**Mirror of the Soul** Tania M. DeVizia, 2015-07-08 Mirror of the Soul is a reference to the precious metal silver and its superior reflective abilities. Silver jewelry reflects one's personality and silver instruments, which render the purest tones, have the ability to reflect one's soul. Classical flutist Tania M. DeVizia uses her silver flute as a tool to connect with the divine and thus mirror her soul. In this book, she merges theology and science, time and eternity and hands-on healing with sound healing. She analyzes and reflects upon the five roles of Jesus when he walked this earth and describes the manner in which music and art mirror His roles of Good Shepherd, Healer and Miracle Worker, Carpenter and Stone Mason, Fisher of Men and Son of God. Her text reflects her quest for truth. She believes we have an innate desire to reflect the highest ideals of the Creator in all our works of art. The words on these pages mirror the soul of a flutist who enjoys listening, observing, analyzing, hearing, and sharing her insights with others.

**Andrew Marvell's Liminal Lyrics** Joan Faust, 2012-09-20 Andrew Marvell's Liminal Lyrics: The Space Between is an interdisciplinary study of the major lyric poems of seventeenth-century British metaphysical poet Andrew Marvell. The poet and his work have generally proven enigmatic to scholars because both refuse to fit into normal categories and expectations. This study invites Marvell readers to view the poet and some of his representative lyrics in the context of the anthropological concept of liminality as developed by Victor Turner and enriched by Arnold Van Gennep, Jacques Lacan, and other observers of the in-between aspects of experience. The approach differs from previous attempts to "explain" Marvell in that it allows multidisciplinary and multi-media contexts in a broad matrix of the areas of experience and representation that defy boundaries, that blur the line at which entrance becomes exit. This study acknowledges that the poems discussed, and, by implication, the entire corpus of Marvell's work and the life that produced it, derive from a refusal to draw a definite divide. In analyzing a small selection of Marvell's life and lyrics as explorations of various realms of liminality in word and image, readers can see a passageway to the poet's works that never really reaches a destination; instead, the unlimited possibilities of the journey remain. Thus, the in-between aspects of the poet and his poetry actually define his technique as well as his brilliance.

A Soul's Perspective Dwight Dale Miller,2020-09-22 You can accomplish anything you want in your life. You are SO much more than you may ever have believed, or thought possible. We all have incredible potential, but we get stuck when our early experiences create subconscious programs, limiting beliefs, self-judgments, and emotional triggers. All these things hold us back. We get stuck in negative patterning – in our relationships, work, finances – and in our life, in general. It's said that the subconscious occupies ninety-five percent of our mind, versus only five percent for the conscious part. So, which of the two do you think is holding you back from everything you want in your life? In A Soul's Perspective – How to Finally Heal and Transform Your Life, Dwight Dale Miller shares many of his crucial life events, the lessons he learned from them, and how he overcame their effects to transform his own life. As you read this perceptive book, you too will learn to see life from a soul's perspective. You'll gain insight into how powerful you truly are, how to access that power, and how your emotions and inner programs are holding you down. You'll learn why we attract certain experiences and patterns – and how we can break free of the ones that don't serve us. Most of all, you'll learn how life actually works. A Soul's Perspective – How to Finally Heal and Transform Your Life shows that as our awareness improves and we let go of everything that has been holding us back, we are finally able to heal, break free from patterns, manifest what we desire, live our purpose, feel healthy and vibrant, and – possibly for the first time ever – become more happy, joyful, and fulfilled.

**Terrible Sociability** Susan Winnett,1993-09-01 This is a book about the novel of manners or mondanté as a form. It examines how the customs, mores, and rules of personal intercourse allow novelists to write about precisely those aspects of human experience that are quite unmannerly. Readings of Laclos's Dangerous Liaisons, Goethe's Elective Affinities, and Henry James's The Golden Bowl show how each text addresses the manners organizing society in such a way as to engage the issues that most threaten the novel of manners itself. Because manners are ostensibly conservative, these works manifest a productive tension between their conventions of representation and overt ideological concerns on the one hand and their hidden agendas on the other. Winnett not only shows how each novelist uses a particular set of formal conventions to articulate a theme he would not have been able to treat directly, but also what it means to choose manners to represent concerns that manners would seem to proscribe.

*The Retrospective Muse* Froma I. Zeitlin,2023-12-15 *The Retrospective Muse* showcases the celebrated work of Froma I. Zeitlin. Over many decades, Zeitlin's innovative studies have changed the field of classics. Her instantly recognizable work brings together anthropology, gender studies, cultural studies, and an acute literary sensibility to open ancient texts and

ideas to new forms of understanding. A selection of her luminous essays on topics still timely today are collected for the first time in a volume that shows the full range and flair of her remarkable intellect. Together, these illuminating analyses show why Zeitlin's work on ancient Greek culture has had an enduring impact on scholars around the world, not just in classics but across multiple fields. From Homer to the Greek novel, from religion to erotics, from myth and ritual to theatrical performance, she expounds on some of the most important works of ancient writing and some of modernity's most significant critical questions. Zeitlin's writing still sheds light on the durable aspects of classics as a discipline, and this book encapsulates her achievement.

*Know Yourself* Ole Jakob Filtvedt, Jens Schröter, 2023-12-31 The book explores ancient interpretations and usages of the famous Delphic maxim "know yourself". The primary emphasis is on Jewish, Christian and Greco-Roman sources from the first four centuries CE. The individual contributions examine both direct quotations of the maxim as well as more distant echoes. Most of the sources included in the book have never previously been studied in any detail with a view to their use and interpretation of the Delphic maxim. Thus, the book contributes significantly to the origin and different interpretations of the maxim in antiquity as well as to its reception history in ancient philosophical and theological discourses. The chapters of the book are linked to each other by numerous cross-references which makes it possible to compare the different views of the maxim with each other. It also helps readers to notice relationships and trajectories within the material. The explorations of the relevant sources are also set in the context of ongoing debates about the shape and nature of ancient conceptions of self and self-knowledge. The book thus demonstrates the wide variety of philosophical and theological approaches in that the injunction to know oneself could be viewed and how these interpretations provide windows into ancient discourses about self and self-knowledge.
