Warrior of the Wind Suyi Davies Okungbowa, 2023-11-21 From city streets where secrets are bartered for gold to forests teeming with fabled beasts, Suyi Davies Okungbowa's sweeping epic of forgotten magic and violent conquests continues in this richly drawn fantasy inspired by the pre-colonial empires of West Africa. There is no peace in the season of the Red Emperor. Traumatized by their escape from Bassa, Lilong and Danso have found safety in a vagabond colony on the edge of the emperor's control. But time is running out on their refuge. A new bounty makes every person a threat, and whispers of magic have roused those eager for their own power. Lilong is determined to return the Diwi—the ibor heirloom—to her people. It's the only way to keep it safe from Esheme's insatiable desire. The journey home will be long, filled with twists and treachery, unexpected allies and fabled enemies. But surviving the journey is the least of their problems. Something ancient and uncontrollable awakens. Trouble heads for Bassa, and the continent of Oon will need more than ibor to fix what's coming. Praise for *The Nameless Republic*: A thrilling, fantastical adventure that introduces a beguiling new world . . . and then rips apart everything you think you know.—S. A. Chakraborty An original and fascinating epic fantasy full of bold characters, bloody action, and brutal politics.”—James Islington *The Nameless Republic* *Son of the Storm* *Warrior of the Wind*

Neolithic Shamanism Raven Kaldera, Galina Krasskova, 2012-11-16 A step-by-step guide to working with the spirits of ancient northern Europe • Explains how to build relationships with Earth, Sun, Moon, Plants, Animals, Water, Fire, Craft, Air, and the Ancestors through 83 practical exercises • Explores the role of altered states in spirit work • Outlines the ancient cultural rules and taboos to avoid spiritual debt or offense We are all surrounded by spirits. Many people feel called to work with them, but few know where to begin. Enjoined by the gods and spirits to fulfill this need, Raven Kaldera and Galina Krasskova have reconstructed the indigenous spiritual traditions of northern Europe and Scandinavia extinguished more than one thousand years ago by the spread of Christianity. Arising from basic survival needs, these practical traditions are fundamentally tied to the elements found in the harsh world of the ancient North. Beginning with the skills tied to the Earth element, necessary for grounding prior to the more demanding aspects of the practice--working with Sun, Moon, Plants, Animals, Water, Fire, Craft, and Air--the authors explain, step by step, how to build relationships with each elemental spirit and the Ancestors. Offering 83 practical exercises, from cleansing with the Moon or borrowing the legs of Reindeer to making sacred space with Mugwort or creating an ancestor altar, they also explore building spirit relationships through altered states. Emphasizing the proper management of your spirit relationships to avoid spiritual debt or offense, the authors outline the ancient cultural rules and taboos that circumscribe these practices, essential knowledge for successful and fruitful spirit alliances. Detailing the beginning set of skills needed to work with the spirits of this ancient world, this comprehensive workbook offers a unique ancestral spiritual outlet for those of northern European descent as well as an accessible guide for anyone trying to fulfill their shamanic callings.

Does he succeed? This fantasy work targets a range of adult readers at many different stages in their own spiritual journey. Written in the tradition of JRR Tolkien and CS Lewis.
