*The Mystery Beyond Human Development* George Farahat, 2020-06-29 This book will fascinate the reader as the author shares his own true story since his childbirth in Egypt, his growth, passions, sufferings and hopes and that of many others he knew. The book brings to light the relational character of the cosmos and all life it contains, as a reflection of the Mystery of God who is Love. Based on the historical development of thought and science as well as recent research, the author argues that humanity is destined for the Second Coming of Christ, the Alpha and Omega. Based on the development of civilizations the book illustrates violence, vengeance, greed, passion, fear, security, collaboration, love, and success as examples from history of individuals as well as cultures. The premise of the book is that humans by nature are relational. Since early civilizations, collaboration and reciprocity between tribes led to trade and thus learning developed in many centers. But knowledge is not only intellectual. Knowledge is completed in the love of the other which is pervasive in human thought and relations. The conclusion proposes imitation of love, the love shown in the life and teachings of Christ, even if hard, in order to live eternal life.

**Language, Love, Alterity and Transcendence as a Model of Julia Kristeva's Dynamic Spirituality** Kevin O'Donnell, 2024-10-16 Even an atheist has a spirituality. Spirituality can be considered as human, rather than narrowly religious. Many today call themselves 'spiritual but not religious'. It is impossible to define, and so various limited models are suggested by researchers. This book explores these issues and proposes a new model based upon the oeuvre of the Bulgarian/French semiologist, philosopher and psychoanalyst, Julia Kristeva. Kristeva is an atheist with a respect for religion, its valuing of the non-discursive, and its role in therapy. Her work is supplemented and contrasted by her peers, Hélène Cixous and Luce Irigaray. The author proposes a model, based on Kristeva's work, where themes of Language, Love, Alterity

and Transcendence interact to form what we call 'spirituality', rather than simply being unconnected aspects of it. Suggestions are given of how this resulting model can be applied to Secondary Education (Religious Education in particular), and also approaches to Healthcare Education.

**The Intimate Sharing of Friends Saint Teresa of Ávila on Prayer** Mark O'Keefe, OSB, 2024-07-19 St. Teresa of Ávila is the Doctor of Prayer. This special title—given to her when she was declared the first female Doctor of the Church—signifies that her teaching on prayer is to be universally cherished among the eminent doctrines of the Catholic Church. The cornerstone of Teresa's teaching is her profound discovery that prayer "is nothing else than an intimate sharing between friends." The spiritual life is demystified when we understand our lifelong journey in prayer as the deepening of our relationship "with Him who we know loves us" (Life 8.5). In *The Intimate Sharing of Friends*, Father O'Keefe presents an overview of St. Teresa's teaching on prayer while emphasizing its relational aspect. For Teresa, the spiritual life consists of the degrees to which we are attentive and receptive to God's presence within us. Like all relationships, this supernatural friendship profoundly changes us. O'Keefe guides us through Teresa's various analogies and explanations of the soul's personal transformation as it journeys from friendship with God to a more supernatural and deeply intimate union with him. Throughout, O'Keefe directs us to Teresa's insistence that this transformation is measured not by its extraordinary effects, but by our growth in virtue—especially in charity. Supporting the book's central theme is a clear explanation of Teresa's teaching on the transition from active to more contemplative forms of prayer. In an excursus, the author offers a critical comparison between contemporary contemplative practices and St. Teresa's perennial teaching. As always, Father O'Keefe draws on scholarly sources and provides an engaging resource for anyone who desires to become an authentic student of St. Teresa's school of prayer.

An Intimate Good Laurel Mathewson, 2024-03-26 At age twenty-one, the pain of losing her mother to cancer sent Laurel Mathewson—with a naturally skeptical and questioning outlook—on a years-long existential journey. After an unexpected, overwhelming experience of God's love, Laurel felt God say to her, "Turn to Teresa. She will guide you." She understood that "Teresa" was the sixteenth-century saint Teresa of Avila, but she knew very little about her. Even after becoming an Episcopal priest, she had never read more than a few pages of Teresa's writings. Laurel began to read *The Interior Castle*, Teresa's book about the "dwellings within our souls that we move through to develop an ever-deepening relationship with God through prayer. She truly marveled at discovering a text that illuminated her own spiritual path with such insight, candor, and clarity. And she continued to experience the intimate presence of a God who kept defying and transforming her cynical nature—and offered her the gift of healing. This beautifully written and moving memoir illustrates an ancient reality still very much alive today: the love and closeness of a good God, as known through Jesus Christ, who seeks to move out into

the world, into our very bodies and lives. Not by nature or training inclined to believe such a wild claim, Laurel discovered that God is full of surprises. In every age, but perhaps particularly in our own, people hunger for personal narratives that help bring to life complex frameworks and ideas. An Intimate Good brings into focus not just Teresa's Interior Castle but also the living God who is at the heart of it, especially for modern readers who take the life of the mind seriously and yearn for confirmation of meaning and belovedness. Laurel's journey will lead you to a clearer understanding of the varied avenues God works in our lives over time, through prayer and other people, leading us in ways only possible by One who knows us intimately and loves us deeply.

**Living Existentialism** J. C. Berendzen,Gregory Hoskins,2017-03-24 Writing in the late 1990s about the tendency of encyclopedists to designate existentialism a finished project, Thomas W. Busch cautions that such hasty periodization risks distorting our understanding of the contemporary philosophical scene and of depriving ourselves of vital resources for critiquing contemporary forms of oppression, what Garbriel Marcel referred to as processes of dehumanization. We should recall that existentialism made possible present forms of Continental philosophy, all of which assume the existentialist critique of dualism, essentialism, and totality in modern philosophy, and we should acknowledge that existentialism remains capable of haunting today's scene as an important and relevant critic. Offered in honor of Thomas W. Busch after his more than fifty years of work in philosophy, the essays in this volume attest to existentialism as a living project. The essays are written by scholars who championed existentialism in America and by scholars who now seek to extend existentialist insights into new territory, including into research in cognitive science. The essays range from studies of key figures and texts to explorations of urgent topics such as the nature of freedom and the possibility of what Busch calls incorporation, a sense of communicative solidarity that respects difference and disagreement.
