

Chin Chin El Teporocho

Raymond Leslie Williams

Chin Chin el teporocho Armando Ramírez, 2013-03-22 En la banqueta, entre burlas y medias sonrisas, con su inseparable teporocho en la mano, Chin Chin cuenta su historia: de cuando aún se llamaba Rogelio, de cuando todavía contaba con amigos... de cuando hacía una vida con Michele. Al pasar las páginas, sus palabras no sólo urden un relato familiar, sino un complejo y delirante retrato del acontecer diario en el barrio de Tepito, entre alcoholicos, prostitutas, policías, vendedores de droga y gente de clase trabajadora que se gana el pan durante el día y busca el placer en los resquicios de la noche. Narración escrita con el desparpajo del habla popular que tiene detrás suyo una notable ambición literaria; desfile carnavalesco que alberga sin embargo personajes redondos y profundos; crónica descarnada de la vida de barrio que trafica de contrabando una conmovedora historia de amor, Chin Chin el teporocho escandalizó a los círculos culturales con su publicación inicial y es hoy un referente ineludible en la historia de la novela mexicana. En Ramírez, como en los románticos del siglo XIX, la crónica se envuelve en la historia de amor, la historia de amor es el pretexto para desarrollar la crónica y para, a su cobijo, podernos decir todos los horrores de este país. The Twentieth-Century Spanish American Novel Raymond Leslie Williams, 2009-07-21 A Choice Magazine Outstanding Academic Book Spanish American novels of the Boom period (1962-1967) attracted a world readership to Latin American literature, but Latin American writers had already been engaging in the modernist experiments of their North American and European counterparts since the turn of the twentieth century. Indeed, the desire to be modern is a constant preoccupation in twentieth-century Spanish American literature and thus a very useful lens through which to view the century's novels. In this pathfinding study, Raymond L. Williams offers the first complete analytical and critical overview of the Spanish American novel throughout the entire twentieth century. Using the desire to be modern as his organizing principle, he divides the century's novels into five periods and discusses the differing forms that the modern took in each era. For each period, Williams begins with a broad overview of many novels, literary contexts, and some cultural debates, followed by new readings of both canonical and significant non-canonical novels. A special feature of this book is its emphasis on women writers and other previously ignored and/or marginalized authors, including experimental and gay writers. Williams also clarifies the legacy of the Boom, the Postboom, and the Postmodern as he introduces new writers and new novelistic trends of the 1990s.

El regreso de Chin-chin el Teporocho en la venganza de los jinetes justicieros Armando Ramírez, 1979 Narrada por el personaje central, un joven platica la historia de su vida y de su descenso al infierno, en el cual no hay viaje de regreso. Chin Chin El teporocho, novela emblemática de Armando Ramírez, describe y ambienta la década de los 60, así como al barrio bravo de Tepito y a los habitantes de esta compleja urbe capitalina. Lenguaje coloquial, narración sencilla, conocidos personajes citadinos y la descripción de una época, ambientada en sus aspectos políticos, sociales y económicos, se entrelazan con referencias sobre vendedores de droga, prostitutas, asesinos, policías, traición, robos y muertes.--LaJornada

The Mexican Filmography, 1916 through 2001 David E. Wilt, 2024-10-17 Mexican cinema has largely been overlooked by international film scholars because of a lack of English-language information and the fact that Spanish-language information was difficult to find and often out of date. This comprehensive filmography helps fill the need. Arranged by year of release and then by title, the filmography contains entries that include basic information (film and translated title, production company, genre, director, cast), a plot summary, and additional information about the film. Inclusion criteria: a film must be a Mexican production or co-production, feature length (one hour or more, silent films excepted), fictional (documentaries and compilation films are not included unless the topic relates to Mexican cinema; some docudramas and films with recreated or staged scenes are included), and theatrically released or intended for theatrical release.

Revisiting the Mexican Student Movement of 1968 Juan J. Rojo, 2016-04-21 Tracing the evolution of Mexican literary and cultural production following the Tlatelolco massacre, this book shows its progression from a homogeneous construct set on establishing the “true” history of Tlatelolco against the version of the State, to a more nuanced and complex series of historical narratives. The initial representations of the events of 1968 were essentially limited to that of the State and that of the Consejo Nacional de Huelga (National Strike Council) and only later incorporated novels and films. Juan J. Rojo examines the manner in which films, posters, testimonios, and the Memorial del 68 expanded the boundaries of those initial articulations to a more democratic representation of key participants in the student movement of 1968.

