

Le Piccole Virt Ginzburg

Teresa L. Picarazzi

Le piccole virtù Natalia Ginzburg, 1998 Nelle Piccole virtù Natalia Ginzburg raccolse in volume undici pezzi composti fra il 1944 e il 1962 e pubblicati via via su quotidiani e riviste. Muovendosi su un terreno che sta tra l'autobiografia, il saggio di costume e l'impegno pedagogico, l'autrice offre di se stessa e del mondo nel quale è vissuta un quadro sempre garbato e penetrante, dagli squarci di vita abruzzese relativi al periodo di confino con il marito Leone Ginzburg al desolato dopoguerra, dal ritratto dell'amico Pavese alle considerazioni sul proprio mestiere di scrittrice, fino al matrimonio con Gabriele Baldini.

Natalia Ginzburg Natalia Ginzburg, 2000-01-01 This collection brings together a variety of critical perspectives on Ginzburg's work for an English-speaking audience. What emerges is a nuanced and complex portrait of Ginzburg and her work.

The Little Virtues Natalia Ginzburg, 2016-09-13 "As far as the education of children is concerned," states Natalia Ginzburg in this collection of her finest and best-known short essays, "I think they should be taught not the little virtues but the great ones. Not thrift but generosity and an indifference to money; not caution but courage and a contempt for danger; not shrewdness but frankness and a love of truth; not tact but a love of one's neighbor and self-denial; not a desire for success but a desire to be and to know." Whether she writes of the loss of a friend, Cesare Pavese; or what is inexpugnable of World War II; or the Abruzzi, where she and her first husband lived in forced residence under Fascist rule; or the importance of silence in our society; or her vocation as a writer; or even a pair of worn-out shoes, Ginzburg brings to her reflections the wisdom of a survivor and the spare, wry, and poetically resonant style her readers have come to recognize. "A glowing light of modern Italian literature . . . Ginzburg's magic is the utter simplicity of her prose, suddenly illuminated by one word that makes a lightning streak of a plain phrase. . . . As direct and clean as if it were carved in stone, it yet speaks thoughts of the heart." —The New York Times Book Review

Le piccole virtù Natalia Ginzburg, 2012-10-23 Undici testi tra autobiografia e saggio. Undici modi di «sentire» fatti, cose, gesti, voci.

Antifascisms David Ward, 1996 This book is an in-depth analysis of three of the most crucial years in twentieth-century Italian history, the years 1943-46. After more than two decades of a Fascist regime and a disastrous war experience during which Italy changed sides, these years saw the laying of the political and cultural foundations for what has since become

known as Italy's First Republic. Drawing on texts from the literature, film, journalism, and political debate of the period, *Antifascisms* offers a thorough survey of the personalities and positions that informed the decisions taken in this crucial phase of modern Italian history.

Natalia Ginzburg's Global Legacies Stiliana Milkova Rousseva, Saskia Elizabeth Ziolkowski, 2024-06-18 Offering comparative and interdisciplinary approaches to Natalia Ginzburg, this volume situates Ginzburg's works within major critical discourses to articulate innovative readings and mobilize further lines of inquiry. The first section, "World Literature and World Making," uses translation practices, world literature, and transnational studies to theorize the growing popularity of Ginzburg. The second section, "Female Bodies, Voices, and Gazes," draws on gender and queer studies, speech act theory, intersectional feminism, and media studies to begin to address gaps in Ginzburg scholarship. The last section, "Identity, Topography, and Forms," approaches Ginzburg through the lenses of trauma studies, topography, novel and essay studies, and Jewish identity. Natalia Ginzburg's *Global Legacies* both makes available in English important Italian research and builds on significant international discourses. In bridging Italian and Anglophone scholarship, the volume engages students and scholars of Comparative and Italian literature, world literature, and women's writing, as well as general readers of Ginzburg.

Landscape Lab Fabio Bianconi, Marco Filippucci, 2019-01-05 This book explores the relationship between the sciences of representation and the strategy of landscape valorisation. The topic is connected to the theme of the image of the city, which is extended to the territory scale and applied to case studies in Italy's Umbria region, where the goal is to strike a dynamic

balance between cultural heritage and nature. The studies demonstrate how landscape represents an interpretive process of finding meaning, a product of the relationships between mankind and the places in which it lives. The work proceeds from the assumption that it is possible to describe these connections between environment, territory and landscape by applying the Vitruvian triad, composed of *Firmitas* (solidity), *Utilitas* (utility) and *Venustas* (beauty). The environment, the sum of the conditions that influence all life, represents the place's solidity, because it guarantees its survival. In turn, territory is connected to utility, and through its etymological meaning is linked to possession, to a domain; while landscape, as an "area perceived by people", expresses the search for beauty in a given place, the process of critically interpreting a vision.

