth, greater wisdom, deeper gratitude, and lasting joy. These reflections are authentic, poignant, at times, humorous and heart-wrenching, and ultimately hopeful.

Hard and Holy Work Mary Alice Birdwhistell, Tyler D. Mayfield, 2024-01-09 Are we paying attention to the holy ground beneath our feet? Where do we see burning bushes in our world today, and what are they calling us to do? Do spiritual encounters in our lives have holy consequences in the world around us? Many of us want to understand how to integrate our personal spiritual lives more actively with our engagement in working for justice and the liberation of the oppressed and marginalized. *Hard and Holy Work* provides a space for just that, helping readers participate in Lent in a new way by becoming attuned to God's boundless presence in our world and waking up to and taking action for God's justice through exploring stories from the book of Exodus that have inspired the work of liberation for centuries. Pastor Mary Alice Birdwhistell and Hebrew Bible scholar Tyler Mayfield reflect on the brave action of the midwives Shiphrah and Puah and other faithful women in Exodus, Moses' awakening to the plight of the Hebrew people, Moses' life-changing encounter with

the burning bush, the Israelites taking the risk of crossing the Red Sea, and more—alongside numerous contemporary stories—to help readers to see anew and contemplate how God is calling them to respond to what is not right in the world: racial injustice, especially borne by women of color, houselessness, and discrimination against LGBTQ+ communities and people with disabilities. Lent is traditionally a time of self-reflection and action that prepares followers of Christ to walk more intentionally in the way of God. *Hard and Holy Work* takes readers through a unique Lenten journey, encouraging us to see those who are marginalized or suffering as God sees them; contemplate how privilege, fear, risk, and feelings of uncertainty can cloud our attention; and practice endurance for the messy middle of justice work, leaning on God's provision and rest when the way forward is unclear. Questions at the end of each chapter offer opportunities to discuss, reflect, and respond to God's call through daily reflections for individuals, prompts for small group discussion, and ideas for taking action in the outward work of justice and liberation.

Thinking Bigger Sarah Dusek, 2024-09-02 A guide for women entrepreneurs to help them get the financing they need to build big businesses and change our world The lack of female representation among top-earning business founders is surprising when compared with the number of women who start businesses. Fewer than thirty women in history have taken companies they founded public on leading stock exchanges. Although consistent references to women and small business dominate global development strategies and influence public policy, women are granted less than 2 percent of all venture capital investments annually. *Thinking Bigger* is designed to provide women with the keys to unlocking capital and thinking bigger. Its author, Sarah Dusek, an entrepreneur and a venture capitalist, shares personal anecdotes highlighting obstacles that women face in business and how to overcome them. She reveals the metrics that really matter to venture capitalists and how to pitch them successfully. Her book delves into the art and science of creating a winning pitch deck—the standard formula for pitching to investors, from crafting a compelling story to using data and design to make a lasting impact. *Thinking Bigger* positions women to get the financing they need—to build big businesses, to scale their endeavors, and to make a positive impact on our world.