Chin Chin El Teporocho Armando Ramírez, 2007 Vendedores de droga, prostitutas, asesinos, policías, alcohólicos, seres marginales que intentan salir del círculo de la pobreza y el determinismo social. Tales son algunos de los personajes que pueblan las páginas de este intenso drama humano, el cual está escrito con pasión y audacia. Crónica descarnada de la vida en el barrio de Tepito, registro minucioso de costumbres, formas de hablar y maneras de ver la vida, la presente obra sorprende por su poco ortodoxo estilo narrativo que rechaza las buenas maneras y las convenciones de la narrativa más conservadora.

Politics, Gender, and the Mexican Novel, 1968-1988 Cynthia Steele, 2010-07-05 The student massacre at Tlatelolco in Mexico City on October 2, 1968, marked the beginning of an era of rapid social change in Mexico. In this illuminating study, Cynthia Steele explores how the writers of the next two decades responded to the massacre and to the social crisis it

signaled in terms of political change and gender identity.

The Oxford Handbook of the Latin American Novel Juan E. De Castro, Ignacio López-Calvo, 2023 The Latin American novel burst onto the international literary scene with the Boom era--led by Julio Cortázar, Gabriel García Márquez, Carlos Fuentes, and Mario Vargas Llosa--and has influenced writers throughout the world ever since. García Márquez and Vargas Llosa each received the Nobel Prize in literature, and many of the best-known contemporary novelists are inspired by the region's fiction. Indeed, magical realism, the style associated with García Márquez, has left a profound imprint on African American, African, Asian, Anglophone Caribbean, and Latinx writers. Furthermore, post-Boom literature continues to garner interest, from the novels of Roberto Bolaño to the works of César Aira and Chico Buarque, to those of younger novelists such as Juan Gabriel Vásquez, Alejandro Zambra, and Valeria Luiselli. Yet, for many readers, the Latin American novel is often read in a piecemeal manner delinked from the traditions, authors, and social contexts that help explain its evolution. The Oxford Handbook of the Latin American Novel draws literary, historical, and social connections so that readers will come away understanding this literature as a rich and compelling canon. In forty-five chapters by leading and innovative scholars, the Handbook provides a comprehensive introduction, helping readers to see the region's intrinsic heterogeneity--for only with a broader view can one fully appreciate García Márquez or Bolaño. This volume charts the literary tradition of the Latin American novel from its beginnings during colonial times, its development during the nineteenth and the first half of the twentieth century, and its flourishing from the 1960s onward. Furthermore, the Handbook explores the regions, representations of identity, narrative trends, and authors that make this literature so diverse and fascinating, reflecting on the Latin American novel's position in world literature.

Life in the Megalopolis Lucia Sa, 2014-06-11 The modern metropolis has been called 'the symbol of our times', and life in it epitomizes, for many, modernity itself. But what to make of inherited ideas of modernity when faced with life in Mexico City and São Paulo, two of the largest metropolises in the world? Is their fractured reality, their brutal social contrasts, and the ever-escalating violence faced by their citizens just an intensification of what Engels described in the first in-depth analysis of an industrial metropolis, nineteenth century Manchester? Or have post-industrial and neo-globalized economies given rise to new forms of urban existence in the so-called developing world? *Life in the Megalopolis: Mexico City and São Paulo* investigates how such questions are explored in cultural productions from these two Latin American megalopolises, the focus being on literature, film popular music, and visual arts. This book combines close readings of works with a constant reference to theoretical, anthropological and social studies of these two cities, and builds on received definitions of the concept megalopolis. *Life in the Megalopolis* is the first book to combine urban-studies theories (particularly Lefebvre, Harvey, and de Certeau) with Benjaminian cultural analyses, and theoretical discussions with close-readings of recent cultural works in various media. It is also the first book to compare Mexico City and São Paulo.

