Resentment's Virtue Thomas Brudholm,2009-08-15 Arguing beyond hasty dichotomies and unexamined moral assumptions, Resentment's Virtue offers a more nuanced approach to an understanding of the reasons why survivors of mass atrocities sometimes harbour resentment and refuse to forgive. Building on a close examination of the writings of Holocaust-survivor Jean Améry, Brudholm argues that the preservation of resentment or the resistance to calls for forgiveness can be the reflex of a moral protest and ambition that might be as permissible, humane or honourable as the willingness to forgive.

A Theology of Traumatic Affect Alice Kim, 2024-10-21 A Theology of Traumatic Affect offers theological tools, language, and framework to victims/survivors of trauma and their communities. Seen through the lens of affect theory, the social dimensions of trauma emerge even for individual trauma. Using an interdisciplinary approach, Alice Kim argues that due to interconnectedness of individuals, a communal effort is necessary for trauma work. Living in a different world as imagined by public imagination is possible now with collective planetary engagement of all creatures participating in co-creation.

Choosing Hope David Arnow, 2022-03 2023 Reference Book of the Year from the Academy of Parish Clergy Throughout our history, Jews have traditionally responded to our trials with hope, psychologist David Arnow says, because we have had

ready access to Judaism's abundant reservoir of hope. The first book to plumb the depths of this reservoir, *Choosing Hope* journeys from biblical times to our day to explore nine fundamental sources of hope in Judaism: Teshuvah—the method to fulfill our hope to become better human beings Tikkun Olam—the hope that we can repair the world by working together Abraham and Sarah—models of persisting in hope amid trials Exodus—the archetype of redemptive hope Covenant—the hope for a durable relationship with the One of Being Job—the “hard-fought hope” that brings a grief-stricken man back to life World to Come—the sustaining hope that death is not the end Israel—high hope activists work to build a just and inclusive society for all Israelis Jewish Humor—“hope's last weapon” in our darkest days Grounded in a contemporary theology that situates the responsibility for creating a better world in human hands, with God acting through us, *Choosing Hope* can help us both affirm hope in times of trial and transmit our deepest hopes to the next generation.

Hope Without Hope Matt Broomfield, 2025-07-25 The militants of Rojava, and the autonomous society they've built, teach us how to kindle hope for the tireless fight against oppression. Drawing on three years living and working in Rojava (Syrian Kurdistan), journalist Matt Broomfield argues the militant Kurdish movement can help the Western left relearn its commitment to hope in hopeless times. The bloodshed and chaos of the Syrian Civil War have paradoxically produced our generation's most significant revolution. Firsthand observations from the heart of Rojava's movement inform Broomfield's critical engagement with its theory and practice and, inevitably, its compromises and contradictions. In the face of crises set to define the coming century—proxy conflict, resource competition, state collapse, climate catastrophe—the Kurdish movement has produced an unexpected, utopian response: an autonomous society organized outside of the nation-state, run by direct democracy and along feminist and ecological principles, surviving despite overwhelming military opposition. The revolutionary movement of Rojava and its people shed light on struggle, strategy, and endurance—how and why to fight for revolution in the face of nearly impossible odds. *Hope Without Hope* carries on the long tradition of history, absurdist philosophy, and radical thought that has studied how anti-fascist and anti-colonial movements answer defeat and repression with a revolutionary faith in transformation. Only by understanding this history can we pursue the steadfast work of organizing for long-term revolutionary change in our seemingly hopeless age.

Elie Wiesel's Night Harold Bloom, 2010 Collection of critical essays about Elie Wiesel's Holocaust memoir, *Night*.

After Soviet State Antisemitism Yohanan Petrovsky-Shtern, Vladimir Ze'ev Khanin, 2024-10-21 Following the abolishment of state-sanctioned antisemitism under Gorbachev's Perestroika liberalization policy, Jewish life in the (F)SU ([former] Soviet Union) was dominated by two interrelated trends: large-scale emigration on the one hand, and attempts to re-establish a

fully-organized local Jewish life on the other. Although many aspects of these trends have become the subjects of academic research, a few important developments in the recent decade have not been studied in depth. The authors of this volume trace these trends using various methods from the social sciences and humanities and focusing on issues pertaining to the physical, mental, legal, and cultural borders of the Jewish collective in the post-Soviet Eurasia; traditional and modern patterns of Jewish ethnic, national, religious, and cultural identities; the development of Jewish organizations and movements; contemporary Jewish religious and civil culture; and the general sociocultural and political context(s) of the FSU Jewish life. This volume will make a robust contribution to research on contemporary Jewish (and other) ethnicities and will enrich public discourses on ethnic, religious, and cultural minorities and their current situation in Europe and the FSU.
