Secrets of the World's Bestselling Writer: The Storytelling Techniques of Erle Stanley Gardner Francis L.

Fugate, 2014-10-20 All the hard-earned storytelling skills of Erle Stanley Gardner, creator of *Petty Mason* and still the world's biggest-selling writer, are revealed in this informative, entertaining, and instructive book. The authors clearly present and analyze all the elements of narrative-character, plot, conflict, and resolution-as Gardner used them. Numerous extraordinary charts, diagrams, and outlines makes his hard-earned technical skills available to the reader in practical and useful forms. This book is ideal for Gardner collectors and fans, and equally for students of writing at all levels-would be writers, neophytes, and even published authors-for it offers one of the most practical and professional courses ever in storytelling technique.

The Black Lizard Big Book of Black Mask Stories Otto Penzler, 2012-05-09 An unstoppable anthology of crime stories culled from *Black Mask* magazine the legendary publication that turned a pulp phenomenon into literary mainstream. *Black Mask* was the apotheosis of noir. It was the magazine where the first hardboiled detective story, which was written by Carroll John Daly appeared. It was the slum in which such American literary titans like Dashiell Hammett and Raymond Chandler got their start, and it was the home of stories with titles like "Murder Is Bad Luck," "Ten Carets of Lead," and "Drop Dead Twice." Collected here is best of the best, the hardest of the hardboiled, and the darkest of the dark of America's finest crime fiction. This masterpiece collection represents a high watermark of America's underbelly. Crime writing gets no better than this. Featuring • *Deadly Diamonds* • *Dancing Rats* • *A Prize Fighter Fighting for His Life* • *A Parrot that Wouldn't Talk* Including • Dashiell Hammett's *The Maltese Falcon* as it was originally published • Lester Dent's *Luck* in print for the first time

Mystery Classics on Film Ron Miller, 2017-02-20 Watching the screen version of a classic mystery novel can be

disappointing. By necessity or artistic license (or possibly just ego) changes are often made by the filmmakers--many of them ineffective or even detrimental. This book focuses on the screen adaptations of 65 famous mysteries and examines how the filmmakers either succeeded or failed in the telling of the story. Interviews with several famous mystery writers are included, with their comments on how filmmakers treated their work.

Famous Movie Detectives II Michael R. Pitts,1991-04 Pitts looks at the celluloid careers of more than three dozen sleuths, including Arsene Lupin, Hercule Poirot, Mike Hammer, Miss Jane Marple, Perry Mason, Philip Marlowe, The Shadow, Sherlock Holmes, and The Whistler, and a number of screen gumshoes with brief movie careers and TV detectives. Each chapter highlights a different detective, covering the character's films, the performers who played him or her, the character's image in other media (stage, radio, television, recordings, etc.), plus a detailed filmography and a bibliography of the fictional works about each detective. With additions and corrections to the base volume and scores of photographs.

The Black Lizard Big Book of Pulps Otto Penzler,2008-12-24 The biggest, the boldest, the most comprehensive collection of Pulp writing ever assembled. Weighing in at over a thousand pages, containing over forty-seven stories and two novels, this book is big baby, bigger and more powerful than a freight train—a bullet couldn't pass through it. Here are the best stories and every major writer who ever appeared in celebrated Pulps like Black Mask, Dime Detective, Detective Fiction Weekly, and more. These are the classic tales that created the genre and gave birth to hard-hitting detectives who smoke criminals like packs of cigarettes; sultry dames whose looks are as lethal as a dagger to the chest; and gin-soaked hideouts where conversations are just preludes to murder. This is crime fiction at its gritty best. Including: • Three stories by Raymond Chandler, Cornell Woolrich, Erle Stanley Gardner, and Dashiell Hammett. • Complete novels from Carroll John Daly, the man who invented the hard-boiled detective, and Fredrick Nebel, one of the masters of the form. • A never before published Dashiell Hammett story. • Every other major pulp writer of the time, including Paul Cain, Steve Fisher, James M. Cain, Horace McCoy, and many many more of whom you've probably never heard. • Three deadly sections—The Crimefighters, The Villains, and Dames—with three unstoppable introductions by Harlan Coben, Harlan Ellison, and Laura Lippman Featuring: • Plenty of reasons for murder, all of them good. • A kid so smart—he'll die of it. • A soft-hearted loan shark's legman learning—the hard way—never to buy a strange blonde a hamburger. • The uncanny "Moon Man" and his mad-money victims.