Exterior: Ciudad Universitaria. Toma uno... se filma Rafael Aviña, 2019-11-29 Las diversas películas y documentales filmados en Ciudad Universitaria a lo largo de sus más de 60 años de existencia son producto de corrientes artísticas, culturales y de pensamiento que han formado y forjado elementos fundamentales de la cultura cinematográfica. A través del tiempo, el papel del campus en el cine ha sido protagónico, adaptándose a diferentes momentos de la historia en los que mutaron el pensamiento, la plástica y la expresión artística; sin embargo, el sitio jamás ha perdido su vigencia y su trascendencia que se va fortaleciendo con el paso de los años.

Tepito Arte Acá Daniel Manrique Arias, 2022-11-28 De la introducción: De la misma manera que enfrenta la hoja de papel, el lienzo o el muro en blanco, Daniel Manrique ha enfrentado su propia vida. Daniel escribió este libro a mano, con el corazón y vestido de negro. El lector podrá constatar que estamos ante un extraño caso social, pues resulta que la coherencia de este artista une la brocha con la pluma y lo que dice con lo que hace. Con una leve y precisa pincelada, una vecindad queda convertida en barco, los tendedores son mástiles y velas. El aliento de la inspiración sopla, Manrique se hace a la mar y nos invita a un insólito viaje por el barrio, la ciudad, el país, y el mundo, a un viaje inteligente por el arte y la cultura. Con certero brochazo, las paredes des-cara-peladas del barrio de Tepito han quedado grabadas para siempre en la memoria de los habitantes de este legendario lugar. De igual manera, este pintor señala y retoca con la pluma las luminosas profundidades de la vida cotidiana. Conforme pasan las hojas se descubren mundos y trasmundos, caen una tras otra las telarañas cerebrales de los lectores, se perciben olores, y mientras la música afroantillana inunda los oídos y eriza la piel, el libro late acompasadamente. Daniel Manrique retacó de vida y de experiencia este libro, que, al tomarlo entre las manos, se desparrama. EL ARTE ES LO ÚNICO QUE NOS HACE HUMANOS, Esto es propuesto, argumentado y defendido por alguien que no tiene la culpa de ser pintor. Carlos Plascencia.

La cabeza de mi padre Alma Delia Murillo, 2022-05-13 Escribo para soltar el peso de cuarenta años rumiando el mito de mi padre, las infinitas versiones de mi padre. A sus cuarenta años, como un road trip, sin más referente que una fotografía vieja, una hija emprende la búsqueda de su padre. Mientras narra la decisión de ir a conocerlo y el viaje que la lleva de Ciudad de México a Michoacán, iremos construyendo, junto a ella, el pasado, los amores, las alegrías, los accidentes, las ausencias. «Todos somos hijos de Pedro Páramo», nos dice Alma Delia Murillo, ante el factor tan común que es el abandono del hogar por parte del padre. Frente a este hecho, ella se desnuda en cada capítulo para hablarnos de la necesidad de reconstruir ese símbolo de peso universal, para lograr definirse. Su vida, entonces, se despliega como el entramado de esta búsqueda: entre siete hermanos y una madre trabajadora, la protagonista crece y reflexiona no sólo sobre su biografía, sino

también sobre la historia de un país profundamente dividido en donde las mujeres no han contado lo suficiente, desde su punto de vista, el relato del padre. La cabeza de mi padre es un libro transparente, en el que los lectores acompañaremos el viaje para dar con ese hombre de destino misterioso y, quizá, alcanzaremos a ver destellos de nuestras propias búsquedas. Una historia escrita desde la entraña, desde donde sólo se puede transitar el camino hacia el origen.

Quiero ser escritor Porfirio Miguel Hernández Cabrera, 2022-01-01 A través de la mirada de un joven que quiere ser escritor -a caballo entre la crónica, el cuento, la epístola, el diario, la autobiografía y las memorias-, en este libro se narran las vicisitudes cotidianas; las tradiciones y costumbres; los movimientos estudiantiles; las catástrofes naturales y sociales; las tragedias familiares; la apropiación y la decadencia, ecológica y social, de los espacios citadinos; la violencia contra las mujeres y las desigualdades de género; la delincuencia y la inseguridad; las formas de sociabilidad; y las aspiraciones y frustraciones en las vidas invisibilizadas -por los medios y el discurso oficial- de habitantes de los sectores bajo y medio de la hoy ciudad de México en los años ochenta del siglo pasado y en las dos décadas anteriores. Estas crónicas son el testimonio de un tiempo pasado que no es ajeno a nuestro presente. Leídas con la mirada del acontecer vigente, pueden contribuir al entendimiento de la más reciente camada de lectores y lectoras sobre la sociedad chilanga en la actualidad. Asimismo, puesto que también relatan los avatares en la formación literaria de un joven ochentero, seguramente serán un espejo en el que se reflejarán los empeños de aspirantes a escritores y escritoras de las nuevas generaciones.

