Stepping Into the Picture Robert J. McKinnon,2008 The story of one of the pioneers of the Golden Age of Animation. In a career spanning seven decades, Maurice Noble (1911-2001) developed a unique creative philosophy that enabled him to play an integral role in many of the best-loved animated films ever made, including Snow White and the Seven Dwarfs, What's Opera, Doc?, Duck Dodgers in the 24 1/2th Century, and How the Grinch Stole Christmas. The author presents an inside view of the Disney Studio during its earliest days, the triumph of the groundbreaking animated feature Snow White and the Seven Dwarfs, and the notorious Disney strike. The book also examines Noble's stint in WWII and his fortuitous alliance with Theodore (Dr. Seuss) Geisel and Col. Frank Capra. The three helped create inspirational short films for U.S. Armed Forces. Noble's best known and most highly regarded work took place at the Warner Bros. Studio, in a long and fruitful collaboration with legendary director Chuck Jones.--From publisher description.

**In Due Season** Christine van der Mark,2016-05-28 First published in 1947, In Due Season broke new ground with its fictional representation of women and of Indigenous people. Set during the dustbowl 1930s, this tersely narrated prize-winning novel follows Lina Ashley, a determined solo female homesteader who takes her family from drought-ridden southern Alberta to a new life in the Peace River region. Here her daughter Poppy grows up in a community characterized by harmonious interactions between the local Métis and newly arrived European settlers. Still, there is tension between mother and daughter when Poppy becomes involved with a Métis lover. This novel expands the patriarchal canon of Canadian prairie fiction by depicting the agency of a successful female settler and, as noted by Dorothy Livesay, was "one of the first, if not the first Canadian novel wherein the plight of the Native Indian and the Métis is honestly and painfully recorded." The afterword

by Carole Gerson and Janice Dowson provides substantial information about author Christine van der Mark and situates her under-acknowledged book within the contexts of Canadian social, literary, and publishing history.

Encyclopedia of American Short Films, 1926-1959 Graham Webb, 2020-07-27 Short subject films have a long history in American cinemas. These could be anywhere from 2 to 40 minutes long and were used as a filler in a picture show that would include a cartoon, a newsreel, possibly a serial and a short before launching into the feature film. Shorts could tackle any topic of interest: an unusual travelogue, a comedy, musical revues, sports, nature or popular vaudeville acts. With the advent of sound-on-film in the mid-to-late 1920s, makers of earlier silent short subjects began experimenting with the short films, using them as a testing ground for the use of sound in feature movies. After the Second World War, and the rising popularity of television, short subject films became far too expensive to produce and they had mostly disappeared from the screens by the late 1950s. This encyclopedia offers comprehensive listings of American short subject films from the 1920s through the 1950s.
