Los pliegues del linaje Ana Margarita Ramos, 2017-11-23 Las trayectorias históricas de los grupos parentales mapuche y tehuelche se entretajan en los procesos de memoria y olvido. Estos recuerdos y silencios, actualizados en prácticas, conversaciones, sitios, ceremonias y genealogías, conforman los pliegues del linaje. Desentrañar los modos en que las experiencias heredadas y vividas han troquelado las subjetividades es un modo de contar la historia desde marcos de interpretación alternativos a los oficiales. En la Patagonia argentina, donde transcurren los acontecimientos sobre los que trata este libro, las memorias y los olvidos se han ido reconstruyendo en los sucesivos e impuestos desplazamientos. Los pliegues del linaje es un estudio situado sobre nociones generales de memoria, parentesco, política, territorio y sentidos de pertenencia.

Ecosystem and Cultural Services Clara María Minaverry, Sebastián Valverde, 2021-09-27 This book describes cases and experiences in connection with environmental and cultural ecosystem services in Argentina. It contributes to the debate in connection with different approaches to analyse ecosystem services, focusing on the environment, the Law and social perspectives and concerns. Among the topics discussed are the implementation of the National Forests Act, the regulation and recognition of ecosystem services, the role of indigenous people, the policies in place for nature and forest conservation in different regions of Argentina. This book is one of the few research studies about cultural ecosystem services developed in Latin America and presents an attractive combination of the legal, environmental and social approaches and was written by an interdisciplinary team of academics who have theoretical and practical experience in this region where there is a valuable natural and cultural heritage.

Contemporary Perspectives on the Native Peoples of Pampa, Patagonia, and Tierra del Fuego Claudia Briones, José Luis Lanata, 2002-12-30 The regions and the people of the southern cone of South America have been identified as wild and at the edge of the world. This compilation of research by scholars, many of whom are members of the Argentine Academia, effectively summarizes the struggle of the Mapuche, Tehuelche, Rankuelche, and Selk'nam peoples for a continued sense of cultural identity distinct from the one of inferiority foisted upon them by Spanish conquerors centuries ago. The native peoples of Pampa, Patagonia, and Tierra del Fuego on Argentina's southern cone are shown to be a dynamic people whose remarkable resilience and cultural survival has led them to a place in contemporary politics. Research exploring important current issues such as nationism and interethnic relations is included. Chapters address the seizure of Indian lands by the Spanish, selective policies of inclusion and exclusion, ethnocide and paternalism. The atrocities and injustices committed against these peoples reflect the experience of indigenous peoples all over the world. However, even in the face of adversity, the Mapuche, Tehuelche, Rankuelche, and Selk'nam peoples have maintained a sense of cultural difference, and they play a vital role in the culture and politics of the region.
