Time in Love P.S.,24-01-14 17 years old Jenna Oswald is deeply in love with Allen Carmen. With dark clouds of sadness hovering over him, Jenna is determined to unravel the darkest secrets of his past -- only she would have to lose him to save him from losing himself. A pure soul, Jenna Oswald lived her life for the ones she loved. She believed her world to be complete until Allen Carmen arrived into her life. Allen is a debonair young fellow with as bright a soul as Jenna. When they first meet, they feel a sudden attraction towards one another; only then they didn't know not only their hearts but forces of nature were behind their union. But something is off about his aura and with time darkness is gulping him. For Jenna freeing him from the chains of self-loathing is everything, even if it means losing him. Her only support is the psychic powers of Aunt Mary who can sense of what is coming. At the astounding revelation of Jenna and Allen's soul link since childhood, she is desperate to save her soul -- as well as Allen's. If she fails in her attempts Allen will be lost in depthless darkness of self repugnance and so will her heart. Will she have courage to make the right choice when the time comes?

Dreams of Love Ivan Raykoff,2014 Dreams of Love pursues a wide-ranging interdisciplinary approach to understanding the concert pianist as a Romantic and seductive-even erotic-figure in the popular imagination, focusing on the role of technology in perpetuating this mythology over the past two centuries through the touch, sights, and sounds of the pianist's playing.

Pure Excess Todd McGowan, 2024-12-31 Todd McGowan forges a new theory of capitalism as a system based on the production of more than what we need: pure excess. He argues that the promise of more—more wealth, more enjoyment, more opportunity, without requiring any sacrifice—is the essence of capitalism. Previous socioeconomic systems set up some form of the social good as their focus. Capitalism, however, represents a revolutionary turn away from the good and the useful toward excessive growth, which now threatens the habitability of the planet. Drawing on psychoanalytic theory, McGowan shows how the production of commodities explains the role of excess in the workings of capitalism. Capitalism and the commodity ensnare us with the image of the constant fulfillment of our desires—the seductive but unattainable promise of satisfying a longing that has no end. To challenge this system, McGowan turns to art, arguing that it can expose the psychological mechanisms that perpetuate capitalist society and reveal the need for limits. Featuring lively writing and engaging examples from film, literature, and popular culture, *Pure Excess* uncovers the hidden logic of capitalism—and helps us envision a noncapitalist life in a noncapitalist society.

The frontispiece is located opposite the title page (on p.3) to illustrate a 82,510 word (unformatted and uncorrected) proof titled "Countess Caroline Esterhazy" printed 265 pages after p.2 (the location of the frontispiece) Todd Van Buskirk, 2015-05-13 Words take on their meaning from their positioning in a network of a sentence, a sentence that's nestled in the network of a paragraph, a paragraph that's nestled in the network of a complete document, a complete document that's nestled in the network of a culture, and a culture that's nestled in an Era of history, a culture that's networked into a historical period in whose context the words make sense. Is there a specific reason the author places the proof 265 pages after page 2? And why the importance of the frontispiece? The title on the cover states that the proof is titled Countess Caroline Esterhazy and that the text is unformatted and uncorrected, but 265 pages after page 2 there is no sign of the title of the proof. The title of the proof, therefore, only exists within the title of the novel. The frontispiece appears to exist

to reveal the distance and location of the proof.

This is Exactly Love Qi ChuNanPingZe,2020-01-01 There are thousands upon thousands of kinds of love, whether it be love at first sight or love at first sight, but the feelings between Xie Jie and Liang Jingjing are unfathomable. Since when did their love fall in love at first sight? Or was it love over time? In the end, the two of them fell in love and walked together. Originally, they thought that they could live a simple and happy life from now on, but when a person intruded into their line of sight, the two of them couldn't control their emotions. Was the person in their memories more important, or should they cherish the person in front of them?When all those who love each other are at last together, holding hands, and living with each other until they are old.

How the Churches Got It Wrong J. Craig Woods,2012-06 When the founders of the early Christian Church created the Christian religion, were they able to capture the truth as found in the actual words of Jesus Christ? In looking at the history of our Christian institutions, it becomes evident that His message of love and compassion has been completely overlooked by the Christian leaders who have defined Jesus Christ. This book will be our spiritual journey to find the truth in the message of Jesus Christ. And the true message of Jesus Christ is about peace, hope and love. Sadly, His message has been ignored and distorted by our Christian institutions. The Christ message of love was given to all humanity, and we all possess the capacity to learn this message. His Gospel of love was never intended to be a collection of creeds and doctrines created by a select group of self-appointed clerical middle-men. Their creation of creeds, doctrines and dogma has resulted in division, disputation and bloodshed. This book is my effort to reveal the truth in the message of Christ, as expressed in His actual words. Because of social, political and psychological factors motivating the early Church leaders, they were unable to give us a Christian theology that reflects the real meaning of the unconditional love found in the Gospel of Jesus Christ. If we are to experience the truth of Jesus Christ, we must re-visit the actual words of Jesus Christ to apprehend His message of love. By eliminating the erroneous interpretations made by clerical middle-men, we can formulate our own thoughts based on the actual message of Jesus Christ. It is my sincere hope that we will make this search as though we are spiritual archeologists,

digging for the truth that has remained buried under two-thousand years of obfuscation. With our new understanding of what Christ was teaching us, it will be our time to know the true meaning of Christianity. We will investigate the message of Christ by utilizing the canonical gospels to explore the words of Jesus Christ. We will also refer to other Christian Gospels that were very popular amongst the early Christians, but, due to the politics of power, these Christian Gospels were excluded from the New Testament Bible Canon. In addition to these sources, we will further explore other ancient texts that were influential within the early Christian communities such as the books found in the "Corpus Hermeticum." Our journey will take us to unexpected and exciting insights. We will discover why our Christian institutions are failing. The truth, as expressed in the message of Christ, is to be found in the actual words of Jesus Christ. Unfortunately, His truth has been lost in the creation of abstruse creeds and complicated doctrines by Church leaders. In creating their Christian theology, the early orthodox Church leaders were mainly interested in establishing and projecting their authority over all other Christian sects and political institutions. True Christianity is not about judgment and condemnation. Jesus Christ taught us that God is a loving Father and, as such, we have no reasons to fear our Father. It is our responsibility, as individuals, to discover the new reality of Christian love, and it will be our task to practice what we learn. True Christianity is universal kinship. The words of Jesus Christ, as recorded in both canonical and non-canonical sources, will be used as our spiritual road map. In the early years, after the death of Jesus Christ, men created the Christian religion, and their creation has resulted in our modern Christian institutions. Unfortunately, we have inherited "churchianity." And true Christianity has yet to be discovered. "How the Churches Got It Wrong: Christianity Revealed" will be our spiritual journey to find the lost Gospel of Jesus Christ. It is our journey back home to our spiritual Garden of Eden. It will be our journey to discover the truth about uncon

The Modern Bachateros Julie A. Sellers, 2017-03-22 The guitar-based music known as bachata was born in the Dominican Republic in the early 1960s. Brought to the U.S. by Dominican migrants, it has continually developed to reflect the changing tastes of fans and musicians. Bachata became increasingly popular among younger Dominican Americans in the 1990s and 2000s. This generation of artists reshaped the music, blending multiple genres with Spanish and English lyrics to reflect their multicultural reality. In this book, 27 artists share their personal and collective insights into how modern bachata provides an intimate representation of what it means to be Dominican, Latino, multicultural, and bilingual in a transnational setting.
