El delito de conducción de vehículos a motor o ciclomotores sin licencia administrativa cometido por menores de edad.

David Lorenzo Morillas Fernández, 2018-05-21 La presente obra recoge los resultados obtenidos por el Proyecto de Investigación "Nuevas propuestas político-criminales para el delito de conducción sin licencia administrativa de vehículos a motor o ciclomotores cometidos por menores de edad", financiado por la Dirección General de Tráfico (Ministerio del Interior). Las líneas de investigación desarrolladas y presentadas pueden delimitarse en tres ámbitos: A) Un exhaustivo y detallado análisis del artículo 384 del Código Penal, trasladándolo al ámbito de los menores de edad, siendo objeto de un particular análisis dogmático y jurisprudencial la evolución del delito; la identificación del bien jurídico protegido; la doble incriminación de la conducta, vía penal o administrativa; las distintas modalidades comisivas y su concurrencia práctica; el grado de culpabilidad necesario; la responsabilidad penal de otras personas participantes en el hecho criminal; medidas imponibles; concurso de delitos vs concurso de infracciones; reincidencia; simulación del delito como forma de encubrimiento; el vehículo a motor como instrumento del delito y el procedimiento de menores. B) Estudio empírico realizado sobre una muestra de 100 resoluciones judiciales dictadas en los juzgados de Menores de Almería, Granada, Jaén y Murcia en el año 2017 por delito de conducción sin licencia administrativa de vehículos a motor o ciclomotores cometido por menores. Entre otras variables analizadas destacan: edad, sexo, nacionalidad, nivel educativo, trabajo, presencia de enfermedad mental, modalidad comisiva particular, consumo de alcohol/drogas, características del vehículo empleado, titularidad, procedimiento de la detección del delito, medida aplicable al menor, antecedentes penales ( ). C) Estudio de Derecho Comparado. Se han analizado las legislaciones italiana, francesa y británica con el propósito de conocer otros modelos incriminatorios y poder exportar nuevas propuestas político-criminales a nuestro ordenamiento jurídico.

**El delito de conducir sin permiso. Análisis jurisprudencial** Requejo Conde, Carmen, 2013-09-06 En la presente monografía se realiza un análisis jurisprudencial del delito de conducir sin permiso. Se hace en primer lugar un recorrido histórico sobre el origen y evolución del delito en España, y su importancia en el Derecho comparado. En segundo término se realiza una interpretación de sus elementos normativos, lugar de comisión, sujeto activo e instrumento del delito, para a continuación determinar el alcance de las distintas modalidades y supuestos de subsunción o de exclusión de la norma planteados hasta el momento por la jurisprudencia. Finalmente se hace referencia a problemas de consumación del delito,

participación, eximentes o circunstancias modificativas de la responsabilidad criminal, de concursos, así como a las penas actualmente aplicables. Se recoge además un Anexo jurisprudencial y normativo, con algunas de las más recientes y significativas sentencias de Audiencias Provinciales y del Tribunal Supremo, que constatan la posición de los Tribunales españoles en la interpretación y aplicación del art. 384 del código penal.