Race and Narrative in Italian Women's Writing Since Unification Melissa Coburn, 2013-07-29 *Race as Narrative in Italian Women's Writing Since Unification* explores racist ideas and critiques of racism in four long narratives by female authors Grazia Deledda, Matilde Serao, Natalia Ginzburg, and Gabriella Ghermandi, who wrote in Italy after national unification. Starting from the premise that race is a political and socio-historical construction, Melissa Coburn makes the argument that race is also a narrative construction. This is true in that many narratives have contributed to the historical construction of the idea of race; it is also true in that the concept of race metaphorically reflects certain formal qualities of narration. Coburn demonstrates that at least four sets of qualities are common among narratives and central to the development of race discourse: intertextuality; the processes of characterization, plot, and tropes; the tension between the projections of individual, group, and universal identities; and the processes of identification and otherness. These four sets of qualities become organizing principles of the four sequential chapters, paralleling a sequential focus on the four different narrative authors. The juxtaposition of these close, contextualized readings demonstrates salient continuities and discontinuities within race discourse over the period examined, revealing subtleties in the historical record overlooked by previous studies.

Maternal Desire Teresa L. Picarazzi, 2002 She argues that Ginzburg adopted a distinct aesthetic by allowing her family stories to be narrated through a female narrating I. This volume focuses on the broad theme of the maternal by tracing the development of the voices of Ginzburg's narrating daughters, mothers, and sisters. Their texts read as auto/biographies; that is, they are narratives about both the self and the other.--BOOK JACKET.

Italian Literature since 1900 in English Translation 1929-2016 Robin Healey, 2019-03-07 Providing the most complete record possible of texts by Italian writers active after 1900, this annotated bibliography covers over 4,800 distinct editions of writings by some 1,700 Italian authors. Many entries are accompanied by useful notes that provide information on the authors, works, translators, and the reception of the translations. This book includes the works of Pirandello, Calvino, Eco, and more recently, Andrea Camilleri and Valerio Manfredi. Together with Robin Healey's *Italian Literature before 1900 in English Translation*, also published by University of Toronto Press in 2011, this volume makes comprehensive information on translations from Italian accessible for schools, libraries, and those interested in comparative literature.

Performing National Identity ,2008-01-01 National identity is not some naturally given or metaphysically sanctioned racial or territorial essence that only needs to be conceptualised or spelt out in discursive texts; it emerges from, takes shape in, and is constantly defined and redefined in individual and collective performances. It is in performances—ranging from the scenarios of everyday interactions to ‘cultural performances’ such as pageants, festivals, political manifestations or sports, to the artistic performances of music, dance, theatre, literature, the visual and culinary arts and more recent media—that cultural identity and a sense of nationhood are fashioned. National identity is not an essence one is born with but something acquired in and through performances. Particularly important here are intercultural performances and transactions, and that not only in a colonial and postcolonial dimension, where such performative aspects have already been considered, but also in inner-European transactions. ‘Englishness’ or ‘Britishness’ and Italianità, the subject of this anthology, are staged both within each culture and, more importantly, in joint performances of difference across cultural borders. Performing difference highlights differences that ‘make a difference’; it ‘draws a line’ between self and other—boundary lines that are, however, constantly being redrawn and renegotiated, and remain instable and shifting.

Prisoners of Hope Henry Stuart Hughes,1996-02 The eminent cultural historian H. Stuart Hughes examines the works of Italo Svevo, Alberto Moravia, Carlo Levi, Primo Levi, Natalia Ginzburg, and Giorgio Bassani--six Italian prose writers of Jewish or part-Jewish origin--and gracefully shows how these writers combine in various measures their ancestral Jewish heritage with recent experiences of antisemitic persecution.

Grazia Deledda's Eternal Adolescents Janice M. Kozma,2002 Throughout Deledda's novels, truncated maturity functions as a psychological undertow sucking down its sufferers and their loved ones to the depths of fictive drama.--BOOK JACKET.

The Freedom of Words Anna M. Borghi,2023-08-10 *The Freedom of Words* is for anyone interested in understanding the role of body and language in cognition and how humans developed the sophisticated ability to use abstract concepts like

'freedom' and 'thinking'. This volume adopts a transdisciplinary perspective, including philosophy, semiotics, psychology, and neuroscience, to show how language, as a tool, shapes our minds and influences our interaction with the physical and social environment. It develops a theory showing how abstract concepts in their different varieties enhance cognition and profoundly influence our social and affective life. It addresses how children learn such abstract concepts, details how they vary across languages and cultures, and outlines the link between abstractness and the capability to detect inner bodily signals. Overall, the book shows how words – abstract words in particular, because of their indeterminate and open character – grant us freedom.