Perry Mason Thomas Leitch,2005-09-19 An exploration of the enduring popularity of the television series Perry Mason and its universal reputation as the most formulaic program in the history of broadcast television. Perry Mason was one of the most successful television programs from the 1950s and remains one of the most influential crime melodramas from any

period. The show's influence goes far beyond its nine-year tenure (1957–66), the millions of dollars it generated for its creators and for CBS, and the definitive identification it provided its star, Raymond Burr. Perry Mason has become a true piece of Americana, evolving through a formulaic approach that law professors continue to use today as a teaching tool. In his examination of Perry Mason, author Thomas Leitch looks at why this series has appealed to so many for so long and what the continued appeal tells us about Americans' attitudes toward lawyers and the law, then and now. Beginning with its roots in earlier detective fiction, stories of fictional attorneys, and the work of Erle Stanley Gardner (the show's creator), Leitch lays out the circumstances under which Perry Mason was conceived and marketed as a distinct franchise. The evolution of Perry Mason is charted here in an inclusive manner, discussing the show's broadcast history (ending with the series of two-hour telemovies that aired nearly twenty years after the original series ended) alongside its generic nature and place within popular culture, the show's ideological dynamic, and issues of authorship in the context of television. This concise study is an excellent tool for television and media scholars as well as fans of the Perry Mason series.

Perplexing Plots David Bordwell, 2023-01-17 Nominated, 2024 Edgar Allan Poe Award in the category of best critical/biographical, Mystery Writers of America Shortlisted, 2024 Agatha Awards - Best Mystery Nonfiction, Malice Domestic Posthumous Winner - 2023 IFCA Book Prize, International Crime Fiction Association Narrative innovation is typically seen as the domain of the avant-garde. However, techniques such as nonlinear timelines, multiple points of view, and unreliable narration have long been part of American popular culture. How did forms and styles once regarded as “difficult” become familiar to audiences? In *Perplexing Plots*, David Bordwell reveals how crime fiction, plays, and films made unconventional narrative mainstream. He shows that since the nineteenth century, detective stories and suspense thrillers have allowed ambitious storytellers to experiment with narrative. Tales of crime and mystery became a training ground where audiences learned to appreciate artifice. These genres demand a sophisticated awareness of storytelling conventions: they play games with narrative form and toy with audience expectations. Bordwell examines how writers and directors have pushed, pulled, and collaborated with their audiences to change popular storytelling. He explores the plot engineering of figures such as Raymond Chandler, Agatha Christie, Dashiell Hammett, Patricia Highsmith, Alfred Hitchcock, Dorothy Sayers, and Quentin Tarantino, and traces how mainstream storytellers and modernist experimenters influenced one another's work. A sweeping, kaleidoscopic account written in a lively, conversational style, *Perplexing Plots* offers an ambitious new understanding of how movies, literature, theater, and popular culture have evolved over the past century.

Literary Secretaries/Secretarial Culture Leah Price, 2017-05-15 Secretaries are the hidden technicians of much literary (and non-literary) writing; they also figure startlingly often as characters in modern literature, film, and even literary criticism. *Literary Secretaries/Secretarial Culture* brings together secretaries' role in the production (and, more surprisingly,

consumption) of modern culture with interpretations of their function in literature and film from Chaucer to Heidegger, by way of Dickens, Dracula, and Erle Stanley Gardner. These essays probe the relation of office practice to literary theory, asking what changes when literary texts represent, address, or acknowledge the human copyist or the mechanical writing machine. Topics range from copyright law to voice recognition software, from New Women to haunted typewriters and from the history of technology to the future of information management. Together, the essays will provide literary critics with a new angle on current debates about gender, labour, and the material text, as well as a window into the prehistory of our information age.

Encyclopedia of the American Novel Abby H. P. Werlock, 2015-04-22 Praise for the print edition: ... no other reference work on American fiction brings together such an array of authors and texts as this.

Mystery Fanfare Michael L. Cook, 1983 This work is a composite index of the complete runs of all mystery and detective fan magazines that have been published, through 1981. Added to it are indexes of many magazines of related nature. This includes magazines that are primarily oriented to boys' book collecting, the paperbacks, and the pulp magazine hero characters, since these all have a place in the mystery and detective genre.

Icons of Mystery and Crime Detection Mitzi M. Brunsdale, 2010-07-26 This book provides an introduction to 24 iconic figures, real and fictional, that have shaped the detective/mystery genre of popular literature. *Icons of Mystery and Crime Detection: From Sleuths to Superheroes* is an insightful look at one of our most popular and diverse fictional genres, providing a guided tour of mystery and crime writing by focusing on two dozen of the field's most enduring creations and creators. *Icons of Mystery and Crime Detection* spans the history of the detective story with series of critical entries on the field's most evocative names, from the originator of the form, Edgar Allan Poe, to its first popular running character, Sherlock Holmes; from the Golden Age of Sam Spade, Philip Marlowe, and Charlie Chan—in fiction and films—to small screen heroes, such as Columbo and Jessica Fletcher. Also included are other accomplished practitioners of the craft of mystery/crime storytelling, including Agatha Christie, Tony Hillerman, and Alfred Hitchcock.
