Religion and Canadian Society Lori G. Beaman, 2012 This text offers an outstanding selection of readings that represent an overview of the key issues in the sociology of religion from a uniquely Canadian perspective. Masterfully planned and united by clearly articulated themes, the second edition moves through three thematic cornerstones: contexts, identities, and strategies. Recurring sub-themes include the definition of religion, the secularization debate, the challenge of diversity, and the gendered aspects of religious experience. Key additions to this edition include a discussion on cultural

diversity, an exploration of religion and sexuality, and a thorough historical overview of religion in Canada.