Handbook of Latin American Literature (Routledge Revivals) David William Foster, 2015-06-11 First published in 1987 (this second edition in 1992), the Handbook of Latin American Literature offers readers the opportunity to explore this literary history in the English Language and constitutes an ideological approach to Latin American Literature. It provides both concise information concerning particular authors, works, and literary traditions of Latin America as well as comprehensive material about the various national literatures of the area. This book will therefore be of interest to Hispanic scholars, as well as more general readers and non-Hispanists.

The Poverty of Revolution Susan Eva Eckstein, 2014-07-14 The plight of the urban poor in Mexico has changed little since World War II, despite the country's impressive rate of economic growth. Susan Eckstein considers how market forces and state policies that were ostensibly designed to help the poor have served to maintain their poverty. She draws on intensive research in a center city slum, a squatter settlement, and a low-cost housing development. Originally published in 1977. The Princeton Legacy Library uses the latest print-on-demand technology to again make available previously out-of-print books from the distinguished backlist of Princeton University Press. These editions preserve the original texts of these important books while presenting them in durable paperback and hardcover editions. The goal of the Princeton Legacy Library is to vastly increase access to the rich scholarly heritage found in the thousands of books published by Princeton University Press since its founding in 1905.

Amor perdido Carlos Monsiváis, 2005 Carlos Monsiváis reúne un muestrario de personajes que de modos diversos, insólitos a veces, ilustran facetas de la sociedad mexicana. Así, gracias a su particular estilo, desfilan ante el lector músicos (Lara, Jiménez), chavos onderos y clase alta, figuras espectaculares (Fidel Velázquez, La Tigresa, Isela Vega, Siqueiros), un escritor singular ahogado por su ubicua figura (Novo), un maestro de ceremonias de masas (Raúl Velasco) y los militantes de izquierda que con sus vidas y muertes son el indispensable contrapunto del amor perdido por la historia mexicana.

The Meanings of Macho Matthew C. Gutmann, 2007 Praise for the first edition: Gutmann has done the hitherto seemingly unthinkable. [A] wholly other vision of Mexican gender relations emerges.—José Limón, *American Anthropologist* This book does for the study of men what two generations of feminist anthropologists have done for the study of women.—Lynn Stephen, author of *Zapotec Women*

The Columbia Guide to the Latin American Novel Since 1945 Raymond L. Williams, 2007-09-21 In this expertly crafted, richly detailed guide, Raymond Leslie Williams explores the cultural, political, and historical events that have shaped the Latin American and Caribbean novel since the end of World War II. In addition to works originally composed in English, Williams covers novels written in Spanish, Portuguese, French, Dutch, and Haitian Creole, and traces the profound influence of modernization, revolution, and democratization on the writing of this era. Beginning in 1945, Williams introduces major trends by region, including the Caribbean and U.S. Latino novel, the Mexican and Central American novel, the Andean novel, the Southern Cone novel, and the novel of Brazil. He discusses the rise of the modernist novel in the 1940s, led by Jorge Luis Borges's reaffirmation of the right of invention, and covers the advent of the postmodern generation of the 1990s in Brazil, the Generation of the Crack in Mexico, and the McOndo generation in other parts of Latin America. An alphabetical guide offers biographies of authors, coverage of major topics, and brief introductions to individual novels. It also addresses such areas as women's writing, Afro-Latin American writing, and magic realism. The guide's final section includes an annotated bibliography of introductory studies on the Latin American and Caribbean novel, national literary traditions, and the work of individual authors. From early attempts to synthesize postcolonial concerns with modernist aesthetics to the current focus on urban violence and globalization, *The Columbia Guide to the Latin American Novel Since 1945* presents a comprehensive, accessible portrait of a thoroughly diverse and complex branch of world literature.
