Marianne Blom Brodersen

Ritual, Rapture and Rebellion Marianne Blom Brodersen, 2024-11-01 The Gitanos of el Rastro carry an 'ontology of simultaneity' as self-employed traders and Pentecostal practitioners in Madrid. This makes the Spanish Romani be considered as both a part of and apart from mainstream society. This book is an anthropological account of a group of middle and upper-class Gitanos and their ways of creating a 'society within society' based upon distinct cultural, moral and ideological values, notions and practices. The study renders a comprehensive perspective on social processes of classification, stratification, 'othering' and the role of 'strangers' in society and how these processes unfold in the interface between social, ritual and economic life on a local to global scale.

American Gitanos in Mexico City David Lagunas, 2023-08-21 This book provides a detailed and comprehensive description of the Gitano community of Mexico City. The ethnographic study showcases the interplay between cultural reproduction, economic reproduction, and the Gitano / non-Gitano opposition. The first part of the book discusses how the cultural identity of this community is reproduced based on migratory processes, social relations and the dynamics of kinship and gender roles to understand the contradiction between value systems and practices in a patriarchal society. In the second part, emphasis is placed on the economic dynamism of this group in its interactions with the majority society in the context of informal economy and the group's articulation with space and mobility in the territory. The analysis problematizes territorial mobility and circulation regimes based on fieldwork carried out in the process of active participation with Gitano families selling textile clothes and accessories through the country.

Ritual Revitalisation After Socialism László Fosztó, 2009 Although postsocialist Romania ranks as one of the most religious countries in Europe, the role of religion in public life is relatively little understood. This book investigates a village in Transylvania populated by members of two minority groups, Hungarians and Roma. Religion and ritual provide important resources for individuals and communities seeking to assert themselves publicly. The need for public affirmation among minorities is acute, but the forms of ritual they adopt differ. Some groups are more receptive to the revival of communal rituals and traditions, whereas for others revitalisation seems to be more effective when it is individually focused through conversion to Pentecostalism. The book demonstrates that, even within a small community, different segments may opt for divergent forms of religious and cultural revival. Whereas Calvinism relies on the affirmation of cultural values to mobilise the faithful, Pentecostalism advocates a new form of moral personhood which is particularly attractive to Roma.

Mapping Marriage Law in Spanish Gitano Communities Susan Drummond, 2011-11-01 Comparative law and legal anthropology have traditionally restricted themselves to their own fields of inquiry. Mapping Marriage Law in Spanish Gitano Communities turns this tendency on its head and investigates what happens when the voices of each discipline are invited to speak to each other. Susan Drummond forges this hybrid form of comparative work through small- and large-scale studies of Gitano marriage law as it emerges in a Western European state, in a modern urban centre, and in particular communities and families. Drummond's mapping of Gitano marriage law is grounded in ethnographic fieldwork in Andalucía. The study draws initially from the tradition of comparative law to focus on the emergence of Spanish state family law in a predominantly national and international context. Drummond then adopts the role of legal anthropologist to examine a particular legal culture that exists within, and also beyond, the Spanish state: that of the Gitanos and the transnational Roma. Ultimately, she brings the international, national, and cultural dimensions of law into play with one another and contemplates how all of these influences bear on the spirit of Andalusian Gitano marriage law. The result is an ethos of marriage law in a thoroughly mixed legal jurisdiction. Mapping Marriage Law in Spanish Gitano Communities will appeal to scholars and students in comparative law and legal anthropology, as well as readers interested in Roma studies in general, and the Gitanos in particular.

El Precio De Un Amor Gitano Ana Maria Paredes Fernandes,2020-05-01 Cuando Renzo Cappi y Lionela Karina se conocieron, se enamoraron perdidamente. Ella pertenecía a una familia acomodada; él era un gitano nómada que nada podía ofrecerle, solo su amor incondicional. Ella era todavía menor de edad, pero ambos soñaban con vivir juntos y felices para siempre en Luna Gitana el rancho que Renzo algún día compraría para ella. La familia de Lionela se opuso y los separó de la forma más vil y canalla, tratando de matar a Renzo, y enviándola a ella lejos... muy lejos. Ambos derraman lágrimas de sangre. Renzo casi se volvió loco sin saber nada de ella. Lionela se vio obligada a vivir una vida que no le pertenecía al suponerlo muerto...Pero, pasaron 18 años y Lionela regresó. ¿Será que Renzo la esperó? ¿Será que Lionela regresó sola? ¿Será que su amor había perdurado y sobrevivido a través de la distancia y el tiempo?

Vrajitoare - Magia Gitana Asamod ka,2022-07-18 En este libro presento 160 hechizos y, además, incluye signos (astrología gitana), rezos, amuletos de protección y dos métodos oraculares/dukking (consultar suerte usando los dados y una daga). La mayoría de hechizos son 100% gitanos, no elegí cantidad, sino calidad, podría llenar decenas de páginas con hechizos mal gitanos (siendo afrobrasileños de Umbanda con invocación de espíritus gitanos), pero no sería lo mismo. Elegí incluir hechizos 100% gitanos con invocaciones en romani, hechizos gitanos de la antigua Grecia, Rumania, Slavia, Rusia, entre otros. Grupos de espíritus gitanos y cómo invocarlos según la finalidad: amor, dinero, protección, videncia, ofrendas 160 hechizos 100% gitanos para el amor, protección, defensa contra la brujería, sexo, videncia, trabajo, salud, bienestar. Amuletos gitanos y astrología gitana (signos), dos métodos de adivinación (dukking).

Conocer el flamenco Juan Vergillos Gómez,2002 La intención de este libro es la de exponer de la forma más sencilla posible lo que hoy se conoce de este arte en sus tres manifestaciones: cante, toque y baile. El hecho flamenco en todas sus variedades está aquí presentado tratando de romper con posturas parciales o excluyentes desde el punto de vista racial o geográfico. Tomando el flamenco como un arte contemporáneo, aún con raíces milenarias, pero en permanente ebullición y con vocación universalista. Explicado de forma sencilla pero rigurosa, recurriendo a términos y conceptos concretos y comprobables, como el ritmo de los estilos, la versificación de las coplas o los datos históricos a los que podemos tener acceso;
