Eternity in Their Hearts Don Richardson, 2006-03-08 Has the God who prepared the gospel for all people groups also prepared all people groups for the gospel? Don Richardson, author of the bestselling book *Peace Child*, has studied cultures throughout the world and found startling evidence of belief in the one true God within hundreds of them. In *Eternity in Their Hearts*, Richardson gives fascinating, real-life examples of ways people groups have exhibited terms and concepts in their histories that have prepared them for the gospel. Read how Pachacuti, the Inca king who founded Machu Picchu, the majestic fortress in Peru, accomplished something far more significant than merely building fortresses, temples, or monuments. He sought, reached out, and found a God far greater than any popular god of his own culture. And there have been others throughout the world, like him, who lived to receive the blessing of the gospel. Get ready to be amazed at these intriguing examples of how God uses redemptive analogies to bring all men to Himself, bearing out the truth from Ecclesiastes that God has also set eternity in the hearts of men (3:11).

Life of Worship Asaph Borba, 2015-06-01 "How good it is to see Your church restored in worship And to see that You have renewed her in love, That is why, O Father God, with nothing stopping us, We worship Your Son that has made us one."

Worship is a way of life, not just a style of music. A music performer and producer, Asaph Borba has been teaching on worship for more than three decades throughout his native country of Brazil and in more than fifty other nations. But his message is about much more than music. For Asaph, worship is a way of life: God wants so much more than a PowerPoint of praise songs. To the Father, the most essential thing is being rather than doing. Asaph Borba draws from his rich personal experience to explain why God is interested in our heart and its motivation far beyond any action or practice. His insights minister to a global church reeling from rapid changes in the way worship is done by bringing home this foundational belief: if we learn how to transform our daily faith into a motivation of love, we will learn how to truly worship.

Knowing the Truth About Salvation John Ankerberg, John Weldon, 2011-04-06 At one time or another virtually everyone searches for God—or something beyond themselves—to give meaning to life. Is there one religion that stands out among all those claiming to be the way to spiritual wholeness? In the ever-growing quest for spiritual meaning people are searching for the God of the universe and asking: Do all religions contain a measure of the truth? Is there compelling evidence for Christianity? Why do Christians say Jesus is the only way to God? What do we learn when we ask non-Christians about God? You'll discover insights to help you understand and embrace the one true God.

The Population of Heaven Ramesh P. Richard, 2021-11-19 “Inclusivism,” still one of today’s most debated theological issues, is not new to evangelical circles. Since the beginning of the Church, people contemplating Christianity have struggled with the question of what will happen to the unevangelized. If God is loving, why will those who have never heard the gospel be sentenced to eternal punishment? In a ground-breaking evaluation of this complex controversy, Ramesh P. Richard, professor at Dallas Theological Seminary and noted international leader, answers the question, “Are the masses of the world condemned to endless conscious punishment even if they have not heard the gospel of Christ during their earthly lives?” The Population of Heaven biblically examines the assumptions of inclusivism in view of current evangelical conclusions and in relation to world religions. The book evaluates important publications on the subject, placing soteriological inclusivism under a critical searchlight. Richard urges the evangelical community to consider how exclusive belief in Jesus Christ as the only God and Savior should shape the future of evangelical theology. He directs focus beyond just the academic discussions in evangelicalism to the real and urgent practical concerns: our commitment to the exclusivity of the gospel of Jesus Christ will shape the destiny of the unevangelized for all eternity.

The Book That Reads Me Robert Hampel, 2019-09-09 In the 1950s, one of the churches I was serving held a picnic at an Oregon state park. For a brief time, I found myself in conversation with another group in the same park. On learning that I was a pastor, one person in that group said, Oh, you poor man! As the conversation went on, it became evident that the remark was not based on a perception of my economic condition, but on some previous experience of a church's demands on a pastor's time. I did not share such a negative view of a pastor's life then, nor have I done so since. Serving as a pastor of a parish is not always easy, but it is a fulfilling learning experience, learning with, and from, parishioners. Over the years, I have had the opportunity to see God at work in the lives of individuals, marriages, families: To see how the Holy Spirit led a man who wanted nothing to do with things Christian become an elder and a leader in evangelistic outreach; to watch young people who were given opportunity to serve in the local church decide to go to seminary and become pastors themselves; and to receiving, during a worship service, a phone call from a dear lady, calling from her hospital bed to say she was praying for

the church gathered. Central in the Bible is the message of the love of God in Jesus Christ. I am writing in the hope and prayer that this life-changing, redeeming love of Christ may occupy the center, not the periphery, of our lives and be the main motivator of all we think and do.

Real Men for the 21st Century Alan E. Sargent, 2012-10 Raising Real Men in today's world is a daunting task. Every force in our culture today is arrayed against this process. From the educational establishment to pop culture's music and communication arts to even the church, a boy has little chance to see the modeling he needs to become the Real Men this generation must have to occupy the leadership roles that are so sadly vacant. Real Men for the 21st Century is one father's attempt to say to other parents, 'It can be done; it's not too late.' What separates a man from a boy? Manhood has standards. A man constantly sets goals that are both practical and challenging. These standards and goals motive us to rise to the challenge of leadership that lies before us. At a time when parents are overwhelmed with financial and career anxiety, Alan Sargent has used his many years of mentoring to create Real Men for the 21st Century. More than just another how-to book, Real Men for the 21st Century deals with all the sleeves-rolled-up basic issues of Manhood. By dealing with all the parts of manhood, including 'The Spiritual Man, ' 'The Social Man, ' 'The Economic Man, ' and 'The Practical Man, ' Sargent lays out the basics that every young man must encounter and master on his way to adulthood

Apologetics for the Twenty-first Century Louis Markos, 2010 Using the work of C. S. Lewis as a starting point, Markos examines the key popular apologists and arguments that shape the intellectual defense of the Christian faith today.

Toward a Healthier Contextualization among Muslims Wonjoo Hwang, 2019-01-23 Various ministry approaches have been utilized in Muslim nations in the past in order to lead lost souls into God's Kingdom. One noticeable trend in recent years in the ministry is an increasing emphasis on contextualization. While the evangelical missiological community searches for more effective contextualization models, some ad hoc proposals have complicated the issue. One representative case is the Insider Movement among Muslims, whose advocates contend that Muslim followers of Isa (Jesus) can remain within their own Islamic socio-religious community while continuing in Islamic religious practices. What is urgently needed in the contemporary discussion on contextualization is to develop a comprehensive analytical framework based on a sound biblical-theological foundation for evaluating any missiological model. After reviewing the historical development of Muslim evangelism models, this study provides such an analytical framework for developing a healthier contextualization model among Muslims and applies this framework to the Insider Movement by critically evaluating the biblical interpretations and missiological reasonings of the Insider Movement advocates. The writer calls for a healthier contextualization model among Muslims that is biblically authentic and culturally relevant.
